NJASA Government Relations Special Meeting

When

Wednesday, April 30, 2025, 10:00 – 11:30 AM

Location

Virtual via Zoom

Description

We would like to invite you to a special Government Relations Committee virtual meeting on Wednesday, April 30 at 10:00 AM, featuring Hope Blackburn from the Busch Law Group.

As you may be aware, the proposed DCA special regulations are moving forward quickly, with a public input deadline of May 2. While the draft regulations formally recognize ESCs as cooperative purchasing entities, they also introduce significant new burdens on School Business Administrators and districts—ranging from complex reporting requirements and stricter procurement rules to the threat of suspension or debarment for noncompliance. The restrictions on cooperative contracts for construction-related work could also severely impact district operations, particularly during budget season.

To help us better understand the scope and implications of these proposed changes, Hope Blackburn will walk us through the details and answer questions about how districts might be affected.

We strongly encourage you—and your School Business Administrators—to join us for this important discussion.

Good morning Bob,
Just following up on this email—as discussed, we'd like to schedule a meeting to review the finishes for the Cafeteria Addition.
Would next week after the Bradley Gardens meeting on Tuesday, June 10th, or Thursday, June 12th at 10:00 AM work for you?
Please confirm which option works best.

Thanks,

SCASA Proudly Presents: Somerset Community of Practice Engagement [SCOPE] Hillsborough Visit

When

Monday, October 6, 2025, 9:00 AM – 12:30 PM

Location

Hillsborough High School Auditorium

Description

<p>We will be hosting a county SCOPE visit in Hillsborough- Plan on meeting at Hillsborough High School. The focus will be on technology and security. Please invite your district technology coordinator and security director.</p><p dir="ltr">Dear Colleagues,</p><p dir="ltr">We are excited to officially launch our new initiative, SCOPE. As you may recall from some of our meetings last school year, we explored how this approach can benefit all of us.</p><p dir="ltr">With that in mind, please find attached the first invitation for a site visit to Hillsborough on October 6, 2025. While we initially anticipated holding the first SCASA site visit at the end of September, the revised date will allow us to begin in October.</p><p dir="ltr">At this point, we simply ask that you:</p><li dir="ltr"><p dir="ltr">Save the Date</p><li dir="ltr"><p dir="ltr">Share this information with your Technology and Security personnel</p><li dir="ltr"><p dir="ltr">Plan for approximately three representatives per district to attend the site visits</p><p dir="ltr">You'll also find the SCOPE philosophy outlined below, along with the attached invitation. I may follow up with an Evite reminder as the date approaches.</p><p dir="ltr">Thank you, and we look forward to your participation.</p><p dir="ltr">-----</p><p dir="ltr">Philosophy: The goal is to take a collaborative approach through visiting districts that implement a range of educational programs (such as biliteracy/dual language immersion, alternative high school, restorative practices, etc.) to gain a deeper understanding of these programs, observe best practices, and foster a collaborative learning environment between districts.</p><p dir="ltr">Purpose:</p><li dir="ltr"><p dir="ltr">Gain insights into effective educational practices</p><li dir="ltr"><p dir="ltr">Identify and share successful strategies</p><li dir="ltr"><p dir="ltr">Foster collaboration between districts</p><li dir="ltr"><p dir="ltr">Learn about challenges and solutions for specific programs (e.g., dual language immersion, restorative practices, etc.)</p><p dir="ltr">Gain Understanding: The visits aim to provide a deeper understanding of how these programs operate and their impact on student success.</p><p dir="ltr">Share Best Practices: Through collaboration, districts can share, highlight, and implement strategies that lead to improved outcomes.</p><p dir="ltr">Collaborative Approach: Encourage a culture of mutual support and shared learning across districts based on a multitude of practices.</p><p dir="ltr">Highlight Best Practices: Each visit will focus on identifying best practices that can be shared and replicated in other districts.</p><p dir="ltr">Here is our running Google Doc for SCOPE:</p><p dir="ltr">https://docs.google.com/document/d/1r-zoZBeHdEpBJW1Le214NLP0OnkAGcZdWzw8nxTWIOA/edit?usp=sharing</p>

- Want to prepare students for a future where AI is everywhere.
- Need clarity on how to implement AI ethically and responsibly.
- Worry about widening equity gaps if their district falls behind.
- Feel pressure to innovate but lack the roadmap.
- Know “tools” aren’t enough—what matters is teaching thinking.
- Want to connect with a national network of forward-thinking leaders.

Why Now?

AI is already reshaping the workplace. The question is: will your district be a leader or a laggard? The AI Mindset Institute gives education leaders the mindset, strategies, and collaborative network to guide schools into the future with confidence, ethics, and innovation.

What You’ll Learn:

- The biggest risks districts face if they delay AI adoption—and how to avoid them.
- How to build systems that protect equity while driving innovation.
- Practical first steps any superintendent can take right now.

What the AI Mindset Institute is and how it can position your district at the forefront of national change.

Top Contributors to Gross PMPM Trend of 34.8%

- \* Anti-Obesity Agents +16.4%

- \* Large increase of almost 100 Additional patients year-over-year

- \* 6% of the entire patient population is utilizing a weight loss medication

- \* Since 3Q2024, patient count has increased by 30% quarter over quarter

- \* Spend has averaged a 30% quarterly increase in this same time period as well

- \* Recommendation: If able, work with Horizon to determine what utilization management strategies are in place and if this can be enhanced

- \* Anti-Inflammatory +10.7%

- \* 10 Additional patients YOY

- \* Largest increases in the use of Skyrizi which contributed to \$130,541 of additional cost this quarter

- \* This is the #1 category by gross spend
- \* Biosimilar Opportunities
  - \* 3 Patients utilizing Humira
    - \* 2 patients have transitioned to the biosimilar, Hadlima which results. Hadlima is 85% less expensive than the reference brand
  - \* 1 Stelara
    - \* Opportunity to move this member to the biosimilar for similar savings to as we saw with Hadlima and Humira
- \* Hematological Agents +4.1%
  - \* New patient utilizing Empaveli as of August 2025
    - \* This is the number one patient on this plan by spend with \$120K in gross spend for the first quarter of this plan year

Other RX Notes:

- \* Generic Dispensing Rate is 81% and Generic Substitution rate is at 97.8%
  - \* We target plans to be at 89% and 99% respectively
  - \* Opportunities to discuss strategies to incent members to utilize more generic options where available
- \* Specialty as a percentage of gross cost is at 49.3% which is below the Remedy book of business average (positive result)
  - \* Opportunity to implement flex access (copay assistance program) to help with the costs of specialty drugs
- \* Rebates
  - \* 1st quarter 2025 rebate reports just received with a total of \$654,958.01 in rebates. This is 33% of gross spend which is a great result

The Spotlight report highlights plan use of drugs in specific categories and notes current areas of focus when planning for the remainder of 2025 and into 2026:

- \* More than 40 new drugs have already cleared FDA review in 2025 including Yeztugo for HIV PrEP, two new COVID-19 vaccines, Tryptryr for dry eye and several cancer-related drugs. More than 75% of the new approvals are specialty drugs.

- \* Plan use of newly approved drugs:

- \* mNEXSPIKE: 2 patients – gross cost: \$337

- \* Drugs pending FDA approval include additional hereditary angioedema, multiple sclerosis, and rare disease therapies.

- \* The cost of drugs is front and center in many areas of federal and state legislation.

- \* Federal: Most Favored Nation order, tariffs, directives related to direct-to-consumer advertising, patent legislation and a new, federal online platform directing Americans to lower-priced drugs.

- \* State: Common targets include formulary and utilization management restrictions, pharmacy reimbursement mandates and restrictions to pharmacy steerage, regulation of group purchasing organizations (GPOs) and rebate aggregators, and not permitting pharmacy ownership by PBMs or insurers. These actions can limit a plan's flexibility to administer a benefit and restrict use of plan design features that encourage the use of lower-cost options.

- \* More than half of specialty drug spend is related to biologic drugs. When patents for brand biologic drugs expire, lower cost biosimilar options become available.

- \* Focused and aggressive formulary strategies to prefer biosimilars and exclude coverage of the reference/ originator brands are key to achieving the greatest biosimilar savings.

Hi Sandra and Alexis,

Thank you for the new drawings. I've attached notes on these changes, please let me know what questions you have or if we need to discuss anything that is unclear. It would be easier to review the changes if you could provide finish boards that show each elevation (like in the original set in October), as well.

Thank you,  
Laura

Description

Topic: School Safety in 2026: Are Districts Ready for What's Next

Description: Rising expectations around safety, faster response, and stronger coordination are exposing gaps in today's school security systems.

In this session, we'll highlight the key challenges districts are already facing and what schools can realistically prepare for now — including campus visibility, real-time access during incidents, and coordination between administrators, SROs, and off-site teams.

You'll also see how districts are modernizing physical security without replacing existing cameras, using open platforms like Coram to enable proactive alerts, faster investigations, and smoother incident response.

Attend and receive a premium insulated YETI mug as a thank-you.

We look forward to having you join us.
