145 Crash Description/Narrative

(CRASH WAS WITNESSED BY POLICE) There were minor injuries reported on scene. Driver of Vehicle 1 was unresponsive due to a suspected drug overdose. Naloxone was administered and ALS/BLS responded to evaluate the driver.

Observations: Upon arriving on scene, I observed the V1 stopped in the shoulder facing northbound in the southbound lane of traffic. The driver of V1 was leaning forward in the driver's seat and unresponsive. Multiple attempts were made to communicate with the driver before extrication methods were performed.

Driver 1 statement: The driver of V1 was unresponsive on scene and thus unable to provide an initial statement of the accident. When D1 regained consciousness, she was unable to remember the events leading up the accident.

Police Investigation: While attempting to extricate the driver of V1, she regained consciousness after Naloxone was administered. When D1 awoke, she took her foot off the brake pedal and pressed the gas pedal. V1 began to accelerate forward until colliding head on with a marked patrol vehicle located approximately 25 feet in front of V1. The driver of V1 was found to be driving while intoxicated and caused the accident.

The vehicle was removed from the roadway and held for impound by Rich's Automotive Specialties.

145 Crash Description/Narrative

(CRASH NOT WITNESSED BY POLICE) Minor injuries reported on scene. Multiple airbag deployments for Vehicle 2.

Police Observation - Upon arrival, I observed a White Nissan Rogue with heavy front end damage, pinned against a White Lexus E350 with heavy front passenger side damage. The Nissan Rogue had multiple combination airbag deployments. All passengers of both vehicles were safely outside of their vehicles, off to the side of the roadway.

Driver 1 Statement - The driver of Vehicle 1 stated he came to a full stop at the intersection of Orangeburgh Road and Old Tappan Road. The driver stated he proceeded to accelerate through the intersection before Vehicle 2 "came out of nowhere" and crashed into the passenger side of his vehicle.

Driver 2 Statement - The driver of Vehicle 2 stated he was driving West on Old Tappan Road when he crashed into vehicle 1. The driver stated that the accident occurred quickly and he could not remember what happened.

Police Investigation - Based on my observations, as well as the statements from both drivers, it can be concluded that the driver of V1 was at fault for the accident. The driver of V1 failed to yield the right of way to V2, which did not have a stop sign or red light traffic control present.

Old Tappan BLS responded to the scene and the driver of V1 refused medical attention. The driver, as well as the passenger, of V2 were transported to Pascack Valley Hospital for minor injuries. Both vehicles were disabled and towed from the scene by Rich's Automotive in Emerson, NJ.

V1 was traveling east on Old Tappan Road. V1 was making a left turn into the Bi-State Plaza entrance (216 Old Tappan Road) when V1 struck P1 who appeared on surveillance footage to cut across the grass/mulch of the curb to walk across the roadway (not on the sidewalk). According to V1, she immediately stopped her vehicle and attended to P1 who was lying on the ground with complaints of pain on her lower left side.

V1 stated the entrance was poorly lit and did not observe anyone crossing in the roadway.

P1 stated that she does not remember what happened, but remembers catapulting which caused her to flip over V1 and landed on her back.

BWC showed that the entrance to Bi State Plaza to be lit with street/parking lot lights currently on.

Bergen County EMS along with ALS arrived on scene.

Patrol was unable to determine if current damage to the Acura hood was due to P1 hitting the hood of V1.

Surveillance footage from Bi-State Plaza recorded the incident.

P1 was transported to Hackensack Meridian Health Pascack Valley Medical Center for further evaluation.

145. Crash Description/Narrative

(CRASH NOT WITNESSED BY POLICE) Patrols responded to a two vehicle motor vehicle crash with no injuries. There was no airbag deployment for either vehicle.

OBSERVATIONS - Upon arrival, I observed a Silver Jeep Compass in a parking space located in the Bank of America parking lot. The Jeep had minor damage along the passenger side of the vehicle. I observed a Gray Volkswagen Tiguan in an adjacent parking space, with minor driver side damage.

DRIVER 1 STATEMENT - The driver of V1 stated that she was driving in the middle lane on Old Tappan Rd when V2 was attempting to pass her vehicle on the right. The driver of V1 stated she was attempting to avoid the rut in the roadway and hit V2.

DRIVER 2 STATEMENT - The driver of V2 stated that she was driving in the furthest right lane on Old Tappan Rd when V1 attempted to merge from the middle lane to the right lane, without signaling, and side swiped her vehicle.

CONCLUSION - Based on my observations, as well as the statements of both drivers, it can be concluded that V1 caused the accident due to failing to make sure it was safe before attempting a lane change.

Other Descriptions

145. Crash Description/Narrative (CRASH NOT WITNESSED BY POLICE) Patrols were flagged down by an employee of a nearby business, who stated a small silver sedan drove off the roadway, crashing into a directional sign. The witness stated the vehicle continued to drive South on Central Ave. OBSERVATIONS - Upon arrival, patrols observed vehicle debris scattered along the side of the roadway. Patrols observed a County directional street sign laying prone on the ground. There were no vehicles present, however through the use of surveillance footage, patrols were able to identify the vehicle involved in the crash. DRIVER 1 STATEMENT - Police contacted the driver of vehicle 1 via phone and he confirmed that he was involved in an accident earlier that day. The driver stated he did not stop to report the accident due to being shaken up from the crash. CONCLUSION - Based on my observations, statements from both the driver and witnesses, and surveillance footage, it can be concluded that the accident was caused due to the driver's inattention which caused him to drive outside of the marked traffic lanes. The driver was issued a summons for 39:4-130 Failure to Report an Accident (E24000389) ***Other Descriptions*** 01 - DRIVER DROVE OFF ROADWAY - Field 118a

145. Crash Description/Narrative

V1 was stopped facing north at the intersection of Central Avenue and Old Tappan Road due to a red traffic signal. When the traffic signal turned green, V1 attempted to make a left turn onto Old Tappan Road as Pedestrian 1 (P1) and Witness 3 (W3) were walking across the intersection from North to South. P1 reportedly pushed the pedestrian signal and received the "WALK" signal prior to entering the crosswalk. As V1 was turning left, V1 struck P1 on the left side of her body, to which P1 then impacted the roadway and slid a short distance. P1 had a complaint of head pain, specifically stating pressure on the back of the head, and was transported to Hackensack Meridian Health Pascack Valley Medical Center.

Witness 1 (W1) stated that he did not see the lead up to the crash, but observed V1 strike P1 the near the middle of the crosswalk. W1 also stated that the pedestrian and her shoes went into the air but did not know exactly how P1 landed.

Witness 2 (W2) stated his vehicle was behind V1 at the red traffic light. W2 then stated that when the traffic signal turned green, he observed V1 attempt to make a left turn right away. W2 also stated that the pedestrians were in the crosswalk and he observed P1's legs go up in the air before landing on the hood and front bumper area.

P2 / Witness 3 (W3) stated they were in the crosswalk and the pedestrian walk sign was illuminated.

Driver of V1 reported no injuries. V1 had no visible damage.

145. Crash Description/Narrative

(CRASH NOT WITNESSED BY POLICE) Patrols were flagged down by a motorist stating someone had just been struck by a vehicle at the intersection of Central Ave and Old Tappan Rd. There were minor injuries to report on the scene.

OBSERVATIONS - Upon arrival, patrols observed three female juveniles standing on the side of the road near the intersection of Central Ave and Old Tappan Rd. Patrols observed a female juvenile with minor injuries to her right elbow, right knee, and right ankle. Patrols observed a silver Nissan Altima pulled over to the side of the road just inside Bi-State Plaza, in the area of Garden State News Convenience Store. The Nissan had scrapes and scuff marks along the driver-side door.

DRIVER 1 STATEMENT - Driver 1 stated he was in the left lane at the traffic light near the exit to Bi-State Plaza. D1 stated the light turned green and he proceeded to make a left-hand turn, when a female juvenile heading West came out of nowhere and crashed into his vehicle. D1 stated he pulled over immediately to check on the juvenile.

CYCLIST STATEMENT - The cyclist stated she was riding her bicycle home after meeting her friends at the Bi-State Plaza. The cyclist stated she rode her bicycle through the crosswalk when V1 crashed into her and knocked her off her bicycle. The cyclist stated she was wearing her helmet and did not hit her head, however her leg hurt.

WITNESS STATEMENT - A witness stated to patrols they observed V1 drive north on Central Ave into the Bi-State Plaza before striking a juvenile on a bicycle in the crosswalk.

CONCLUSION - After reviewing Bi-State Plaza's surveillance footage of the accident, I observed no vehicles in either lane exiting the Plaza during the time of the accident. At approximately 1512 hours, I observed the cyclist heading Eastbound on her bicycle through the crosswalk. I observed V1 traveling northbound on Central Ave, towards Bi-State Plaza, when the cyclist crashed into the driver-side door of V1. V1 had a green light prior to the collision, however failed to yield to the pedestrian that was already halfway through the crosswalk. The cyclist failed to wait until the traffic signal indicated it was safe to cross the roadway. It can be concluded that both parties were at fault for the collision.

145. Crash Description/Narrative

(CRASH NOT WITNESSED BY POLICE) There were no injuries to report on scene.

OBSERVATIONS - Upon patrols arrival, I observed a USPS mail truck carrier in the right shoulder with its hazards flashing. I observed a blue Ford Mustang in the right shoulder, in front of the USPS mail truck, with its rear passenger side still in contact with the front driver side bumper of the mail truck. There was no airbag deployment for either vehicle. All occupants of both vehicles were safely in the right shoulder with no injuries.

DRIVER 1 STATEMENT - The driver of vehicle 1 stated he was in the right shoulder delivering mail to a mailbox nearby. D1 stated he then pulled forward when vehicle 2 cut him off, causing a collision with V1's front bumper.

DRIVER 2 STATEMENT - The driver of vehicle 2 stated he was driving north on Washington Avenue South when he observed a mail truck carrier pulled over in the right shoulder. D2 stated he drove around the mail truck, and utilized his right signal before pulling over towards the right shoulder, just ahead of the mail truck. D2 stated that V1 then crashed into his vehicle from behind.

CONCLUSION - Based on both driver's statements, as well as my observations on scene, it can be concluded that D1 caused the accident by failing to check if the roadway was clear before re-entering the roadway.

145. Crash Description/Narrative

(CRASH NOT WITNESSED BY POLICE) There were no injuries to report on scene. There were no airbag deployments.

OBSERVATIONS - Upon patrols arrival, I observed two vehicles in the roadway, along with some debris from the accident. I observed a Gray Jeep Wrangler with moderate damage to the front bumper. In front of the Jeep, I observed a Blue Honda Pilot with moderate damage to the rear, specifically the bumper was detached from the vehicle.

DRIVER 1 STATEMENT - The driver of vehicle 1 stated "it all happened so fast" when providing a statement. D1 stated she was driving the speed limit when she thought it was possible a deer ran out into the roadway. D1 stated she was unable to stop in time before the collision occurred.

DRIVER 2 STATEMENT - The driver of vehicle 2 stated the vehicle in front of her was stopped in traffic due to a deer running across the roadway. D2 stated her vehicle came to a complete stop while she waited for the deer to cross. D2 stated a few moments later V1 crashed into her vehicle from behind.

CONCLUSION - Based on both driver's statements, as well as observations from the scene, it can be concluded that V1 caused the accident due to driver inattention. The driver of V1 failed to observe that traffic had come to a halt due to the animal in the roadway.
