change his conduct with the times.”**

- Niccolò Machiavelli

3/22/2016

Dear Review Committee,

AlphaDog Solutions (AlphaDog) is a New Jersey based municipal website design and content management company that specializes in 'Managed Municipal Websites' through our award winning PublicWebmaster™ service. We have been providing this unique service since 2005 and enjoy an unprecedented annual renewal rate among our 15 municipalities, 2 County offices and a host of boards, authorities and commissions throughout New Jersey.

Our municipal websites conform to all NJ State Best Practices requirements. As a result, two AlphaDog clients were recently ranked among the Top 50 Best Performing Municipal Websites in New Jersey according to the Monmouth University Study: *New Jersey E-Government: Best Practices for Municipal Websites*. AlphaDog even offers a 'Best Practices Guarantee' which covers all future best practices requirements throughout the term of your contract.

What sets AlphaDog apart from other municipal website vendors is the fact our work begins after your website launches as we act as your PublicWebmaster™ managing all daily content. Ensuring your website always has the most up to date content means that we work hard every day to earn your continued business. A "Managed Municipal Website" removes the responsibility of updating your website from municipal employees and volunteers. Rather, your municipality can rely on our team of content managers, graphic designers, web designers and programmers. This type of hands on service guarantees that your municipal website will never be outdated. While we guarantee all standard content update requests are made within hours, most requests are acknowledged and addressed within minutes. Beyond providing daily content management for your new website, we can also create and maintain Social Media accounts which meet all legal archiving requirements.

Please do not hesitate to ask if you have any questions or would like to schedule a formal multi-media demonstration.

Sincerely,

Michael A. Melham, President
AlphaDog Solutions, Inc.

Apples to Apples

When considering AlphaDog, understand we are offering a service that is incomparable to other municipal website design companies. Our proprietary approach includes various members of our staff acting as your PublicWebmaster, in essence, providing all of your daily content management.

The website you receive is a byproduct of our service, and not a stand-alone product. This is a distinction with a difference.

In order to competitively bid, you would need to find another company that operates under our unique business model. AlphaDog provides a new website in exchange for a nominal set up fee, then performs daily content management for a fixed monthly price (based on population) throughout the term of our contract.

We are not selling you a website and access to a content management system (CMS) in which municipal employees are asked to perform all website updates. Rather, we provide you with a customized website and highly skilled AlphaDog team members to perform all content management. This includes basic content requests, custom graphics, web design and programming.

Our distinguished and award winning service is unparalleled by every other municipal website design company, and thus, inherently difficult to perform an apples to apples comparison for bidding purposes.

MONMOUTH UNIVERSITY

Monmouth University

“Evidence from this project suggests that vendors who serve multiple clients produce the best performing websites.”

New Jersey E-Government: Best Practices for Municipal Websites (page 8)

AlphaDog clients recently ranked Top 50 Best Performing Websites in the State

“Outsourcing the daily management of our website allows us to have a current, state of the art municipal website without incurring the high personnel cost of performing the updates in-house

Francine Paserchia, Borough of Essex Fells

Daily Record

DAILYRECORD.COM

Township of Parsippany

Ranked top 5 municipal website out of 197 municipalities in 6 counties

“One of the better-looking sites we found, the home page is not only well designed but stuffed with much of the information a visitor would need at a glance.”

Daily Record, November 24, 2014

Why does the Borough of Wood-Ridge, NJ need a PublicWebmaster™?

It's very simple, because someone needs to be responsible for your municipality's day-to-day website and social media content. AlphaDog's PublicWebmaster™ service provides each client with their own, dedicated PublicWebmaster™ who is trained and experienced in managing public sector websites and communications

The alternatives are as follows:

- Hire or contract a part-time or full-time webmaster
- Find an employee with the necessary background
- Utilize the services of a volunteer or volunteers

Chances are, you've already tried at least one of the above. AlphaDog has been providing municipalities with web and social media services since 2004 and has an unprecedented annual renewal rate.

What Does A "Managed Municipal Website" Mean For the Borough of Wood-Ridge, NJ?

Modern websites require far more than someone 'who knows computers', they are a complex mixture of graphics, web coding, back-end programming, search engine optimization and responsive web design.

AlphaDog's unique PublicWebmaster™ service was designed for small to mid-sized municipalities who cannot afford in-house web and graphic professionals. Basically a one-stop shop for municipalities, AlphaDog employs all required content, graphic and web professionals to effectively and efficiently manage your municipal website and social media platforms.

Through the use of our easy to use ticketing system, most requests for website changes are completed within hours. All requests have the ability to be tracked and all email acknowledgements and confirmation include ticket number, as well as time / date stamp.

Our PublicWebmasters are responsible for all website updates, including but not limited to:

- Agendas, Minutes and Notices for all Meeting Types
- Financial Documents
- RFP's, RFQ's, Bid and Employment Notices
- Ordinances: Prior to codification, Proposed and Approved
- Community Calendar of Events/Meetings
- Posting News Stories
- Social Media Postings (Facebook & Twitter)
- Creation of Photo Galleries

**New Jersey Best Practices
2011 - Current**

Our municipal websites are 100% New Jersey Best Practices compliant. Furthermore, all customers receive a Best Practices Guarantee assuring compliance with future requirements.

*If the social media option is taken, social media archiving is mandatory.

AlphaDog can provide our PublicWebmaster™ service for around

9¢ Per Resident, Per Month

Prices quoted valid for 45 days

Security

The Content Manager for your site secures all updates and only ADS staff has access to them. The administrative function, which is the method used to manage all updates, requires a password to access and the page is encrypted.

Site Maintenance

All site maintenance is performed by our staff. All updates to layout and content are administered by our technical staff.

Help Desk Support

The Content Manager for your site is available to receive updates via email that can be posted usually within hours to the website. In addition, there is staff available by phone during normal business hours to assist Town personnel.

Hosting Site Information

We have consistently provided and proven that all of the public sector websites that we maintain have been available to residents 99.99% of the time. AlphaDog Solutions utilizes an exclusive relationship with a Tier One hosting facility for website hosting. All historical data is also maintained at this site such as previously posted agendas, minutes, budgets, etc. This company offers the security and peace of mind of automated nightly off-site backups and storage. These backups occur in separate power grids within multiple time zones to offer the broadest backup capability in case of power failures. This backup and disaster recovery capability is offered free of charge to our clients.

AlphaDog Solutions, Inc.

The PublicWebmaster™ service was developed in 2005 and currently enjoys an impressive 98% annual renewal rate among our government clients. Two of our municipal websites were recently ranked among the top 50 Best Performing Municipal Websites in New Jersey according to the Monmouth University Study: *New Jersey E-Government: Best Practices for Municipal Websites*.

We currently service fourteen (14) municipalities, three (3) municipal utility authorities, one (1) public library, one (1) police department, and one (1) County Clerk's office.

Michael Melham

Michael Melham has a BA in Communication from William Paterson University and currently is seeking his Master's (p/t) in Planning and Public Policy at Rutgers University. In 1997, Melham worked for Essex County and was one of the first government webmasters in the country.

In May 2000, at the age of 25, Melham was elected to the Belleville Township Council, where he served a four-year term. Serving as the Chairman of the Township's IT Committee, Melham was responsible for ushering Belleville into the information age.

Public CIO Magazine recently featured Melham, calling upon his vast experience and knowledge of local government and technology. The article quoted Melham with regard to the future of municipal websites. He has also been a featured author in NJ League of Municipalities Magazine.

Adding to his accolades and awards, in November of 2005, Melham was voted one of NJ BIZs Forty Rising Stars Under the Age of 40 and in 2010 Melham was honored to be a judge for the Pinnacle Awards presented by the National Association of Government Professionals at their annual conference in St. Louis.

Notice to Bidders

Summer Food Service Program

CITY OF UNION CITY
COUNTY OF HUDSON
STATE OF NEW JERSEY

Notice to Bidders
Summer Food Service Program - 2015

The City of Union City, an approved sponsor in the State of New Jersey, invites the submission of sealed bids for pre-packaged meals meeting program requirements as described in the bid specifications and the contract. Bids containing dual prices for one meal type that are tied to a sponsor's ultimate level of meals service will be rejected. Contractors submitting bids must be registered in the State of New Jersey to participate in the 2014 program. These meals are to be served to the children in the Summer Food Service Program. Delivery is to be made as per bid specifications. Bid Specifications may be obtained as of May 26th, 2015 from the office of the Municipal Clerk, 3715 Palisade Ave, Union City, New Jersey, 07087. Sealed bids clearly marked on the outside envelope, "Summer Food Service Program Bid", along with a sample lunch are to be received by 11:00 a.m. on June 9th, 2015 at which time all bids will be opened.

Bond Requirement

A bid bond in the amount of ten percent (10%) of the estimated total amount of the bid must accompany the bid. The bid bond must be from a company listed in the current Department of Treasury Circular 570, certified to do business in New Jersey. No other type of bid bond is acceptable.

Screenshots – Community Calendar and Meetings

The screenshot displays the City of Bayonne website. At the top is a navigation bar with links: Home, Elected Officials, Calendar, Forms, Featured Projects, Directory, Ordinances, Media Gallery, and Contact Us. Below the navigation bar is a header section featuring the City of Bayonne seal, the text "THE CITY OF BAYONNE NEW JERSEY", and a photograph of a lighthouse. The main content area is titled "Community Calendar" and shows a calendar for May 2015. The calendar lists various events, including meetings of the Historic Preservation Commission, Planning Board, Zoning Board, and others. A pop-up window titled "MEETINGS" is overlaid on the calendar, providing details for a meeting on 5/18/2015. The pop-up includes a disclaimer about the reliability of online postings, the date, event name, location, time, and a download link for the agenda. Below the calendar is a "Meeting Archives" section with a note that archived minutes are in Adobe Acrobat format. At the bottom, there are three tabs for "City Council", "Planning Board", and "Zoning Board", each with a list of meeting archives from January 2014 to April 2015.

The Township of
Lyndhurst
Established 1917

Contact Us

This website is designed as a forum for the Township and its visitors to disseminate general information and receive/answer general questions and concerns. A copy of all communication may be sent to the Township Clerk and disseminated to selected officials. This online form should not replace standard mail, certified mail or facsimile communication, as electronic delivery and receipt can not be guaranteed. Communication received may be considered public information. All requests for public information under the Open Public Records Act or common law must comply with applicable procedures. OPRA requests must be filed through the Office of the Township Clerk. The Clerk will provide paper work to be completed. An OPRA request form can be downloaded here.
