Re: H.L. Green Store
Brick Plaza
Brick Township, Ocean County
Job #1070025.9099

Dear Mr. Cierzo;

Please be advised that the tightening of the various bolted connections of the truss system has been accomplished in a satisfactory manner; the intermediate support columns installed and the replacement truss and roofing installed.

The roof system with intermediate columns changes the bending moments from a single 60 ft. span of 5,940", Kips to 30 ft. continuous span of 990" Kips.

Enclosed is a photocopy of the roof elevations over the main sales area. A review of same indicates positive drainage and camber in the trusses. Based upon the preceeding I opine the reinforced trusses do not, at this juncture, pose a danger of failure to jeopardize public welfare and safety. I recommend routine inspection of the trusses to eliminate the previous occurrence.

Very truly yours,

Stephen S. Lockett
