...

Hey Mayor. Can your office contact RWJ Rahway Fitness & Wellness Center at Carteret and have them purchase a dumpster. This is always a disaster and it's at the entrance of our apartment building.

Good morning Mr. Mayor,

I reside at 32 Bernath St. and the City's tree which sits curbside needs to be removed and the concrete needs to be repaired. The tree is overgrown and has also lifted the concrete. I look forward to discussing this issue with your office. I can be reached at (201) 936-4155.

Thank you and have a great day

Subject: 7-9 Tennyson St Resident Complaint

Matt Perlman ▸ Dan Reiman
3 mins · 14

...

Dan,
I hate having to make these posts here, but I feel like this is the only way to get a solution. The property behind my house, which is vacant and owned by the town, is overflowing with tree branches, weeds, grass up to my waist, standing water, and because of this, massive mosquitos. It is an absolute eyesore to look at while in the yard and from the other street as well. You have town employees who drive around issuing summonses and violations for not taking care of their property, but what about town property??? I would really appreciate it if the matter gets taken care of ASAP, especially since the same thing happened last year also.
Thanks Dan.

Subject: X Guards

Hello all, please ensure that Carm receives all the applications for crossing guards as they come in.
Carm, make sure you send letter and app out to previous employees, so we can review the entire file and select applicants.

Jon, make sure we are advertising for crossing guards on social media.

Director, who is handling assignment, training, outfitting and oversight of the crossing guards prior to and after the start of the school season?

Subject: Resident Concern about Pinho Park & Property Next to Conoco

Debbie,

Here is a resident concern about the park on Pinho and a property adjacent to the Conoco in West Carteret.

Dear Mayor:

The park on Pinho ave needs maintenance....there is a lot of weeds growing in the mulch. Also, next To the gas station in West Carteret (Conoco) the grass is really high and we are having a lot of Mosquitoes. Can someone come to do the maintenance?

Thank you.

Good Afternoon,

Attached is the updated schedule of entertainment events for Saturday's ground breaking ceremony.

Jon will DJ – fill in the intermissions with music; announce the performers to the stage.

Leo will make contact with the performers as they arrive and let them know where to park behind the stage, have bottled water for them as well. You will need to cue them when they have 5 minutes left of their performances. They will park their cars behind the stage. There should only be a few cars because some are arriving by bus from NYC.

The sound company is prepared and ready. They know to move the speakers toward the riser for anyone using that stage (Mayor speech and Greg Kennedy).

We'll need 4-5 guys to help load equipment onto and off stage.

PODIUM – please make sure to remove that immediately after the Mayor's speech so that it doesn't block the view of the main stage.

I will be at my son's wedding and won't be here but I'm sure it will be amazing!

Performer and sound company contact phone numbers are on the bottom of the sheet.

Have fun and take pics for me to see when I get back on Monday☺

Thank you!

Good Morning,

I had residents from our business district call the office regarding a power outage on Washington Avenue between Cooke and Pershing Avenue. I know during this time of year power outages are more frequent, we have notified the power outage service number, but there is no ETA as to when responders will be able to attend to the outage. Kindly advise if it's possible to have a PSEG rep out today.

Email sent from outside of PSEG. Use caution before using links/attachments.
Good Morning,

I had residents from our business district call the office regarding a power outage on Washington Avenue between Cooke and Pershing Avenue. I know during this time of year power outages are more frequent, we have notified the power outage service number, but there is no ETA as to when responders will be able to attend to the outage. Kindly advise if it's possible to have a PSEG rep out today.

Lauren S. Curran
