Volunteer hours

2 messages

Andy Cogswell <acogswell@southriverrescue.com>
Sat, Aug 12, 2017, 11:32 PM

Did our hours change? Volunteers still take calls starting at 11, right? I'm at the squad for a call and the paid crew isn't here and I'm the only volunteer here.

William Synek <wsynek@southriverrescue.com>
Sun, Aug 13, 2017, 1:13 PM

Volunteer hours have not changed. Night crew is supposed to start at 11pm until 6am, and as a courtesy the volunteer crew is supposed to take any call that comes in from 11pm until midnight before the paid crew.

Yesterday and last Saturday

2 messages

Kyle Fleming <kfleming@southriverems.com>
To: Christina Lowe <director@southriverems.com>

Mon, Oct 31, 2016, 12:33 PM

Yesterday about at 9 o'clock in the morning October 30, 2016. Southriver having a event called the frost on the pumpkin 5K race. I noticed that it started at 9:30 AM and I noticed that a lot of the volunteers are still at the building sleeping. I asked my supervisor Christina Lowe if she knew of the volunteers are supposed to be taking part in the frost on the pumpkin standby as they have in several years in the past. She told me she was not sure if they were being involved this year and to ask dispatch. At that time I saw patrolman Keith Barry driving around and I asked him if he knew if the volunteers are supposed to be participating in this event today. He told me he was not sure and asked if they were inside and I did tell him yes they were asleep. Keith Barry did state that they have done this in the past and he is not understand why they wouldn't be doing it this year. Shortly after my conversation with the officer Keith Barry I received a phone call from dispatch asking if the volunteers are participating in the frost on the pumpkin event. I advised dispatch that me and my partner and I would standby at the building follow and the trailing runners to the end of the 5K race. At this point I also informed South River Police dispatch that I will get in contact with the captain and see if he's for taking in the event. I asked Patrick to her all those south of rescue squad captain what is his pleasure if you would like to pay Ems to handle the event today or if he's going to also have the volunteers per taking it. I called dispatch and told them that Southriver Ems was going to stand by the building and follow the trailing runners of the 5K race. Dispatch also informed me that they were going to put a stone for line from the volunteers are the contact communications. I could hear over the radio from the dispatch room that they were not happy that the volunteers were not present in there he were requesting that they be present at this event. Myself and my partner poem ambulance 547 out on the pad and begin the standby for the frost on the pumpkin race. About 10 minutes later the volunteers came out and pull units 548 with Pat And Rob, units 542 had Jeremiah and it did that by the name of Gabby, also present was Ambulance 544 which had a Edina and Javier. During the race emails 547 was requested go to Virginia and Georgia Street to follow the office of aging van. Ambulance 547 did fall the office of aging van for the remainder of the lease up until Carolina and foothills Drive as to when the chief of police took over following the last runner. Ambulance 547 return the Denny Stadium for staging and to be given the all clear by police. About 10 minutes after runners crossed the finish line. Ambulance 547 stayed on location until the last of the runners for cross the finish line and then shortly after cleared and return back to the station.

Note I know this does not have anything to do with the events are occurred yesterday. However I'd like to make it known that last Saturday was South River high school's homecoming football game. Which the volunteers not partake in the homecoming parade. While myself and my partner on a call about 1215 to 1220 in the afternoon patrolman Kline asked me on the side why did the volunteers not partake in the homecoming parade. I found that question be extremely difficult to answer and I also felt very embarrassed that the volunteers not take part in the parade and did not notify the paid EMS about the parade either. As long as I've been employed at Southriver him as a volunteers have always been taking part of town events and never blew them off I've noticed over the past few months a lot of events whether it be high school football games or just a simple parade.

An introduction and my goals

1 message

Andy Cogswell <acogswell@southriverrescue.com>
 To: "members@southriverrescue.com" <members@southriverrescue.com>

Hello everyone. As all of you should know by now, I was elected President for 2018. I know most of you know nothing about me. Since I joined the squad in 2008, I've mostly only ridden my duty night, and occasionally participated in other events and rode an extra night a couple times here and there. Therefore, I'd like to introduce myself and share a little bit of my background with you.

I first started volunteering in August 1986 at the age of 16 and I became an EMT in January 1987. After being a volunteer EMT for 5 years, I entered US Army Basic training in January 1992. While in the Army, my EMT card expired. Nine years after joining the Army, in 2001, I became an EMT again. I rode with two different first aid squads from 2001 until I moved to South River in 2008. In 2006, I was hired by the Brick Township Police Department as an EMT. I now have over 11 years on the job with Brick. Brick is quite different from South River. We average 25 calls a day and have 3 ambulances on duty during the daytime hours. Needless to say I have a wide range of experience when it comes to EMS calls due to my job in Brick.

Although I've never been a line officer or executive officer of a squad, I do have my share of leadership experience. In the Army I was an MP and as a Corporal and then as a Sergeant I was in charge of soldiers and I was a shift supervisor. Additionally, I am the Scoutmaster for South River's Boy Scout troop 83. Without much experience in scouting, I took the job of Scoutmaster and did everything I needed to learn the job and I like to think I've done well in a position I hadn't expected to have, much like the President position I now hold.

My goal for 2018 is to help the squad improve itself by improving communications, morale and reliability of the volunteers. My immediate goal will be to help strengthen our duty crew commitments. I understand some nights are being covered solely by our paid staff while other nights are split crews and some crews won't respond to calls until after midnight while other crews are going off duty before 6am. This is all unacceptable to me.

I have some ideas that I want to present to the squad at our first meeting that I hope will lead to us getting more of a commitment from our members. A longer term goal which I'd like to achieve by the end of 2018 is to build crews that are willing to ride every Saturday and Sunday evening from 6p - 11p, removing our dependency on the paid staff during those hours. I feel this is vital for the growth of our squad, as it will allow cadets and new adult members to spend time riding and learning from experienced volunteer members during a time that they are more likely to be available, on the weekends.

An even longer term goal, and one I'd be ecstatic to see achieved in 2018, would be to return the daily 6p - 11p time slot to the volunteers, with dedicated crews staffing the ambulances during those hours.

All of this can only be achieved through the cooperation of the line officers and the general membership. I hope I can count on you to do your part and help rebuild what we have left of the squad. Please make every effort to attend the first meeting of 2018, which should be January 4th. Remember, you get a call credit just

for coming to the meeting so you'll already be on your way to your 15 percent! I'll see you there! Feel free to contact me if you have any thoughts or questions.

We have a group project to work on, I'm trying to set a date for Wednesday from 4 - 8 PM. We would need confirmation of EVERYONES attendance . This project will be used in the battle to save the squad.

Please confirm if you are available next Wednesday May 23rd. .

respond ASAP.

Thank you.

Possible illegal activities taking part of the squad on the volunteer side

2 messages

Kyle Fleming <kfleming@southriverems.com>
Mon, Oct 31, 2016, 12:43 PM

To: Christina Lowe <director@southriverems.com>

Yesterday while my partner was outside smoking a cigarette with the volunteers at the frost on the pumpkin 5K race. I was sitting in the ambulance minding my own business being aware of my surroundings and also checking my email. My partner came back the truck after the volunteers left the frost on the pumpkin race and told me that The volunteers were drinking last night. My partner Brendan Amos told me that one of the cadets Gabby was intoxicated and was falling off of 548. How he found this out was a member by the name of the edina said to her how are you feeling. Also a another member by the name of Jeremiah said do you remember anything that occurred last night. Patrick did make a comment saying that she wanted to drink or night away to forget and boy did she do that. I told my partner that he needed to contact director Christina Lowe to them for more of what he was told. Later on that night Javier made a comment that he was drinking. When I asked him if he was drinking he immediately change the subject and said he was not. I told him that he needs to be honest and if there was anyone drinking my water they on the ambulance. He said no one that was drinking was on the ambulance. He said he only one that was drinking with Gabby and she did not step foot on the ambulance. I find this to be extremely inappropriate for the captain of the squad Patrick to make a comment that she wanted a drink or a night away and boy did she do that in the general public while outside in the public eye. I also find it extremely disturbing that they are allowing underage drinking to be taking part either off locations or at the squad and allowing them to come back to the building.

Any Questions please contact me

New observer policy

Matthew Parks <mparks@southriverrescue.com>
To: Member <Members@southriverrescue.com>

All,
The line officers have discussed a new policy that the observers will need to follow as well as the preceptors to those observers.
Observers in order to be able to go to EMT school you must be able to pass a rig check test, be able to add in basic patient information to EMS Charts mobile, and enter in all information to the IRS (kitchen computer). The test will be administered by a Line officer.
Preceptors your job is to train your observer and aid them in passing this test. Show them how to do a rig check, enter info in EMS charts mobile and add in all information to the IRS. Take pride in that your observer will be able to pass this test with out fail and move on to becoming an EMT and a vital member of this organization, if you have any questions please feel free to contact any line officer. A List of observer and preceptor will be published shortly.

Respectfully,

Matthew Parks,
1st Lieutenant
South River Rescue Squad

To Whom it may concern,

I would like to make you aware of a incident that happened last night around 2350 hours. Mr. Guzman was meeting with a perspective volunteer member. Mr. Guzman was looking for the keys and to unit 542 to go get food with a perspective volunteer member. Mr. Guzman did not find the keys and started asking where the keys to unit 542. Another volunteer member was already using 542 for South River Rescue Squad needs. Once Mr. Guzman realized unit 542 was missing he said to my partner Frem Ghooaray "I am going to kill you". Mr. Guzman began to run in a charging matter and tried to tackle him to the ground. My partner use self defense and protect himself and brought Mr. Guzman to the ground in a safe matter to avoid injury to himself or Mr. Guzman. All this happened in front of the prospective volunteer member.

If you have any questions or concerns please feel free to contact me.

Kyle Fleming <kfleming@southriverems.com>

Last night board member Javier Guzman was meeting with a perspective volunteer member. After he was done he went looking for the keys to 542 which he did not find. EMT Kyle H. Had taken 542 to which my partner and I did not tell Javier. When he realized 542 was missing he said I'm going to kill you and began charging towards me to tackle me. EMT Guzman made the first contact trying to get me on the ground. Then I proceeded to use self defense and protect myself by taking him to the ground and when he got on top of me I proceeded to put him in a headlock until he said we're good and to stop. All of this Happened in front of the new prospective member

Fwd: South River EMS and South River Rescue Squad - Non-functioning Agencies

Wed, Jun 21, 2017, 12:04 PM

Christina Lowe <director@southriverems.com>
To: Kyle Fleming <kfleming@southriverems.com>

----- Forwarded message -----

From: "William Synek" <wsynek@southriverems.com>
Date: Jun 21, 2017 12:00 PM

Subject: South River EMS and South River Rescue Squad - Non-functioning Agencies
To: "Patrick Geraldo" <PGeraldo@southriverems.com>, "Matthew Parks" <mparks@southriverems.com>, "Christopher Schiereck" <cschiereck@southriverems.com>, "Mark Delurey" <mdelurey@southriverems.com>, "Javier guzman" <jguzman@southriverems.com>, "Squad Captain" <captain@southriverems.com>
Cc: "Christina Lowe" <Director@southriverems.com>, "Richard Braslow" <braslowesqb@aol.com>

All:

Due to most of you refusing to do your jobs for most of this year, South River EMS and the South River Rescue Squad find themselves in the position of being non-functioning agencies.
Your refusal to attend required meetings (SREMS or SRRS) since March, and to sign vouchers or cut checks despite repeated requests to do so, makes it nearly impossible to pay our bills on time (if at all) or conduct business necessary to legally run a company. It is foolish shortsightedness to continue with what appears to be a year-long temper tantrum that is severely damaging both organizations.

Due to the situation we find ourselves in, I have contacted Richard Braslow as the attorney for both agencies. I have been advised that in addition to it being difficult to do business in this manner, it is illegal for us to even try, and steps need to be taken to either fix the problem or disband the agencies.

Our next regular meetings are scheduled for Thursday, 7/6. If we fail to have these meetings and take care of business, I will have no choice but to notify the Borough of South River and any other relevant authorities that South River EMS and the South River Rescue Squad no longer exist as viable agencies.

The choice is yours.

Regards,
Bill Synek
Assistant Captain, South River Rescue Squad
President, South River EMS

Chrissy,

I did the totals for February and March to date. The call totals that were handled by mutual aid BLS units are as follows:

February 6:00am - 6:00pm (5)
February 6:00pm - 6:00am (13)
February 6:00pm - 11:00pm (13)

March 6:00am - 6:00pm (5)
March 6:00pm - 6:00am (13)
March 6:00pm - 11:00pm (11)

If you need anything else, let us know.

Subject: RE: Cad Search

Christina,

That's fine. I will have Disp. Dehanes get that to you ASAP.

Also, I believe we need to meet regarding some of the EMS procedures. The SOPs we have here for the Squad are outdated and need to be revised. When you have a chance, please speak with Adam to set up a time frame for the meeting.

At the Public Safety meeting, we spoke about the SCA Holl Festival of Colors event to be held on Saturday at Grekoski Park. Do you know if you will have a crew on hand?

Subject: Cad Search

Chief,

I was Wondering if Adam did a Cad search looking for how many Rescue Squad calls were turned over between the hours of 6PM and 11PM from March 1st up until today. If he could do this that would be great. I'm just trying to see what the exact turnover rate is after the paid crew leaves. Thankyou so much!

On Friday 12/22/2017 I Attilio Aiello was scheduled to work the overnight shift 2345-0600 covering Eric Knapp, at 2330 I was met at the squad building by Edina and Ashley who advised me that there was a full volunteer crew covering tonight. At 2351 I advised Director Christina Sudo of the current situation, she advised to speak with Edina and Ashley to see what there wishes were. I spoke with Edina and Ashley who advised me it don't matter to them and gave me the option to either stay or leave. I advised the girls I would stay due to me being scheduled as Eric Knapp's coverage, the girls stated that was ok with them. I am writing this email to advise the appropriate supervisors of the situation that occurred at shift change.

Devoe Fire stand by

Kyle Fleming <kfleming@southriverems.com>
To: Christina Sudo <Director@southriverems.com>

Good Evening,

At around 2003 hours on May 17th 2018 SREMS was dispatched for a fire stand by at 63 Devoe Street request by Fire command. Upon arrival SR Fire Department was already on location and reported that they found a heavy smoke condition coming from the basement windows. Turns out it was a stove fire that SR Fire put out before 547 arrival. 547 staged in the area requested by fire command. Fire command reports that they will not need rehab and it was not requested. At around 2020 hours 501 got on the radio reported that he would be responding to the building and bringing the trailer. I advised 501 via Phone at 2021 hours that there is not additional man power requested and that rehab is not needed. I also advised 501 that fire was not on any air and did not have any lines connected and that where active and advised him that we have it under control. At about 2040 hours Rescue 5 arrived along with 545. The rescue squad member that attended where Patrick G, Edina S, Mathew P, Ashley V, Andrew C. 501 established EMS Branch. All EMS united where cleared by fire command at 2053 hours. Upon clearing the scene 545 was found to be extremely far distance away to the point of it being almost unusable being almost three blocks away. My concern over this entire event is that this is a complete miss use of units that had no need for their appearance on this scene rather would have made more sense to use the five members to stand by at the building to provide coverage for the town in the event of a second call using the two Ambulances that the building.

To: <Members@southriverrescue.com>

Hello,

This is a last request to find out who is riding with me tonight as I am covering for Christopher S.

If no one else is riding tonight, I'd rather not waste my time.

Thanks,

-Chris

If they didn't put a paid guy on, and then I'll cover. If they put paid on, I'm not going in.

Thanks,

Ashli

Good question I have no idea. I didn't have a partner last week and ended up turning over 3 calls and almost a 4th but someone from paid thankfully showed up early and was able to take the last call with me.

To: EMS Director
From: Kyle A. Fleming

During my shift on Sunday 04/13/2014 between the hours of 0830 and 0900 two of the South River Rescue squad members (Matt P) and (Evan). Had made some comments about two different subjects. When Jen and myself came in at 0745 to start our shift till 2000 hours. We both noticed a mess that was on the center table in crew room which had food boxes and drinks on the table. At that time Matt and another member where on a call and coming back from ER. Upon their arrival back at the building Jen and myself began a rig check on 547. Once complete I came back into the crew room. Matt had made a comment about how the center table in a mess and that "Paid crew is here and they should clean it". I had made no comment to what was said. Also soon after that comment by Matt P. another comment was made by Evan about how he is getting tired of get flagged by Chrissy for having charts open and not completed within the time frame. Please note that my partner was not in the crew room when Matt P and Evan brought these subjects up. Also please note that Dan Fox was there along with Katie but they did not say anything in those comments. I waited a few hours and told Jen when we were going to the first call about the comments that were made by Matt P and Evan. After the call Jen contacted Chrissy and informed her about the comments made by the two members Matt P and Evan. We then where told to contact Hank to also inform him about the comments made by the two members Matt P and Evan.

If you have any questions please feel free to contact me for anymore information if needed.

Thank You

Kyle A. Fleming

I was unable to print it from the building if need me to I can print it out at home and bring tomorrow to the class.

Special meeting, Tuesday, May 1st, 7:30pm

Andrew Cogswell <acogswell@southriverrescue.com>
To: Member <Members@southriverrescue.com>

Attention all members! We are calling a special meeting for Tuesday night, May 1st, at 7:30pm. To be discussed is the future of the South River Rescue Squad and the South River EMS Inc. The future of both entities are in danger due to actions by the borough.

I am asking that EVERY member attend this meeting. This is not a formal business meeting, but more of a get together to discuss what is happening. Please make every effort to be there. Lack of participation could further damage the future of our organization.

=====

Andy Cogswell, President
South River Rescue Squad
