To: [X] Owner [ ] Other:

[X] Agent/Contractor

ACTION

[ ] On _____, you were found to be in violation of the State Uniform Construction Code Act and Regulations promulgated thereunder. A **[ ] Notice of Violation and Order to Terminate, [ ] Notice of Unsafe Structure, [ ] Notice of Imminent Hazard** was issued. Reinspection of the work site on _____ revealed the following violation(s) remain:

Following an investigation, it is found that you have been occupying the space: prior to the issuance of a Certificate of Occupancy

[X] On 4/15/2014, you were found to be in violation of the State Uniform Construction Code Act and Regulations promulgated thereunder, in that you **[ ] made a false or misleading written statement, or omitted required required information in an application or request for approval; or [ ] failed to obtain a construction permit; or [ ] failed to request required inspections; or [X] allowed occupancy prior to receiving a certificate of occupancy.**

[ ] On _____, you were found to be in violation of the State Uniform Construction Code Act and Regulations promulgated thereunder. A **Stop Construction Order** was issued. Reinspection of the work site on _____ revealed a failure to comply with that **Stop Construction Order.**

PENALTY

Therefore, you are hereby ***ORDERED*** to pay a penalty in the amount of $2,000.00 for each violation for a total penalty of $2,000.00.

Further, take *NOTICE* that for each [ ] week [X] day that any of the said violations remain outstanding after 4/29/2014 an additional penalty of $2,000.00 per [ ] week [X] day shall result

If you wish to contest this ***ORDER,*** you may request a hearing before the Construction Board of Appeals of the County of Ocean within 15 days of receipt of this ***ORDER*** as provided by N.J.A.C. 5:23 A-2.1. The Application of the Construction Board of Appeals may be used for this purpose.

Your application for appeal must be in writing, setting forth your name and address, the address of the building or site in question, the permit number, the specific sections of the Regulations in question, and the extent and nature of your reliance on them. You may include a brief statement setting forth your position and the nature of the relief sought by you. You may also append any documents that you consider useful

The fee for an appeal is $100.00 and should be forwarded with your application to the Construction Board of Appeals Office at: CONSTRUCTION BOARD OF APPEALS
PO Box 2191 #5 Mott Place
Toms River, NJ 08754-2191

NOTICE AND ORDER OF PENALTY

Permit/Control #:
Date Issued: 4/15/2014
Violation #: V-14-00107

IDENTIFICATION

Work Site Location: 56 CHAMBERS BRIDGE RD. Glow Golf Ventures, LLC Brick Township, NJ

Block: 671 Lot: 1.01 Qualification Code: _____

Owner in Fee: FEDERAL REALTY INVESTMENT TRUST

Owner Address: 1626 EAST JEFFERSON ST ROCKVILLE MD 20852

Agent/Contractor: Glow Golf Ventures, LLC

Address: 7570 W. 21 St. Street Wichata KS 67205

To: [X] Owner [ ] Other:

[X] Agent/Contractor

ACTION

[ ] On _____, you were found to be in violation of the State Uniform Construction Code Act and Regulations promulgated thereunder. A **[ ] Notice of Violation and Order to Terminate, [ ] Notice of Unsafe Structure, [ ] Notice of Imminent Hazard** was issued. Reinspection of the work site on _____ revealed the following violation(s) remain:

Following an investigation, it is found that you have been occupying the space: prior to the issuance of a Certificate of Occupancy

[X] On 4/15/2014, you were found to be in violation of the State Uniform Construction Code Act and Regulations promulgated thereunder, in that you **[ ] made a false or misleading written statement, or omitted required required information in an application or request for approval; or [ ] failed to obtain a construction permit; or [ ] failed to request required inspections; or [X] allowed occupancy prior to receiving a certificate of occupancy.**

[ ] On _____, you were found to be in violation of the State Uniform Construction Code Act and Regulations promulgated thereunder. A **Stop Construction Order** was issued. Reinspection of the work site on _____ revealed a failure to comply with that **Stop Construction Order.**

PENALTY

Therefore, you are hereby ***ORDERED*** to pay a penalty in the amount of $2,000.00 for each violation for a total penalty of $2,000.00.

Further, take *NOTICE* that for each [ ] week [X] day that any of the said violations remain outstanding after 4/29/2014 an additional penalty of $2,000.00 per [ ] week [X] day shall result

If you wish to contest this ***ORDER,*** you may request a hearing before the Construction Board of Appeals of the County of Ocean within 15 days of receipt of this ***ORDER*** as provided by N.J.A.C. 5:23 A-2.1. The Application of the Construction Board of Appeals may be used for this purpose.

Your application for appeal must be in writing, setting forth your name and address, the address of the building or site in question, the permit number, the specific sections of the Regulations in question, and the extent and nature of your reliance on them. You may include a brief statement setting forth your position and the nature of the relief sought by you. You may also append any documents that you consider useful

The fee for an appeal is $100.00 and should be forwarded with your application to the Construction Board of Appeals Office at: CONSTRUCTION BOARD OF APPEALS
PO Box 2191 #5 Mott Place
Toms River, NJ 08754-2191

If you have any questions concerning this matter, please call: (732) 262-1030

REQUIRED INSPECTIONS

Construction work must be inspected in accordance with the State Uniform Construction Code Regulations N.J.A.C. 5:23-2.18. This agency will carry out such periodic inspections during the progress of work as are necessary to insure that the work installed conforms with the requirements of the Uniform Construction Code.

The owner or other responsible person in charge of work must notify this agency when work is ready for any required inspections specified below. Requests for inspections must be made at least 24 hours prior to the time the inspection is desired. Inspections will be performed within three business days of the time for which they are requested. The work must not proceed in a manner which will preclude the inspection until it has been made and approval granted.

☑ Required inspections for all subcodes for one- and two-family dwellings are as follows:

1. The bottom of footing trenches before placement of footings, except that in cases of pile foundations, inspections shall be made in accordance with the requirements of the building subcode.
2. Foundations and all walls up to grade level prior to back filling.
3. All structural framing, connections, wall and roof sheathing and insulation; electrical rough wiring, panel and service installation; rough plumbing. The framing inspection shall take place after the rough electrical and plumbing inspections and after the installation of the heating, ventilation and /or air conditioning duct system. The insulation inspection shall be performed after all other subcode rough inspections and prior to the installation of any interior finish material.
4. Installation of all finished materials, sealings of exterior joints, plumbing piping, trim and fixtures; electrical wiring, devices and fixtures; mechanical systems equipment.

Additional required inspections for all subcodes of construction, for other than one- and two-family dwellings, are fire suppression systems, heat producing devices and Barrier Free subcode accessibility, if applicable.

☐ Required special inspections. The applicant by accepting the permit will be deemed to have consented to these requirements:

☑ A final inspection is required for each applicable subcode area before a final Certificate of Occupancy or Approval may be issued. The final inspections include the installation of all interior and exterior finish materials, sealing of exterior joints, mechanical system and other required equipment; electrical wiring, devices and fixtures; plumbing pipes, trim and fixtures; tests required by any provision of the adopted subcodes, Barrier Free accessibility, if applicable; and verification of compliance with NJAC 5:23-3.5, "Posting structures".

☑ A complete copy of released plans must be kept on the job site.

If you do not understand any of this information, please ask.

BLACK MUSLIN ART WORK ON WALLS

ROSE BRAND

County of Hudson
State of New Jersey

NEW YORK CITY AFFIDAVIT OF FLAME RETARDANCY

We, the undersigned, being duly sworn, depose and say that we are in business in New York, New York, with headquarters in Secaucus, New Jersey and offices also in California.

This document is to certify that, in accordance with the *Rules of the Fire Department of the City of New York* (as specified by Title 3 of the Rules of the City of New York), section §805-01, sub-section (d), the material listed below was treated with a fire retardant chemical to meet or exceed the requirements of the NFPA 701 test standard.

The warranted period of effectiveness is three (3) year from the date of application. This certificate is valid for a period of three (3) years in accordance §805-01 (d)(2)(C) and may be renewed for three more years only by appropriate re-testing of the fabric.

Any washing of the treated materials will wash the treatment away. Any washing, cleaning or alteration of this material will void this certificate. Accumulations of air-borne dust and oils may also reduce the effectiveness of the flame-retardant treatment.

As an employee of Rose Brand, I have field-tested these fabrics described below. The fabrics were field-tested using standard methods as set forth in §805-01(c).

Purchaser's Name & Location: GLOW GOLF 7570 WEST 21 ST ST WICHITA, KS. 67205

For Use At: GREECE RIDGE MALL 271 GREECE CENTER DRIVE ROCHESTER NY. 14626

Location of Test: 4 Emerson Lane, Secaucus, NJ 07094

Date of Test and Affidavit: 1/31/2013 **Rose Brand order #:** 874144

Materials: 100 yards of 108" wide, 100% cotton, Black heavy weight Muslin

Sworn before me this 1st day of May 2013

ROSE BRAND

CERTIFICATE OF FLAME RESISTANCE

Rose Brand is in business in New York, New York, with headquarters in Secaucus, New Jersey and offices also in California.

The FR fabric described below has been treated with a flame retardant chemical such that the fabric meets the minimum requirements of flame resistance established by the following test:

- NFPA 701 (1989 ed.), small scale
- NFPA 701 (2004 ed.), test method #1
- California Administrative Code Title 19, Section 1237'
- CAN/ULS-S109-03 Canadian flame test for fabrics
- BS 5867- test 2 (part B)-1980 British Standard Specifications for Fabrics for Curtains and Draperies

The Fire Marshal of the State of California has registered this fabric as **#F-48901.**

The flame retardancy has an expected lifetime of at least three (3) years, but is likely to be effective for much longer. The flame retardancy will withstand up to three (3) dry cleanings or non-water washing processes. The flame retardant chemical WILL be removed by water washing. Wide fluctuations in atmospheric humidity as well as accumulations of airborne dust and oils will diminish the endurance and effectiveness of the flame retardant chemical.

Rose Brand recommends annual testing of this fabric using the NFPA 705 (1997 or later) Field Test Method for Textiles.

Purchaser's Name: GLOW GOLF

Rose Brand Order #: 874144 **Dated:** 1/31/2013

Fabric used: 100 yards of 108" wide, 100% cotton, Black heavy weight Muslin

Product Management Textile Auxiliaries
Tel.:(UK) +44 1606 818800
Fax :(UK) +44 1606 818801
Email: info@thor.uk.com

· **Emergency information:** Emergency phone number (24 h service): +49 6 21 60-4 33 33

2 Composition/Data on components

· **Chemical characterization**
· **Description:** Flame retardant based on ammonium salts of inorganic acids

· **Dangerous components:** None

3 Hazards identification

· **Hazard designation:** void
· **Information pertaining to particular dangers for man and environment** void

· **Classification system**
The product does not have to be classified and labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.

4 First aid measures

· **General information** No special measures required.
· **After inhalation** Supply fresh air; consult doctor in case of symptoms.
· **After skin contact** Wash immediately with plenty of water and soap and rinse thoroughly.
· **After eye contact** Rinse opened eye for several minutes under running water.
· **After swallowing** In case of persistent symptoms consult doctor.

5 Fire fighting measures

· **Suitable extinguishing agents**
Product is non combustible. Use fire fighting measures that suit the environment.
· **Unsuitable extinguishing agents for reasons of safety:** None

· **Special hazards caused by the material, its products of combustion or flue gases:**
Can be released in case of fire:
Nitrogen oxides (NOx)

(Contd. on page 2)

RIC

Material Safety Data Sheet
According to 2001/58/EC

Trade name: FLAMMENTIN HM

(Contd. of page 1)

Phosphoric oxides (PxOy)

· **Protective equipment:** Wear self-contained breathing apparatus.

6 Accidental release measures

· **Personal safety precautions:** Wear personal protective equipment.

· **Measures for environmental protection:**
Product may have a strong fertilising effect in waste water.

· **Measures for cleaning/collecting:**
Send for recovery or disposal in suitable containers.
Dispose of contaminated material as waste according to item 13.

7 Handling and storage

· **Handling**
· **Information for safe handling:** No special measures required.
· **Information about protection against explosion and fire:** No special measures required.

· **Storage**
· **Requirements to be met by storerooms and containers:** No special requirements.
· **Information about storage in a common storage facility:**
Do not store together with alkalis (caustic solutions).
· **Further information about storage conditions:**
Store in cool, dry conditions in well sealed containers.

8 Exposure controls and personal protection:

· **Additional information about design of technical systems:** No further data; see item 7.

· **Components with critical values that require monitoring at the workplace:** ?

· **Additional information:** Information valid at the time of review of safety data sheet.

· **Personal protective equipment**
· **General protective and hygienic measures** Use skin cream for skin protection.

· **Respiratory protection:**
Put on breathing equipment if dust develops.

Filter P1.

· **Protection of hands:**

Chemical protective gloves with CE-labelling.

After use of gloves apply skin-cleaning agents and skin cosmetics.
· **Material of gloves** Nitrile rubber, NBR

(Contd. on page 3)

Material Safety Data Sheet
According to 2001/58/EC

Trade name: FLAMMENTIN HM

(Contd. of page 2)

· **Eye protection:**

Hoder / temple spectacles with side protection.

· **Body protection:** Protective clothing.

9 Physical and chemical properties:

· **General information**

Form:	Solid
Colour:	White
Odour:	Odourless

· **Change in condition**

Melting point/Melting range:	not applicable
Boiling point/Boiling range:	not applicable

· **Flash point:** Not applicable

· **Self-inflammability:** Product is not self-igniting.

· **Danger of explosion:** Product is not explosive.

· **Density**

· **Settled apparent density at 20 °C** ca. 1 000 kg/m3

· **Solubility in / Miscibility with**
Water: Soluble

· **pH-value (100 g/l) at 20 °C:** 5.0 - 5.5

· **Solids content:** 100.0 %

10 Stability and reactivity

· **Conditions to be avoided:** No decomposition if used and stored according to specifications.
· **Minimum shelf life:**
24 months from production date, if stored dry and at a temperature of about 20 °C

· **Materials to be avoided:**
Strong oxidising agents
Alkalis

· **Dangerous reactions** Contact with alkali releases irritant gases

· **Dangerous products of decomposition:**
Irritant gases/vapours
Ammonia

11 Toxicological information

· **Acute toxicity:**
· **LD/LC50 values that are relevant for classification:** Product, oral: > 2000 mg/kg rat (calculated)

· **Primary irritant effect:**
· **on the skin:** No irritant effect
· **on the eye:** No irritant effect

(Contd. on page 4)

Material Safety Data Sheet
According to 2001/58/EC

Trade name: FLAMMENTIN HM

(Contd. of page 3)

· **Sensitization:** No sensitising effect known

12 Ecological information:

· **Information about elimination (persistence and degradability):**
· **Method** OECD 303
· **Degree of elimination:**
> 90 %
The product ingredients can be readily eliminated from the sewage.
· **Other information:**

The components contained are eliminated in biological waste water purification plants by biological means (nitrification/de-nitrification) and chemically (precipitation of phosphorus)

· **Behaviour in environmental systems:**
· **Components:** May lead to excess fertilising in water courses.

· **Ecotoxicological effects:**

· **Behaviour in sewage processing plants:**	
EC50	> 100 mg/l (Activated Sludge)

· **Remark:**
If contaminated effluent water is properly entered into the sewage system, any interference with the degrading activity of the activated sludge organisms is not expected.
· **Additional ecological information:**
· **nitrogen content: 27.9 %, established as N**
· **phosphorus content: 2.5 %, established as P**
· **AOX-indication:**
The product does not contain substances, which can influence the AOX of waste water.
· **The formulation contains the following heavy metals and compounds according to EC guideline NO. 76/464 EC:**
Due to its formulation, the product does not contain any heavy metals.

13 Disposal considerations

· **Product:**
· **Recommendation**
Contact manufacturer for recycling information.
Smaller quantities can be disposed of with household garbage.

· **Contaminated packaging:**
· **Recommendation:** Packaging can be reused or recycled after cleaning.
· **Recommended cleaning agent:** Water, if necessary with cleaning agent.

14 Transport information:

· **Land transport ADR/RID (cross-border/domestic):**
· **ADR/RID/ADG (Australia) Class:** -

· **Maritime transport IMDG/GGVSea:**
· **IMDG Class:** -

· **Air transport ICAO-TI and IATA-DGR:**
· **ICAO/IATA Class:** -

· **Transport/Additional information:** Not hazardous for transport according to a.m. regulations.

(Contd. on page 5)

Material Safety Data Sheet
According to 2001/58/EC

Trade name: FLAMMENTIN HM

(Contd. of page 4)

15 Regulatory information

· **Designation according to EC guidelines:**
The product is not subject to classification according to the calculation methods of the "General Classification Guideline for Preparations of the EC" 1999/45/EC.

· **National regulations**

· **Regulations which may apply in event of accident:**
Control of Major Accident Hazards (COMAH)
Not listed in the COMAH.

· **Water hazard class:** Water hazard class 1 (Self-assessment): slightly hazardous for water.

16 Other information:

This data is based on our present knowledge. However, it shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

· **Training hints**
Further information under the regulations of use can be taken from the Product Data Sheet.
Should you require any information regarding classification and registration of preparations containing this product please contact our Regulatory Affairs Department, Tel: +44(0)1606 818 800.

· **Department issuing data specification sheet:** Technical Department
· **Contact:** Albert Barber
· *** Data compared to the previous version altered.**

ROSE BRAND

CERTIFICATE OF FLAME RESISTANCE

Rose Brand is in business in New York, New York, with headquarters in Secaucus, New Jersey and offices also in California.

The FR fabric described below has been treated with a flame retardant chemical such that the fabric meets the minimum requirements of flame resistance established by the following test:

- NFPA 701 (1989 ed.), small scale
- NFPA 701 (2004 ed.), test method #1
- California Administrative Code Title 19, Section 1237'
- CAN/ULS-S109-03 Canadian flame test for fabrics
- BS 5867- test 2 (part B)-1980 British Standard Specifications for Fabrics for Curtains and Draperies

The Fire Marshal of the State of California has registered this fabric as **#F-48901**.

The flame retardancy has an expected lifetime of at least three (3) years, but is likely to be effective for much longer. The flame retardancy will withstand up to three (3) dry cleanings or non-water washing processes. The flame retardant chemical WILL be removed by water washing. Wide fluctuations in atmospheric humidity as well as accumulations of airborne dust and oils will diminish the endurance and effectiveness of the flame retardant chemical.

Rose Brand recommends ~~annual testing of this fabric using the NFPA 705 (1997 or later)~~ Field Test Method for Textiles.

Purchaser's Name: GLOW GOLF 7570 W 21ST WICHITA KS 67205

For Use At: BRICK PLAZA 56 CHAMBERBRIDGE BRICK NJ 08723

Rose Brand Order #: 874144 **Dated:** 1/31/2013

Fabric used: 100 yards of 108" wide, 100% cotton, Black heavy weight Muslin

Approved for use
4-11-14 MT

REQUIRED INSPECTIONS

Construction work must be inspected in accordance with the State Uniform Construction Code Regulations N.J.A.C. 5:23-2.18. This agency will carry out such periodic inspections during the progress of work as are necessary to insure that the work installed conforms with the requirements of the Uniform Construction Code.

The owner or other responsible person in charge of work must notify this agency when work is ready for any required inspections specified below. Requests for inspections must be made at least 24 hours prior to the time the inspection is desired. Inspections will be performed within three business days of the time for which they are requested. The work must not proceed in a manner which will preclude the inspection until it has been made and approval granted.

☑ Required inspections for all subcodes for one- and two-family dwellings are as follows:

1. The bottom of footing trenches before placement of footings, except that in cases of pile foundations, inspections shall be made in accordance with the requirements of the building subcode.
2. Foundations and all walls up to grade level prior to back filling.
3. All structural framing, connections, wall and roof sheathing and insulation; electrical rough wiring, panel and service installation; rough plumbing. The framing inspection shall take place after the rough electrical and plumbing inspections and after the installation of the heating, ventilation and /or air conditioning duct system. The insulation inspection shall be performed after all other subcode rough inspections and prior to the installation of any interior finish material.
4. Installation of all finished materials, sealings of exterior joints, plumbing piping, trim and fixtures; electrical wiring, devices and fixtures; mechanical systems equipment.

Additional required inspections for all subcodes of construction, for other than one- and two-family dwellings, are fire suppression systems, heat producing devices and Barrier Free subcode accessibility, if applicable.

☐ Required special inspections. The applicant by accepting the permit will be deemed to have consented to these requirements:

☑ A final inspection is required for each applicable subcode area before a final Certificate of Occupancy or Approval may be issued. The final inspections include the installation of all interior and exterior finish materials, sealing of exterior joints, mechanical system and other required equipment; electrical wiring, devices and fixtures; plumbing pipes, trim and fixtures; tests required by any provision of the adopted subcodes, Barrier Free accessibility, if applicable; and verification of compliance with NJAC 5:23-3.5, "Posting structures".

☑ A complete copy of released plans must be kept on the job site.

If you do not understand any of this information, please ask.

REQUIRED INSPECTIONS

Construction work must be inspected in accordance with the State Uniform Construction Code Regulations N.J.A.C. 5:23-2.18. This agency will carry out such periodic inspections during the progress of work as are necessary to insure that the work installed conforms with the requirements of the Uniform Construction Code.

The owner or other responsible person in charge of work must notify this agency when work is ready for any required inspections specified below. Requests for inspections must be made at least 24 hours prior to the time the inspection is desired. Inspections will be performed within three business days of the time for which they are requested. The work must not proceed in a manner which will preclude the inspection until it has been made and approval granted.

☑ Required inspections for all subcodes for one- and two-family dwellings are as follows:

1. The bottom of footing trenches before placement of footings, except that in cases of pile foundations, inspections shall be made in accordance with the requirements of the building subcode.
2. Foundations and all walls up to grade level prior to back filling.
3. All structural framing, connections, wall and roof sheathing and insulation; electrical rough wiring, panel and service installation; rough plumbing. The framing inspection shall take place after the rough electrical and plumbing inspections and after the installation of the heating, ventilation and /or air conditioning duct system. The insulation inspection shall be performed after all other subcode rough inspections and prior to the installation of any interior finish material.
4. Installation of all finished materials, sealings of exterior joints, plumbing piping, trim and fixtures; electrical wiring, devices and fixtures; mechanical systems equipment.

Additional required inspections for all subcodes of construction, for other than one- and two-family dwellings, are fire suppression systems, heat producing devices and Barrier Free subcode accessibility, if applicable.

03/11/14 12:37PM 001550#0506 SERV.007

BUILDING	$75.00
ELECTRIC	$40.00
PLUMBING	$50.00
FIRE	$65.00
DCA	$1.00
ZPA	$50.00
	$231.00

☐ Required special inspections. The applicant by accepting the permit will be deemed to have consented to these requirements:

☑ A final inspection is required for each applicable subcode area before a final Certificate of Occupancy or Approval may be issued. The final inspections include the installation of all interior and exterior finish materials, sealing of exterior joints, mechanical system and other required equipment; electrical wiring, devices and fixtures; plumbing pipes, trim and fixtures; tests required by any provision of the adopted subcodes, Barrier Free accessibility, if applicable; and verification of compliance with NJAC 5:23-3.5, "Posting structures".

☑ A complete copy of released plans must be kept on the job site.

CERTIFICATION IN LIEU OF OATH

I. OWNER SECTION (to be completed if the applicant is the owner in fee)

I hereby certify that I am the owner in fee of the property listed on Page 1.

Mark the following applicable boxes:

A. ( ) I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

B. ( ) I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(f)1.ix:

I personally prepared the plans submitted for: 1) the new home referred to in A.; or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the property listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself and located on the property listed on Page 1.

C. ( ) I further certify that I will perform or supervise the following work:
C.1. ( ) Building C.2. ( ) Fire Protection

I further certify that I will perform the following work:
C.3. (✓) Electrical C.4. ( ) Plumbing

D. (✓) I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Signature _____ Date _____

II. AGENT SECTION (to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

( ) Check if contractor.
