Good afternoon Ms. Maruca,

Thank you for the call yesterday. As a follow-up, we're going to see if and/or what we're able to recover. Once we do that, we'll put together a proposal for your approval, and then we'll go about recovering the rest. If we can not recover anything from the hard drives, we'll recommend a company that specializes in that. Please note, that company is very expensive, and I believe they expect payment whether they recover data or not. With that being said, I don't think they'll have an issue.

You'll be hearing from us soon, and thank you for entrusting ACSG with your critical needs.

Good afternoon all,

Unfortunately, we were unsuccessful in our attempt to recover data from the hard drives. I took the liberty of calling our contact at [Ontrack](#) to explain the situation. He sent us a shipping label, and they're doing free estimates now. Would you like us to ship them, have him contact you, or just return to you?

Warm regards,

Good afternoon Ms. Maruca,

Thank you for the call yesterday. As a follow-up, we're going to see if and/or what we're able to recover. Once we do that, we'll put together a proposal for your approval, and then we'll go about recovering the rest. If we can not recover anything from the hard drives, we'll recommend a company that specializes in that. Please note, that company is very expensive, and I believe they expect payment whether they recover data or not. With that being said, I don't think they'll have an issue.

You'll be hearing from us soon, and thank you for entrusting ACSG with your critical needs.

We are able to successfully recover the data from the 2 Western Digitals, so we'll retrieve that and transfer to an external drive. This should at least save you a couple of dollars. The remaining 12, will be shipped priority overnight. More information to follow...

Thanks James!

Tina, nice to meet you! Feel free to reach out to me with any questions you may have. You should be contacted no later than tomorrow by one of my sales reps to let you know the outcome of our free evaluation. We will email you over a quote for the job if it's recoverable, all you will need to do is approve the quote if you choose to and then once we complete the data recovery process we move all the files over to an external hard drive. We will need to initiate the payment once the data recovery process is complete and then we will ship everything back to at the address listed below! Let me know if you have any questions or concerns.

Thanks,

Good afternoon Tina,

I'm working on extracting the data from the physical hard drive onto an external USB Drive.

We are currently extracting the data from the 1st Disk and are about half way done. I'm hoping to have all data extracted by End of the day Wednesday.

Sincerely,

Chris Trawinski

Thank you for the call yesterday. As a follow-up, we're going to see if and/or what we're able to recover. Once we do that, we'll put together a proposal for your approval, and then we'll go about recovering the rest. If we can not recover anything from the hard drives, we'll recommend a company that specializes in that. Please note, that company is very expensive, and I believe they expect payment whether they recover data or not. With that being said, I don't think they'll have an issue.

You'll be hearing from us soon, and thank you for entrusting ACSG with your critical needs.

No problem will do. Apologies for not providing the estimate before moving forward; However, is this the same Daniel Dooley from Commercial Twp. Schools? If so, we'll work in a significant discount as a thank you for reaching out to us, as well as knowing that he can shoot the lights out of our Justin Jackson on the basketball court.

Mr. Morris, hope all has been well. Thank you too, for reaching out to us. Everyone have a happy Memorial Weekend!

Good afternoon Ms. Maruca,

Thank you for the call yesterday. As a follow-up, we're going to see if and/or what we're able to recover. Once we do that, we'll put together a proposal for your approval, and then we'll go about recovering the rest. If we can not recover anything from the hard drives, we'll recommend a company that specializes in that. Please note, that company is very expensive, and I believe they expect payment whether they recover data or not. With that being said, I don't think they'll have an issue.

You'll be hearing from us soon, and thank you for entrusting ACSG with your critical needs.

Good afternoon Ms. Maruca,

Thank you for the call yesterday. As a follow-up, we're going to see if and/or what we're able to recover. Once we do that, we'll put together a proposal for your approval, and then we'll go about recovering the rest. If we can not recover anything from the hard drives, we'll recommend a company that specializes in that. Please note, that company is very expensive, and I believe they expect payment whether they recover data or not. With that being said, I don't think they'll have an issue.

You'll be hearing from us soon, and thank you for entrusting ACSG with your critical needs.

Warm regards,

Hey James,

When looking into the order I see these notes from 6/10. We tried to follow up on 6/28 and left a VM but have not heard back. If they do not want to proceed then they would just need to let us know and we can send back everything. Hope this helps!

6-10 - tt Tina - explained had to use degraded drive, tested some files, most recent I could find, files tested worked... I quoted 4500.. she told me, they are not sure the needed data is on this server, but found these drives "in the back". I said let me know...

Good morning Mike,

Sorry I didn't get back to you sooner, I was able to identify the disks as Dell Hard Drives I had to get my hands on a server we marked for disposal and I got it back today.

Let me check with management how we can help you out and I will get back to you.

Sincerely,

Chris Trawinski
