2017 03 08 Seney Meeting.pdf;

Council is blind copied.

Sometime in March or April, during a council meeting, I mentioned that I had had a meeting with Frank Seney (which he requested, not me) during which we discussed various issues/projects. Councilman Pettinelli jumped all over me, making a big "skandahl" (Russian for scandal,) claiming, "secret meetings," lack of transparency, etc. I promised to provide Council with the agenda for that meeting along with my notes. See attached. Please note that page 2 contains information I believe was not discussed with Frank at that meeting. I think I just used the back as scratch paper to work on something else.

I include it here because I don't want to be accused of trying to hide anything.
