Messages from New Jersey American Water

- On October 28, 2020, the New Jersey Board of Public Utilities (BPU) approved an increase to New Jersey American Water's base water and wastewater rates in the amount of \$39 million annually, effective November 1, 2020. Concurrently, the BPU approved a credit that customers will receive over the next 10 months totaling \$32.5 million resulting from excess accumulated deferred income taxes associated with the Tax Cuts and Jobs Act (TCJA). The base rate increase will be offset by the TCJA credit on bills through August 31, 2021. The company's rate request was driven by more than \$1 billion in infrastructure investment in treatment system and distribution upgrades since the last rate case. For more information, visit newjerseyamwater.com. Under Customer Service & Billing, select Your Water and Wastewater Rates.

Messages from New Jersey American Water

- On October 28, 2020, the New Jersey Board of Public Utilities (BPU) approved an increase to New Jersey American Water's base water and wastewater rates in the amount of \$39 million annually, effective November 1, 2020. Concurrently, the BPU approved a credit that customers will receive over the next 10 months totaling \$32.5 million resulting from excess accumulated deferred income taxes associated with the Tax Cuts and Jobs Act (TCJA). The base rate increase will be offset by the TCJA credit on bills through August 31, 2021. The company's rate request was driven by more than \$1 billion in infrastructure investment in treatment system and distribution upgrades since the last rate case. For more information, visit newjerseyamwater.com. Under Customer Service & Billing, select Your Water and Wastewater Rates.

- On October 28, 2020, the New Jersey Board of Public Utilities (BPU) approved an increase to New Jersey American Water's base water and wastewater rates in the amount of \$39 million annually, effective November 1, 2020. Concurrently, the BPU approved a credit that customers will receive over the next 10 months totaling \$32.5 million resulting from excess accumulated deferred income taxes associated with the Tax Cuts and Jobs Act (TCJA). The base rate increase will be offset by the TCJA credit on bills through August 31, 2021. The company's rate request was driven by more than \$1 billion in infrastructure investment in treatment system and distribution upgrades since the last rate case. - On October 28, 2020, the New Jersey Board of Public Utilities (BPU) approved an increase to New Jersey American Water's base water and wastewater rates in the amount of \$39 million annually, effective November 1, 2020. Concurrently, the BPU approved a credit that customers will receive over the next 10 months totaling \$32.5 million resulting from excess accumulated deferred income taxes associated with the Tax Cuts and Jobs Act (TCJA). The base rate increase will be offset by the TCJA credit on bills through August 31, 2021. The company's rate request was driven by more than \$1 billion in infrastructure investment in treatment system and distribution upgrades since the last rate case. For more information, visit newjerseyamwater.com. Under Customer Service & Billing, select Your Water and Wastewater Rates.
- Approximately 13.00 percent, or \$3.52 of your current charges, reflect Gross Receipts and Franchise Taxes paid to the state of New Jersey and largely distributed to New Jersey municipalities.
