1. This warranty shall:

- (i) In the case of (a), extend for a period of 10 years from the installation of building panels or 10 years 6 months from the date of shipment from Seller's facility, whichever is the shorter.
- (ii) In the case of (b), extend for a period of 5 years from the installation of building panels or 5 years 6 months from the date of shipment from Seller's facility, whichever is the shorter. This warranty shall extend only to roofs having a slope of 1 to 12 pitch or more from the horizontal.

Any repaired, repainted or replaced sheet supplied in satisfaction of the liability under this warranty shall be subject to this warranty only for the remainder of the period applicable to the sheet originally purchased.

2. Buyer shall exercise diligence in inspection of material as received from Seller prior to utilization so as to mitigate expense involved in repairing, repainting, or replacing defective sheets.

3. Claims for all such defects must be made within the warranty period and within 30 days after Buyer discovered the defective sheet. Further, Buyer must promptly notify Seller of any claimed defect and must give Seller a reasonable opportunity to inspect the material.

4. Seller's liability for material failure under this warranty shall be limited to repair, repainting or replacement, excluding installation, of the defective sheets. Seller shall have the sole discretion to determine which method will be used to fulfill its obligation. In no event shall Seller's liability under this warranty exceed 20 cents per square foot of defective material.

5. This warranty is extended to Buyer as the original purchaser from Seller and is non-transferable and non-assignable. No rights against Seller shall be created by any transfer or assignment, nor shall any rights against Seller survive any transfer or assignment. Buyer or its agents or representatives shall not claim, represent or imply nor permit its customers, distributors, applicators or contractors to claim, represent or imply that this warranty extends or is available to parties other than Buyer, and to the limit of its legal right to do so Buyer shall cause any party to cease and desist of any such misrepresentation. This condition shall constitute a material term of this warranty and its violation by Buyer shall excuse Seller from its obligations hereunder.

6. No terms or conditions, other than those stated therein, and no agreement or understanding, oral or written, and no course of conduct or performance, in any way purporting to modify this warranty or to waive Seller's rights hereunder, shall be binding on Seller unless the same be clearly described in a writing that expressly refers to this warranty and expressly refers to having such effect upon this warranty and is signed by the authorized representative of Seller. Moreover, additional liabilities of or limitations upon the rights and remedies of Seller contained in such documents as purchase orders or order acknowledgements which may subsequently be exchanged between the parties shall have no force or effect upon this warranty. All proposals, negotiations and representations, if any, made prior to or with reference hereto are merged herein.

EXCEPT AS EXPRESSLY PROVIDED, HEREIN, SELLER MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND WITH RESPECT TO THE GOODS COVERED HEREBY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, NOR DOES SELLER MAKE ANY WARRANTY OR ASSUME ANY OBLIGATION WITH RESPECT TO THE VALIDITY OF ANY PATENTS, DESIGNS, COPYRIGHTS OR TRADEMARKS WHICH MAY COVER SUCH GOODS. THE CONDITIONS OF LIABILITY, RIGHTS, OBLIGATIONS AND REMEDIES OF THE PARTIES RELATING TO CLAIMS ARISING FROM DEFECTIVE GOODS SHALL BE GOVERNED EXCLUSIVELY BY THE TERMS HEREOF.

7. The law of the State of Alabama shall govern the rights and duties of the parties under this agreement.

Appendix A

For the purposes of determining whether an exposed sheet meets the standards set forth above, all chalk, dirt and other film deposits on the area of the sheet to be tested for color must be removed by washing prior to evaluation.

To wash the test area, use a pad of 28/24 mesh cheesecloth and distilled water and a mild detergent cleaner. Wet the cheesecloth thoroughly with the cleaning solution and rub it, using moderate hand pressure, over an area of the sheet approximately 4" x 4". Care must be taken to avoid any scratching, burnishing or other physical alteration of the coated surfaces.

After washing as described above, flush off the test area with distilled water and allow to air dry.
