After Construction

Net Gain or Loss

B. NON-RESIDENTIAL

1. State Specific Use:

2. Use Group:

3. Change in Use Group, Indicate Former:

CERTIFICATION IN LIEU OF OATH

I. OWNER SECTION (to be completed if the applicant is the owner in fee)

I hereby certify that I am the owner in fee of the property listed on Page 1.

Mark the following applicable boxes:

- A. ☐ I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

- B. ☐ I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(e)1.vii:

I personally prepared the plans submitted for: 1) the new home referred to in A.; or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the property listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself and located on the property listed on Page 1.

- C. ☐ I further certify that I will perform or supervise the following work:

C.1. ☐ Building C.2. ☐ Fire Protection

I further certify that I will perform the following work:

C.3. ☐ Electrical C.4. ☐ Plumbing

- D. ☐ I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Signature  Date 6-10-98

II. AGENT SECTION (to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the Uniform Construction Code, N.J.A.C. 5:32-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

ReGenX™ 550/700 Series
Grid Element D.E. Filter

HAYWARD®

Hydrogen, Oxygen and Hayward. The elements of clear water™

ReGenX™ Grid Element D.E. Filter

Not a care in the world.

You're quietly drifting atop a shimmering plane of crystal clear water. Relaxing. Washing away the pressures of the day. You gently close your eyes. You hear your children's voices from the other side of the pool. Sounds of pure enjoyment frame your mind — and your backyard. You smile to yourself.

As the sun caresses you in warmth, you can't help but notice how clear your pool water is. How shiny your water is. How polished it is. You not only feel refreshed. You feel regenerated.

ReGenX: The crystal clear choice.

You could have chosen any number of filtration systems for your above-ground pool. But you selected the ReGenX Grid Element D.E. system from Hayward. And you're glad that you did.

ReGenX provides you with the clearest water possible. The kind of water that actually feels like it has been meticulously polished to a fine and brilliant luster.

You also take pride in ReGenX's energy efficiency. Efficiency that allows you to enjoy your sparkling oasis, but without the price you'd think you would have to pay. And you marvel at how simple ReGenX is to operate. So you can do more of what you're doing right now. Relaxing.

The most superior cleaning defense against microscopic dirt and other impurities — diatomaceous earth filter powder and ReGenX's patent-pending grid element.

When the sunburst grid element is coated with diatomaceous earth filter powder (D.E.), it forms the most superior cleaning defense against dirt and other impurities. Removing microscopic dust and pollen as small as one micron — 100 times smaller than a grain of salt.

A sunburst of pure pleasure.

What makes the ReGenX filter system the smart choice of pool owners throughout the world? It all starts with its patent-pending sunburst grid design. A design that helps provide for first-time-through cleaning power. And total pool enjoyment.

When the sunburst grid element is coated with diatomaceous earth filter powder (D.E.), it forms the most superior cleaning defense against dirt and other impurities. Removing microscopic dust and pollen as small as one micron — 100 times smaller than a grain of salt.

Regeneration in a "snap".

Gradually, accumulated dirt will cause pressure to rise and flow to decrease — the time when conventional filters need backwashing. But not ReGenX.

Simply activate the exclusive piston knob at the top of the filter. As the piston moves up and down inside the filter, snap-action pulses of water are propelled against the sunburst grid, dislodging dirt and D.E. from the grid element.

When filtering resumes, the dirt and D.E. resettle on the grid, extending the use period of the D.E., while starting a new cleaning cycle.

ReGenX filters do not require backwashing. Just activate the piston knob to regenerate. The entire procedure takes less than a minute.

Model RG-700-75XES ReGenX System with Power-Flo™ high performance pump.

As the piston moves up and down, snap-action pulses of water are propelled against the sunburst grid, dislodging dirt and D.E. from the grid element.

When the dirt holding capacity of ReGenX has been reached, cleaning is simple. Just activate the piston knob, drain and recharge ReGenX with fresh D.E. It's that simple.

No backwashing necessary.

And since ReGenX cleans without backwashing, you'll save hundreds of gallons of treated pool water, and eliminate the problem of waste water disposal. While conserving your own energy as well.

Technology that understands user friendliness.

ReGenX is equally impressive on the outside as it is on the inside. Constructed of PermaGlass XL™, a durable, non-corrosive material, ReGenX will provide you with years and years of trouble-free operation. In fact, the ReGenX filter tank comes with a full ten year warranty.

Easy-Lok ring allows quick access to all internal components.

ReGenX's filter head can be freely rotated a full 360° making installation quick and simple. Plus, a unique Easy-Lok™ ring design allows easy access to the filter internals — with no tools required.

For added convenience, ReGenX features a safety catch which ensures a positive seal between the filter head and tank. It also prevents any unwanted entry into the filter.

Excellence backed by a heritage of leadership.

When you choose a ReGenX Grid Element DE filter system, you not only select superb technology, you also benefit from the knowledge and commitment that the industry's leading equipment manufacturer can provide. Only Hayward offers pool owners the compatibility of The Total Hayward System... a comprehensive, coordinated family of quality designed and crafted recirculation products.

Get Regenerized.

So relax. And enjoy your swimming pool to its fullest. With the ReGenX Grid Element DE filter series from Hayward. The logic is crystal clear.

ReGenX™ Grid Element D.E. Filter Series

RG-550 Series ReGenX System

Enjoy the benefits of crystal clear sparkling water for above-ground pools of all types and sizes. System come complete with:

- RG-550 ReGenX filter
- Power-Flo series high-performance pump
- Quick-connect union
- Modular platform base

RG-700 Series ReGenX System

A high-powered, high-capacity ReGenX system that is the ultimate in filtration for larger above-ground pools. System come complete with:

- RG-700 ReGenX filter
- Power-Flo series high-performance pump
- Quick-connect union
- Modular platform base

ReGenX filters are also available as individual units to custom design filtration requirements for new or existing pools. Choose the appropriate pump as well as system enhancing accessories, such as optional Hayward automatic pump timer and chlorine feeders.

Specifications

FILTER TYPE:	ReGenX Grid Element Extended-Cycle Diatomite
FILTER TANK:	Injection-Molded PermaGlass XL™
FILTER ELEMENT:	Reinforced Spun-Bonded Polypropylene Grid Element
FASTENINGS:	Easy-Lok™ Ring Assembly
PUMP AND MOTOR:	Power-Flo™ Series Pump — 115 volts
MOUNTING BASE:	Injection-Molded ABS

Performance Data

Model Number	Maximum Design Flow Rate	Turnover (In Gallons)	
		8 Hours	12 Hours
RG-550 Series	55 GPM	26,400	39,600
RG-700 Series	70 GPM	33,600	50,400

Energy Savings

For proper filtration of residential swimming pools, your filter system should provide a complete turnover of the pool water once every 12 hours. Because ReGenX filters are designed for high-efficiency, you may use the 8 hour turnover rate and save energy costs by operating the system less hours.

HOMEOWNER POOL CERTIFICATION

BLOCK 825 LOT 28-29-30

In accordance with N.J.A.C.5:23-2.23, no pool shall be used in whole or in part until a Certificate of Approval has been issued by the Construction Official.

I certify that I am the owner of the above referenced pool being built. I further certify that the pool will not be used in whole or in part until a permanent fence is installed and a Certificate of Approval has been issued by the Construction Official.

I have read the fence requirements listed below and understand them.

NOTARY PUBLIC OF NEW JERSEY

My Commission Expires March 12 1999

FENCE REQUIREMENTS

Barrier shall be a minimum of 48 inches above ground level. Openings shall not be greater than 4 inches for vertical balusters with horizontal concentrated load of 200 pounds applied on a 1-square foot area at any point of fence. Maximum mesh size for chain link fencing shall not exceed 1 1/4 inches square. Where the barrier is composed of horizontal and vertical members and the distance between the tops of the horizontal members is less than 45 inches, the horizontal members shall be located on the swimming pool side of the fence. Spacing between vertical members shall not exceed 1 3/4 inches in width.

Pedestrian gates shall open outward only, away from the pool, and shall be self-closing with a self-latching device. If the self-latching device is located less than 54 inches from the bottom of the gate, then the release mechanism shall be located on the pool side of the gate at least 3 inches below the top of the gate. The gate and the barrier shall not have an opening greater than 1/2 inch within 18 inches of the release mechanism. All doors leading to a pool without a barrier shall be alarmed. Deactivation touch pads or switches shall be alarmed. Deactivation touch pads or switches shall be located at least 54 inches above the threshold of the door.
