Dear Meredith Riculfy,

Okay, but, the thing is... you still failed to fulfill my request. I very clearly requested that information. Its quite obvious you didn't even make an attempt. Perhaps this will give employees the weekend to shred and delete? This is an awfully strange and unprofessional way to handle an OPRA request, Meredith.

Yours sincerely,

Brian Schroeder

Are you sure that Mount Laurel Township doesn't have anymore of the records requested? It seems odd to claim there are no copies of crucial contracts, agreements, and other important paperwork.

Subject: OPRA Request – Inventory for Garage at 1027 Union Mill Road

Dear Mount Laurel Township,

Please accept this electronic request for public records made under OPRA and the common law right of access.

Records Requested:

I am requesting a list of inventory for the garage at 1027 Union Mill Road, Mount Laurel, NJ 08054. I previously requested an inventory for the garage or structure at 1029 Union Mill Road, but I want to ensure I am requesting the proper information. I apologize for any confusion, as the publicly available information about these lots is misleading and unclear.

If the structure is located at 1029 Union Mill Road and not 1027, I understand that no inventory list exists. If this is the case, I urge you to begin preparing one, as this is public property. The structure in question is locked and inaccessible to park visitors, with no signage indicating it being a restricted area.

In the absence of an inventory, I request that the combination for the door be provided in its place.

Thank you for your attention to this matter. I do appreciate your assistance, and I believe this platform is an ideal means of communication.

Sincerely,

Brian Schroeder

Dear Mount Laurel Township,

Please accept this electronic request for public records made under OPRA and the common law right of access.

Information requested -

Photographs taken by a employee named Ed from the MUA at approx 3:30 PM on December 10th, 2024. He did not give me his last name but he was wearing an official uniform of the Township's Municipal Utilities Authority. This interaction took place on public property in the woods behind the MUA building on Elbo Lane. Also requested: Ed's personal trail cam footage from December 9th and December 10th, 2024. He tends to this camera during work hours, so it is certainly of public interest. Lastly, I have this entire interaction recorded, if you would like a copy.

I received three OPRA requests from Meredith today. Since I didn't have access to the files, I couldn't respond today. I wanted to forward the requests to you because I am out tomorrow, and I know these are time sensitive.

I will send the other two requests in separate emails. Please let me know if I can help in any other way.

Flock is a license plate reader. We don't have any. Several PDs do. It would be a very valuable tool but at a cost.

George,

It would take about 40 hours or more to gather all the documents we can access. Several of the items are from NJDEP, County Clerk, and Environmental Commission. The cost to reproduce the maps and documents would run around \$5,000.00.

Thank you,
