CERTIFICATION IN LIEU OF OATH

I. OWNER SECTION (to be completed if the applicant is the owner in fee)

I hereby certify that I am the owner in fee of the property listed on Page 1.

Mark the following applicable boxes:

- A. () I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

- B. () I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(e)1.vii:

I personally prepared the plans submitted for: 1) the new home referred to in A.; or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the property listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself and located on the property listed on Page 1.

- C. () I further certify that I will perform or supervise the following work:

C.1. () Building C.2. () Fire Protection

I further certify that I will perform the following work:

C.3. () Electrical C.4. () Plumbing

- D. () I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Signature  Date 3-18-92

II. AGENT SECTION

(to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:32-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

() Check if contractor.

Sequel II Quality Features

Special Ten-Year Limited Warranty on the Tank and Tank Cover

Hose adaptor fittings
with Santoprene®
"O" Ring for positive seal.

Single-barbed 1 1/2" hose adaptor
for positive hose seal

Color-coordinated hose
adaptor to aid assembly

Six position rotary valve: Filter,
Backwash, Recirculate, Pump-to-Waste,
Filter-to-Waste, Winterize.

See-thru waste port
with cap

Permanently encapsulated
filtering grid ends. No stitching,
no threads, no exposed ends for
longer life and less maintenance

V-Grid Design for balanced flow
during filter and backwash

Grid assembly base protects grids
while servicing.

20 Sq. Ft. of filtering area

16" (I.D.) injected molded tank

Recessed tank drain plug with screen.
No extension tubes or elbows to break off

Pool Power Pak® II – Program One™

A rugged, fully-programmable pump unit for today's busy families who want convenience and great filtration. Simply set the electronic time switch to program the filter cycles in advance!

- State-of-the-art L.E.D. (Light Emitting Diode) digital display
- Easy-to-read programing keys with "Tactile Feel," an embossed, snap-action, touch-sensitive pad for easy operation.
- Capabilities for multiple program options.
- Lexan keypad assembly for maximum durability.
- Conformal coating to insulate circuitry and provide water and vibration resistance.
- Protective, snap-lock cover to safeguard timer from weather elements and ultraviolet rays.
- Inductive load timer module custom matched to specifications of Pool Power Pak® II. Protects against electrical surges.
- Convenient MANUAL and CLEAR settings.
- Power surge protection.
- Complies with FCC rules for Class B consumer computing device.

Protective Motor Cover
can easily be removed for service

Pump seal insulator protects pump against extreme heat if pump runs dry

Thermally protected, highly efficient, cool operating motor for longer life

Stainless steel pump seal

Patented shaft sleeve design insulates motor shaft from water.

Strainer Assembly with Drain Plug

Anti-Syphon rotor significantly reduces back flow from pool when removing interlocking lid

Single-barbed 1½" Hose Connection

Winterizing drain plug

Vained diffuser housing equalizes internal forces to extend motor life

Precision balanced impeller for highest pumping efficiency and longer motor bearing life, *A Doughboy exclusive.*

Stainless Steel Hardware

Flow-thru air ventilation for cooler running motor

Motor is elevated 4 inches above ground in a high impact base

16 gauge outdoor electrical cord
25 foot cord (UL)
3 foot cord (NEC)

Doughboy Recreational is in no way affiliated with any professional pool installer. Therefore, Doughboy can assume no responsibility for errors in installation by the homeowner or said professional pool installer. If you have the pool installed by others, please supervise to be sure they comply with proper installation techniques as shown.

Doughboy Recreational • 10959 Jersey Blvd., Rancho Cucamonga, CA 91730

Sequel II™ with Pool Power Pak® II — Program One™

is a powerful, Diatomaceous Earth filtration system that makes it easy to program separate filter cycles throughout the day. This allows for more efficient filtering action by extending the backwashing intervals, the time between filter cleanings.

What's more, because the program times are based specifically on your family's individual needs, this high performance filtration system is ideal for conserving energy. With Sequel II, sparkling pool water is easily obtained with a minimal of effort.

grained valve
selector handle

Pressure gauge to indicate
when filter needs cleaning

Sant
Valve

Single-barbed 1½" hose
adaptor for positive hose seal

One piece tank cover and valve assembly
for convenient serviceability

Domed cover tank has ½"
thick flanges for strength

Santoprene® Tank "O" Ring
for positive seal

Tough, abrasion-resistant
A.B.S. construction

Curved tank bottom for
complete drainage

Complete hose hook-up and
stainless steel hardware

Reinforced filter base is
molded into tank

Change of Design: Doughboy Recreational expressly reserves the right to change or modify the design and construction of any product in due course of our manufacturing without incurring any obligation or liability to furnish or install such changes or modifications on products previously or subsequently sold.

Important! Misuse of your pool may result in crippling injury and/or swimming pool ladder to enter or exit your pool. It is your respon

TOWNSHIP OF BRICK

TYPES OF WORK THAT REQUIRE BUILDING PERMITS AND WHAT THE
REQUIREMENTS ARE FOR OBTAINING A BUILDING PERMIT

Please read this requirement list carefully. The applicant is completely responsible for submitting everything listed below. Failure to do so will result in the delay of your permit.

ADDITION: Submit two plot plans (see zoning below) showing the location of the addition with setbacks marked on the plot plan. Submit two sets of drawings consisting of cross section drawings showing all materials from footing to roof, and finished elevation view of the sides of the addition. If more than one room is involved, submit two floor plans. If plumbing is involved one application must be submitted by whoever is doing the plumbing. Electrical permits are obtained from Ocean County Electrical Bureau, 2 Mott Place, Toms River. If the plans are drawn by the homeowner, the owner signs each page and the owner section on the application.

ALTERATION: For inside changes, submit 2 copies of floor plan showing changes.

BULKHEADS: As of September 26, 1980, on man-made lagoons only, a permit from the State is an approval from the Army Corps of Engineers. This approval is required for a permit in Brick. On all other natural waterways such as Metedeconk River, Kettle Creek, etc. both State and Army permits are necessary. Submit two plot plans showing location of bulkhead and the bulkhead design sealed by an Engineer.

DECK: Two sets of plans showing how the deck will be built from the footing to the rails, what materials are going to be used, their size, and the depth of the footing. Also include two plot plans showing the location of the proposed deck and what the distance will be to the side and rear property lines.

ELECTRICAL: If there is Electrical work to be done a permit is to be obtained from the Ocean County Electrical Bureau in Toms River. The phone number is (908) 244-2121. IT IS THE OWNERS RESPONSIBILITY TO OBTAIN ELECTRICAL PERMITS. NO CERTIFICATES OF OCCUPANCY WILL BE ISSUED WITHOUT A FINAL ELECTRICAL APPROVAL.

FENCES: Submit one Plot plan showing the location of the fence by placing X's along the property line that the fence will be on.

FIREPLACE & WOOD STOVE: If masonry chimney is being built on outside of house, submit two plot plans showing location along with 2 copies of cross section of foundation, hearth and throat. A Wood burning stove should be installed according to manufacturers specifications.

PLUMBING: Submit 1 Plumbing Technical Section with the heatloss, gas pipe sizing and a isometric sketch. Also a list of any existing plumbing fixtures.

PORCH ENCLOSURES: If you live in a development with an Association you must first receive the Association's approval. Bring us a copy of the approval, submit 2 copies of cross section drawing showing how the porch will be constructed from the footing (if its not there already) to the roof, and what materials you will be using. Also submit 2 copies of the elevation view showing how the porch will be enclosed. Two plot plans showing location of porch and the distance to your property lines. Make sure you complete the Engineering Exemption Form.

ROOFING: Just fill out application form.

SHEDS: If you're building your own shed, submit 2 copies or cross section of materials materials being used and 2 plot plans showing the location of shed on property and the setbacks to the property lines. If a pre-fab shed just submit plot plan showing location and setbacks.

SIDING: Just fill out application form.

SWIMMING POOLS: Submit 2 plot plans showing location of swimming pool on the property and distance to the property line, 2 pool designs sealed, and a brochure on the filter system. Above Ground pools, submit brochure on pool and filter system, along with 2 plot plans showing location of pool on the property and the setbacks to the property line.

ZONING REQUIREMENTS FOR ADDITIONS AND NEW HOMES: All plot plans must show the required yard areas for the particular zone. All yard requirements are shown to the building line. The building line is a line formed by the intersection of a horizontal plane and a vertical plane that coincides with the most projected exterior surface of the building including eaves and overhangs.

All yard areas facing on a public street shall be considered a front yard and shall conform to the minimum front yard requirements for the particular area. The rear yard shall be deemed to be the area opposite the narrowest lot frontage and the remaining lot yard shall be determined to the side yard.
