Fee Update: This bill reflects a change in the FCC Regulatory Fee from \$0.07 to \$0.08.

Fee Update: This bill includes an increase to the monthly NJ State Assessment fee from 0.123% to 0.139% of your total bill. This change is the result of the most recent State Assessment and is collected and remitted to the New Jersey Board of Public Utilities.

Outage Credit Availability Policy/Liability of Comcast: In accordance with the regulations of the Office of Cable Television, N.J.A.C. 14:18-3.5, Comcast will issue credit for cable television outages as follows: An outage is the total loss of the audio or visual portion of any cable television service, not caused by you, for which you pay a separate charge and which affects Comcast's distribution equipment. For outages lasting six (6) to twenty-four (24) hours, you will receive a credit equal for (1) day of your monthly rate for the affected cable television service. For outages lasting more than twenty-four (24) hours, you will receive a credit equal to one calendar day of your monthly rate for the affected cable television service cannot be restored within six (6) hours due to factors beyond Comcast's control, provided that Comcast restores the affected cable television service within six (6) hours after restoration of the affected cable television service becomes practicable.

If a loss of cable television service lasts at least twenty four (24) hours and is not the result of an outage, you will receive a credit equal to one (1) day of your monthly rate for the affected cable television service for each twenty-four (24) hour period there is a loss of cable television service. Except and unless specifically provided otherwise by law, such credit shall be your sole remedy for an interruption of cable television service.

You must request such credit by phone or in writing to Comcast or the designated complaint officer, if one has been designated, within thirty (30) days of the outage. In no event shall Comcast be liable for any incidental, special, exemplary, consequential or punitive damages from whatever cause, including, but not limited to, loss of business or wages.

The Regulatory Cost Recovery fee is neither government mandated nor a tax, but is assessed by Comcast to recover certain federal, state, and local regulatory costs.
