Tara,

The 2023 salary and title public record you sent has missing information. For instance, Michelle Espada appears in the 2024 document but missing in 2023 document. I know she was working for the town so why is her information missing. Please provide a complete detailed document for the calendar year 2023.

You keep sending incomplete information, as I have reported back to you in my OPRA requests. You are licensed as the custodian of the records are you not?

Thank you

Good Morning,

On 2/29/24 as indicated in my prior email, you were provided with three documents, which were entitled, "2023 Salaries All," "2023 Salaries w OT (ALL)," and "2024 Salaries All." The screenshot you have provided is a screenshot of the document entitled "2023 Salaries w OT (ALL)." This document would not have Michelle Espada listed as this document only lists all employees that received overtime in 2023. The document entitled, "2023 Salaries All," as well as the document entitled "2024 Salaries All," both list Michelle Espada. In regards to your question concerning employees having the same salary in 2023 and 2024, that is correct as not all employees have received their annual increases due to contractual agreements.

Please note, OPRA requests are not meant for requesting information and or asking questions.

Again, this request is deemed complete and closed.
