Carteret VFW Kicks Off Fund Raising Drive to Upgrade Post

Carteret VFW Pvt. Nicholas Minue Post 2314 has announced that the group is currently fundraising for improvements to their building at 289 Pershing Avenue.

The building was originally constructed in the 1950's and needs new flooring, lighting, walls, handicap bathroom upgrades and a fresh coat of paint. The side entrance to the building was recently equipped with a ramp to comply with ADA laws. Renovations will cost between \$50,000 - \$60,000.

If you would like to donate toward the VFW building upgrades, please send a check made out to:

Kumar Manish to Dan Reiman

1 min ·

Hello Mr Mayor, I have been a resident on Delaware ave for about 4 years now and till today nobody has looked into fixing the issue with the dead end street's unhygienic living condition. Every time it rains there is the water that gets collected or the sump pump water from various houses in the street and stays there for days and being the summer weather it just brings in more mosquitoes, flies and insects which is not a healthy environment to live in especially if this is in front of your house and when you have two infants living in the house and when you pay thousands of dollars for house tax.

There are always deers, raccoons, snakes, possum and other animals coming out from that area since that dead end street is not fenced or has any retaining wall to avoid these animals entering your front yard or back yard which causes another issues for residents with deer ticks / Lyme disease.

With all these new buildings being developed and big big developments going on in the town for big developers we hope you are going to really fix this issue on priority.

We will appreciate if you can urgently have your building department or health department to make a construction plan to either put a fence or put a retaining wall. I am including more pictures in comments.

Thank you and I am waiting to hear back from you.

Going to enlarge the GSA piece to our oversized postcard for mail-out so the post office doesn't have to manually sort it. I'm told this should guarantee delivery before June 23rd. Will send that in a few minutes.

Can enlarge Pride Day as well if needed.

Please remove the white corner on the GSA flyer coming in from the top left on the non-endicia side
Also please make the date and website/phone number in white to break up all the yellow text

Other than that, it's good to mail

Also please make a palm card out of it for handing out

Palm card for GSA Day & postcard/mailer for Pride Day.

Going to enlarge the GSA piece to our oversized postcard for mail-out so the post office doesn't have to manually sort it. I'm told this should guarantee delivery before June 23rd. Will send that in a few minutes.

Can enlarge Pride Day as well if needed.

Matt,

Attached are edits from the Mayor. he wants the memo "bulked up" with renderings of the marina, the walkway which includes the event center.

Take out Brad Campbell of the memo, nothing about him

CME is working with the Borough to secure Green Acres Program (GAP) apprc Events Center Building at the Carteret Marina. Based on concept plans Architects, dated November 14, 2017, the ±20,000 sq. ft. building, consists of th

- Floor 1 -- bar/lounge/food court; harbormaster office; marina supply stor
- Floor 2 -- multipurpose space (assembly area for marina education restrooms
- Floor 3 -- 12 guest rooms *for boaters and public* ~~signature~~

Note near Floor 3 is "...for boaters as well as the public on a seasonal basis."

Hello Lauren and Jon,

Here is an image my friend sent of a person in a group she works with regularly out of Brooklyn. They have confirmed that they would like to perform/judge at our event. The person pictured goes by Soldefinition and here is a link to an intagram page <https://www.instagram.com/soldefinition/?hl=en>

I am sure we can use the image, but I am working to get in touch directly with the person so that we can credit it prpoerly and promote them well. Please feel free to use it now as a place saver and I will get you better details to go with it soon.

Thanks!

Lindsay and Jon,
June 29th is the last Friday of June, I have reserved the waterfront and placed on the Mayor's schedule. For security, I have contacted Director Lebrato regarding having a police presence and security. They will be able to monitor the event.
I will let the parks department know to clean up the waterfront for the event as well as have the CBP sweepers out there.

If weather is not in our favor for the event- I will see if the community center is available, if so I will tentatively reserve it.

For the flag raising on June 23rd, I have ordered the food and am working out getting a lifted stage for the front steps. Lindsay, I know the Mayor wanted something from Marianne for the flag raising, you can submit her invoice to me and I will have the finance dept. process it.

I know we have flags from last year's pride day left over, so we will use those for the flag raising and if more need to be purchased I will do so. I will be ordering pride pins this week for both events.

Hey Jon and Lauren,

I spoke with the folks who head up the high school gsa and they suggested that we do it on Friday evening as they think we will get a better turn out. They ran the idea by a few kids and everyone was excited, but the kids did want to make sure that there would be good security/police on site for safety.

Marianne is on board for rainbow cupcakes and I have a group of drag performers on board from Brooklyn set to come and help us host a lipsyncing competition. The high school gsa is going to research and provide us with a list of LGBTQ mental health resource orgs to that contestants can choose from to have a donation made in the winning contestants' names. Hopefully the Mayor can provide a small donation for first second and third place.

Go team pride!

I am sure the big annual two day soccer games will be held in a few weeks. With the Large amount of attendees that show up to our town, last years no parking signs worked out very well with traffic and safety in West Carteret. I hope the town will plan on doing the same this year as well. Good job in the polls. Keep up the good work.

Very low resolution draft

Waiting on Fire Truck / \$ amount from T

Community Spotlight feature - don't think we've ever done the Knights of Columbus, or possibly VFW (?) Father Chubenko is also retiring. Only church or school we've done is St. Joseph's. There's also the Odyssey of the Mind kids at the Middle School ...or Ron Rios?

Couple corrections for newsletter:

Front Page left side – Remove Todd Anderson (deceased)
Page 2 - We are going to take a drone photo of the field turf to add
Page 4 – Please make sure text on right side in graphic is going to be legible. It looks very tiny.
Page 10 (movies in the park) Also runs into September (top says June, July, August)
Page 12 (firetruck article) let's make sure we add dollar amount (need to get this from Taqualla)
State of the Borough Speech – Let's reduce to main points and make some quotes pop

From Facebook:

Nancy Colicchio-Bouselli Doesn't help the people on pinho who got their basements flooded with sewer water again. No help from fire department or head of sewer department. All agree there's a problem. How about some help for us please!!! This can't go on every time it rains. It's disgusting and unsanitary.
