Retired service at main;3/15/95

Dear Mr. Buelich:

Per your request, New Jersey Natural Gas Company has investigated the above referenced property for the presence of our natural gas facilities. The facilities (if any) have been permanently retired at the main, which may be in the road or behind the curb.

If you would like to have the gas service restored, you will need to contact one of our representatives at least six (6) weeks prior to the estimated reconnection date. This is necessary for us to obtain the permits required to restore service. The service will be installed in a straight line, perpendicular from the curb line to the meter location.
