Incident Report

On 9/18/22, I was dispatched to a motor vehicle accident on Rt 23 North and Highcrest Drive. Dispatch advised that the vehicle ran off the roadway and was up an embankment into a tree. It was unknown if there were any injuries.

Upon arrival, I located a vehicle up the embankment at the intersection of Highcrest Drive. A resident that stopped to help, advised me that the driver was attempting to drive the vehicle in reverse to leave and appeared to be intoxicated. It should be noted that the vehicle was disabled due to the crash and was located approximately 10 feet up the embankment. I approached the drivers side door and observed a male party, later identified as William Travers, to be in the drivers seat, attempting to operate the vehicle. I asked him to stop and to step out of the vehicle in which William complied. He appeared to be unsteady on his feet in which I had to assist him to prevent him from falling. I asked him if he was injured and if he needed medical attention in which he stated no. I asked him if there were any other occupants in the vehicle in which he stated no. I observed his eyes to be bloodshot, watery, and his eyelids to be droopy. While speaking with him, I could smell the odor consistent with an alcoholic beverage on his breath. Officer Connors, Officer Weber, and OIC Fulton arrived on scene.

Due to signs of impairment, Officers proceeded with SFST's. All forward facing emergency lights were deactivated prior to testing. Officer Connors asked William if he had any trouble walking, if he was diabetic, if had any medical issues or was on any medication in which he replied "no". Officer Connors conducted HGN. He advised that nystagmus was present but the test was not completed due to William moving his head after being instructed not to.

I then attempted to conduct the Walk and Turn test and One Leg Stand test. I instructed William on the starting position for the Walk and Turn Test. William could not properly perform the starting position after multiple attempts and having unsteady motor function. Due to William not complying with my instructions, Officer Connors took over testing. William started the Walk and Turn test and continually swayed, stepped off of the line multiple times, could not walk in a straight line, did not walk heel to toe, and did not count out loud during the duration of the test. William then attempted the One Leg Stand test in which testing was concluded due to William stating he would not attempt the test any further.

Based on the totality of the circumstances, clues from the Standardized Field Sobriety Tests, and my training and experience, William was placed under arrest for 39:4-50 Operating Under the Influence of Liquor or Drugs. William was searched and handcuffed prior to being put in the rear of the patrol car. While being searched an empty airplane bottle of "99" butterscotch liqueur was located in his pocket. He was then secured in the rear of my patrol car with his seat belt fastened. He was also advised that he is being audio and video recorded while in my patrol vehicle. EMS 48 arrived on scene to evaluate William due to the motor vehicle accident. William refused to be assessed by EMS and refused to sign the RMA form. He was then transported to Bloomingdale Police Department to submit for breath testing/Alcotest operation. Factory Autobody impounded the vehicle and removed it from the scene.

During William's 20 minute observation period, he asked me if he hurt anyone while driving. I advised him that he was involved in a single car MVA in West Milford. It should be noted that the vehicle was called in

Incident Report

originally in Butler by multiple witnesses. His vehicle was reported to have struck a Lexus in front of Anthony Franco's Pizzeria in Butler. Due to the calls coming in to West Milford dispatch, Butler was advised of our findings. One of the calling parties arrived on scene in which I obtained her information. Multiple callers advised that they witnessed the poor operation of the vehicle and multiple accidents (witness information in the CAD for reference). During the duration at Bloomingdale Police Department, William became agitated and argumentative toward Officers. It appeared that he was not sure why he was arrested and could not recall the initial encounter and motor vehicle crash.

William refused to provide samples of his breath for testing (see Bloomingdale Case #22-2327). He was then transported back to West Milford Police Department Headquarters for processing.

William was issued the following summonses:

1615E22002493 39:4-50 --- OPERATING UNDER INFLUENCE OF LIQUOR OR DRUGS
1615E22002496 39:4-50.4A --- REFUSAL TO SUBMIT TO CHEMICAL TEST, PENALTIES
1615E22002494 39:4-97 --- CARELESS DRIVING: LIKELY TO ENDANGER PERSON OR PROPERTY
1615E22002495 39:4-88 --- TRAFFIC ON MARKED LANES
1615E22002498 39:8-1 --- FAILURE TO HAVE INSPECTION
1615E22002497 39:3-72 --- TIRE EQUIPMENT

William was given a courtesy transport by Officer Weber to his residence at 14 Clover Road. His wife, Tracey Travers took ownership of William and signed the Potential Liability Form. He was advised up his upcoming court date on 9/29/22 at 12 pm.

My BWC was not reviewed prior to writing this report.

145. Crash Description/Narrative

V1 was traveling on Rt 23 North. At the intersection for Highcrest Drive, V1 exited the roadway right, drove up an embankment, and landed approximately 10 ft up the embankment into the tree line. D1 stated that he did not sustain any injuries. Due to the crash, an ambulance was dispatched but D1 refused medical attention.

V1 sustained disabling frond end damage and was removed/impounded by Factory Autobody. D1 determined to be under the influence of drugs or alcohol and was arrested for DWI 39:4-50.

118a: Impairment due to drugs or alcohol
