Hello

I sending you a formal letter, as my brief conversation with you Joe, as of 2/24/26 I resign my seat on the Wallkill Valley school board.

I sign on originally to make a difference, but what occurred last night and has always occurs in executive and I don't see anything changing, I believe the only way things can change is if the State was to come in and take over, maybe than things will change.

I wish the board luck.
