Importance: High

Good afternoon, Mr. Carr:

Attached are documents regarding the school district's placement on the New Jersey Quality Single Accountability Continuum (NJQSAC) based on the last monitoring visit performed by county office staff. The school district did not satisfy at least 80% of the weighted indicators in one or more NJQSAC area, therefore, regulations require the district to create a district improvement plan (DIP) to address all noncompliant indicators. Attached are instructions for developing the DIP. **The deadline for submission of the DIP and accompanying board approval is November 10, 2025.**

N.J.A.C. 6A:30-5.2 Improvement activities for school districts that satisfy less than 80 percent of the weighted quality performance indicators in one or more components of school district effectiveness.

- School districts that satisfy less than 80 percent of the weighted quality performance indicators in one or more of the key components of school district effectiveness shall commence improvement activities as set forth at ***N.J.A.C. 6A:30-5.3*** through 5.7.

Please share these documents with your board members and appropriate staff. As a reminder, the school district is required to report its placement on the performance continuum at the next public school district board of education meeting. If you have any questions, or need further assistance, please contact your county office.

Best regards,

Mrs. Carla Spates
