Messages from New Jersey American Water

- The New Jersey Board of Public Utilities (NJBP) approved a change in New Jersey American Water's Purchased Water Adjustment Clause (PWAC or Purchased Water Charge). Effective April 1, the PWAC usage rate will increase from \$0.04221 to \$0.04606 per hundred gallons, which is an increase of approximately \$0.20 per month for the average residential customer with a 5/8 meter that uses 5,400 gallons per month. The Purchased Water Charge is a direct pass-through charge to recover the cost of water purchased by New Jersey American Water from other water suppliers.
- Approximately 13.00 percent, or \$4.63 of your current charges, reflect Gross Receipts and Franchise Taxes paid to the state of New Jersey and largely distributed to New Jersey municipalities.
