REQUIRED INSPECTIONS

Construction work must be inspected in accordance with the State Uniform Construction Code Regulations N.J.A.C. 5:23-2.18. This agency will carry out such periodic inspections during the progress of work as are necessary to insure that the work installed conforms with the requirements of the Uniform Construction Code.

The owner or other responsible person in charge of work must notify this agency when work is ready for any required inspections specified below. Requests for inspections must be made at least 24 hours prior to the time the inspection is desired. Inspections will be performed within three business days of the time for which they are requested. The work must not proceed in a manner which will preclude the inspection until it has been made and approval granted.

☐ Required inspections for all subcodes for one- and two-family dwellings are as follows:

- The bottom of footing trenches before placement of footings, except that in cases of pile foundations, inspections shall be made in accordance with the requirements of the building subcode.
- Foundations and all walls up to grade level prior to back filling.
- All structural framing, connections, wall and roof sheathing and insulation; electrical rough wiring, panel and service installation, rough plumbing. The framing inspection shall take place after the rough electrical and plumbing inspections and after the installation of the heating, ventilation and /or air conditioning duct system. The insulation inspection shall be performed after all other subcode rough inspections and prior to the installation of any interior finish material.
- Installation of all finished materials, sealings of exterior joints, plumbing piping, trim and fixtures; electrical wiring, devices and fixtures; mechanical systems equipment.

05/28/15 11:44AM 001558H1400

BUILDING \$180.00
ELECTRICAL \$40.00
FIRE \$45.00
DCA \$22.00
TOTAL \$287.00

Additional required inspections for all subcodes of construction, for other than one- and two-family dwellings, are fire suppression systems, heat producing devices and Barrier Free subcode accessibility, if applicable.

☐ Required special inspections. The applicant by accepting the permit will be deemed to have consented to these requirements:

☒ A final inspection is required for each applicable subcode area before a final Certificate of Occupancy or Approval may be issued. The final inspections include the installation of all interior and exterior finish materials, sealing of exterior joints, mechanical system and other required equipment; electrical wiring, devices and fixtures; plumbing pipes, trim and fixtures; tests required by any provision of the adopted subcodes, Barrier Free accessibility, if applicable; and verification of compliance with NJAC 5:23-3.5, "Posting structures".

☒ A complete copy of released plans must be kept on the job site.

If you do not understand any of this information, please ask.

CERTIFICATION IN LIEU OF OATH

I. OWNER SECTION (to be completed if the applicant is the owner in fee)

I hereby certify that I am the owner in fee of the property listed on Page 1.

Mark the following applicable boxes:

- A. ☐ I further certify that a new home (private residence) will be constructed on this property for my own use and occupancy. This dwelling is to be occupied by myself and is not to be used for any purpose other than single family residential use. I attest that all construction, plumbing, or electrical work will be done, in whole or in part, by me or by subcontractors under my supervision, in accordance with all applicable laws; and, I further acknowledge that said new home is not covered under the New Home Warranty and Builders Registration Act (N.J.S.A. 46:3B-1 et seq.) and that such fact shall be disclosed to any person purchasing this property within ten years of the date of issuance of a certificate of occupancy.

I UNDERSTAND THAT IN MARKING BOX A, I ACKNOWLEDGE THAT I AM ASSUMING RESPONSIBILITY FOR THE WORK DONE ON SAID PROPERTY, THE CONDITION OF THE PROPERTY PRIOR TO, DURING, AND AFTER ANY WORK PERFORMED, AND FOR THE PERFORMANCE OF THE SUBCONTRACTORS I HIRE, EMPLOY, OR OTHERWISE CONTRACT OR WITH WHOM I MAKE AGREEMENTS TO PERFORM WORK. I AM VOLUNTARILY AND KNOWINGLY ASSUMING THIS RESPONSIBILITY.

- B. ☐ I further certify the following as required by the New Jersey Uniform Construction Code, N.J.A.C. 5:23-2.15(f)1.ix:

I personally prepared the plans submitted for: 1) the new home referred to in A.; or, 2) an addition, alteration, renovation, or repair to an existing single family residence owned and occupied by myself and located on the property listed on Page 1; or, 3) a new structure that will be physically separate from, but that will be deemed part of, an existing single family residence that is owned and occupied by myself and located on the property listed on Page 1.

- C. ☐ I further certify that I will perform or supervise the following work:

C.1. ☐ Building C.2. ☐ Fire Protection

I further certify that I will perform the following work:

C.3. ☒ Electrical C.4. ☐ Plumbing

- D. ☐ I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I understand that if any of the above statements are willfully false, I am subject to punishment.

Signature  Date 2/17/12

II. AGENT SECTION (to be completed if the applicant is not the owner in fee)

I hereby certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(d): the proposed work is authorized by the owner in fee; and I have been authorized by the owner in fee to make this application as his agent.

I further certify the following as required by the Uniform Construction Code, N.J.A.C. 5:23-2.15(a)5: All required State, county, and local prior approvals have been given, including such certification as the construction official may require.

I agree to advise all contractors on this project that they are required to be registered with the New Jersey Division of Taxation and to comply with all New Jersey tax laws.

I understand that if any of the above statements are willfully false, I am subject to punishment.

☐ Check if contractor.

☒ Agent/Contractor

ACTION

- ☐ On _____, you were found to be in violation of the State Uniform Construction Code Act and Regulations promulgated thereunder. A ☐ **Notice of Violation and Order to Terminate**, ☐ **Notice of Unsafe Structure**, ☐ **Notice of Imminent Hazard** was issued. Reinspection of the work site on _____

revealed the following violation(s) remain:

Following an investigation, it is found that you have failed to get the required permit for the following work:
ALTERATIONS/WALK IN COOLER

- ☒ On 4/28/2015, you were found to be in violation of the State Uniform Construction Code Act and Regulations promulgated thereunder, in that you ☐ **made a false or misleading written statement, or omitted required required information in an application or request for approval; or** ☒ **failed to obtain a construction permit; or** ☐ **failed to request required inspections; or** ☐ **allowed occupancy prior to receiving a certificate of occupancy.**

- ☐ On _____, you were found to be in violation of the State Uniform Construction Code Act and Regulations promulgated thereunder. A **Stop Construction Order** was issued. Reinspection of the work site on _____ revealed a failure to comply with that **Stop Construction Order**.

PENALTY

Therefore, you are hereby **ORDERED** to pay a penalty in the amount of \$2,000.00 for each violation for a total penalty of \$2,000.00.

Further, take **NOTICE** that for each ☒ week ☐ day that any of the said violations remain outstanding after 5/13/2015 an additional penalty of \$2,000.00 per ☒ week ☐ day shall result

If you wish to contest this **ORDER**, you may request a hearing before the Construction Board of Appeals of the _____ County of Ocean _____ within 15 days of receipt of this **ORDER** as provided by N.J.A.C. 5:23 A-2.1. The Application of the Construction Board of Appeals may be used for this purpose.

Your application for appeal must be in writing, setting forth your name and address, the address of the building or site in question, the permit number, the specific sections of the Regulations in question, and the extent and nature of your reliance on them. You may include a brief statement setting forth your position and the nature of the relief sought by you. You may also append any documents that you consider useful

The fee for an appeal is \$100.00 and should be forwarded with your application to the Construction

Lisa Rose Tavalaccio

To: kwrenn@lviusa.com
Subject: Needed info

Hello,

This office received the cooler/freezer application for the Dollar Store in Brick Plaza. The application is incomplete and cannot be processed until all information is complete.

unit # 101 *The application requires a unit/space number for the Dollar Store. It is located in a strip mall.*

- A building tech needs to be completed for the installation of the cooler/freezer. Need Cost - 3/9/12*
- A plumbing tech needs to be completed by a licensed plumber fir the condensate drain. ~~NO~~ - self contained evaporation pan - OK - need brochure*
- The contractor/GC needs to complete the inside of the jacket application as the agent.*

Mail ins are accepted by this office but usually cause delay in processing for incompleteness. We suggest a representative come to this office to submit the required information so that it can be looked over by a clerk at the front counter.

*Thank you
Have a nice day!*

**Scope of Work
Material Specifications
Catalog Cut Sheets**

Fyr-Fyter Sales & Service, Inc.
Contract Number TM-2913
February 15, 2012

Scope of Work:

- Furnish and install sprinkler protection in the new walk-in refrigerator.
- Furnish and install sprinkler protection in the new walk-in freezer.

Supply for the new dry pendent sprinklers shall be taken from the existing 1" branch lines that are above the dropped ceiling.

Material Specifications

1. New sprinkler pipe shall be black steel pipe conforming to ASTM A795 as a minimum. New pipe shall be a minimum of schedule 40 wall thickness with threaded or cut groove ends. All pipe shall be FM approved for use in fire sprinkler systems and shall be manufactured by Wheatland Tube (a Division of JMC Steel Group), Bull Moose, or Allied Pipe and Tube.
2. Threaded fittings shall be cast iron black, 125# swp/175# wog conforming to ASTM A126 as a minimum. Threaded fittings shall be FM approved for use in fire sprinkler systems and shall be manufactured by Anvil International or Ward manufacturing.
3. Hangers shall be black steel with all thread rods. Some component parts may be zinc or cadmium plated in lieu of black steel. Hangers shall be FM approved for use in fire sprinkler systems and shall be manufactured by AFCON, Anvil International, Erico, PHD Manufacturing, Shurjoint Piping Products, Tyco Corporation, or Ward Manufacturing.

GLOBE

FIRE SPRINKLER CORPORATION

QUICK RESPONSE AUTOMATIC SPRINKLERS GL SERIES DRY TYPE

DESCRIPTION AND OPERATION

The Globe Quick Response GL Series Dry Type Pendent Sprinkler is designed for use in special applications such as freezing environments and conditions where sediment or foreign materials might accumulate in ordinary drop nipples.

The Globe Quick Response GL Series Dry Type Pendent Sprinkler utilizes a 3mm frangible glass ampule as the thermosensitive element. This provides sprinkler operation approximately six times faster than ordinary sprinklers. At the ampule's rated temperature, the sprinkler opens releasing the bulb seat, causing the inner tube assembly to move, allowing the spring assembly to pivot alongside the inner tube. At this time, water flows through the sprinkler and is distributed by the deflector in an approved discharge pattern. It can be installed wherever standard spray sprinklers are specified but offers the additional feature of greatly increased safety to life. Quick Response Sprinklers should be used advisedly and under the direction of approving authorities having jurisdiction.

The heart of Globe's Model GL Series sprinkler proven actuating assembly is a hermetically sealed frangible glass ampule that contains a precisely measured amount of fluid. When heat is absorbed, the liquid within the bulb expands increasing the internal pressure. At the prescribed temperature the internal pressure within the ampule exceeds the strength of the glass causing the glass to shatter. This results in water discharge which is distributed in an approved pattern.

TECHNICAL DATA

- See reverse side for Approvals and Specifications.
- Temperature Ratings - 135°F (57°C), 155°F (68°C), 175°F (79°C), 200°F (93°C), 286°F (141°C)
- Water Working Pressure Rating - 175 psi (12 Bars)
- Factory tested hydrostatically to 500 psi (34 Bars)
- Maximum low temperature glass bulb rating is -67°F (-55°C)
- Frame - bronze • Deflector - brass • Screw - brass • Bulb seat - brass • Spring - teflon coated nickel alloy • Retainer - brass
- Pin - stainless steel • Torsion spring - stainless steel • Bulb - glass with alcohol based solution, 3mm • Orifice insert - brass • 3/4" NPT or 1" NPT • Outer tube - galvanized steel pipe • Inner tube stainless steel

CROSS SECTIONS

IMPORTANT INSTALLATION DATA

Globe GL Series Dry Pendent sprinklers should be installed in accordance with the requirements set forth in NFPA 13. These sprinklers are to be installed using a pipe wrench applied to the outer tube. When this is not possible, the proper sprinkler head wrench may be used with extreme care for lengths up to approximately 18". Excessive force may distort the frame thus destroying the unit.

When installed in a wet system extending into a freezing area see chart on Dry Caution Sheet for minimum exposed barrel length to prevent ice plugs. Please refer to our Dry Caution sheet for further important installation data.

ORDERING INFORMATION

SPECIFY

- Quantity • Model Number • Style • Orifice
- Temperature • Finishes desired
- Quantity - Wrenches - P/N 333010
- Quantity - Recessed Wrenches - P/N 337014
- Quantity - Protective Caps - P/N 327109-cap (Friction Fit Recessed)
- Escutcheons desired
- "A" Dimension - Distance from face of fitting to the finished ceiling line regardless of escutcheon used.

GLOBE® PRODUCT WARRANTY

Globe agrees to repair or replace any of its own manufactured products found to be defective in material or workmanship for a period of one year from date of shipment.

For specific details of our warranty, please refer to Price List Terms and Conditions of Sale (Our Price List).
