WILSON JUST WORDS® WORKSHOP

ACKNOWLEDGMENT OF COMPLETION

Ruth Welch

has completed a 10 hour presentation on the Just Words program conducted by Wilson Language Training Corporation.

Wilson Just Words® is a sophisticated study of word structure that is appropriate for students beyond the elementary grades and adults with word-level deficits. It provides an explicit word-level intervention (Tier II) for students struggling with the foundational phonics and spelling skills needed to achieve at higher academic levels.

The workshop provides an introduction to multisensory structured language instruction and the underlying principles of language structure. It presents a brief history of written English and outlines how Just Words will study the sound and word structure of the English language. The workshop examines student placement, program structure, implementation, curriculum based assessment, lesson planning, and practice.
