How about the 9th. I am not showing anything on my calendar that day.

I wasn't totally sure about the pay periods either, sorry. I thought it just needed to be this month.

I just looked and saw that this pay period is between the first at the fifteenth. I don't keep track of that stuff lol, It wasn't intentional.

I will use the Flex Time on Monday June 12th and Monday June 19th.

I looked at my calendar at home and did not see anything scheduled on those dates. If either of these are of concern due to a schedule conflict, just let me know and I will adjust accordingly.

I am short one hour for a full day off on one of those so just let me know where you want me to enter the 1 hour of comp time and I will do so.

Thank you.

I think that is a good idea regarding Thursday to substitute the comp time I entered for Flex Time.

That should leave me with 13 hours to use.

I will review my calendar and give additional dates to use the remaining 13 hours of Flex Time as soon as possible.

I will try to have it done later today.

Sgt. Snook,

I will use the Flex Time on Monday June 12th and Monday June 19th.

I looked at my calendar at home and did not see anything scheduled on those dates. If either of these are of concern due to a schedule conflict, just let me know and I will adjust accordingly.

I am short one hour for a full day off on one of those so just let me know where you want me to enter the 1 hour of comp time and I will do so.

Thank you.

Respectfully,

S.O. Justin Nielsen

Sgt. Snook,

I think that is a good idea regarding Thursday to substitute the comp time I entered for Flex Time.

That should leave me with 13 hours to use.

I will review my calendar and give additional dates to use the remaining 13 hours of Flex Time as soon as possible.

I will try to have it done later today.

Respectfully,

S/O Nielsen,

As a reminder the flex time earned is requested to be utilized within the same pay period. This weekend you have the following details:

6/3 0800-1600 Allentown, PA (10 hours flex earned)

6/4 0800-1600 Allentown, PA (10 hours flex earned)

Kindly advise what day(s) you are requesting to utilize the flex time earned. If you would like to switch your time used tomorrow to flex, I can delete the previously approved comp or vacation time.

Sgt.,

I don't recall any prior discussion to this modification, respectfully tell me when the discussion was what we discussed so I know what you are referencing. I was in service and drove to the ICC to arrive early, which I have always done as I find that respectful to the agency requesting the K9. Once I arrived, I met with ICC festival coordinators and located the OIC in charge to ensure the staff knew I was present as requested. Unfortunately, there was heavy rain delay that delayed the sniff. Once the sniff was completed, I located ICC festival coordinators and the OIC to advise it was complete and nothing was found. I also checked to ensure there was nothing else they wanted me to check in addition to the routine areas.

Moving forward, I would like to request my VCS times not be altered, but rather discussed prior to you arbitrarily changing them so it does not cause an issue as it clearly was caused here.

Thank you for reminding me that out of county requests were previously denied and then reinstated. Since I was the only bomb dog on Hunterdon County, I know the agencies requesting the bomb K9 are appreciative Somerset allows me to return for their events. I also think it is good PR for our agency and makes for good inter-agency relationships.

S/O Pawlick,

Kindly advise of the following so I may have it reviewed again. Please note, this was previously discussed prior to the modification.

1-time of sniff as scheduled 1536-1604
2-BWC footage-not uploaded yet

You can provide an explanation for the modification for a thirty minute detail to two hours which I will forward upon receipt.

I would like to remind you that out of county requests were previously denied and reinstated. Flex time was also requested but not required.

Looking forward to further discussing.

If you had prior discussion with S/O Pawlick before you modified his overtime entry, then he was aware that you modified his OT before you did it. If he does not recall having this discussion with you previously then that is on him. I would suggest to him that going forward he is to check with you before he submits overtime entries in VCS so you can make sure the start time and end time is correct. If a detail is for certain times he can not start early unless authorized by you. If a detail runs late, he can explain to you why before you approve the OT. Just so everyone is on the same page. When I fill details everyday the officers know what hours they are taking because it is explained to them in advance. If he has further issues, he can take it up with Undersheriff Kaminsky. When we sit with him we can reiterate to him how things will be done, what you expect and what your procedure is.

#1 none of this was documented
#2 dogs work in rain, again not documented in report (see weather per his report) and I just checked the weather for that day (see below). I don't like liars.
#3 the other handler that did this for 4 days didn't put in for two hours each day. Wed-Fri was during his shift. He took one hour flex for the detail on Saturday.

Hi, I just left a voicemail for you but I'll type it in email too.

We're S/O Neilson and Pawlick previously assigned to work this or were they assigned because of my request. I ask because that helps with knowing how many Montgomery officers I need to request to work the event. Also, are they K9 handlers as well?

Thanks,

Please advise if you are approving this Wednesday-Sunday.

My personal recommendation based off last weekend would be to suspend out of county explosive requests until further notice. If you do want to continue fulfilling these Hunterdon County requests, I would advise utilizing Nielsen as he is on the afternoon shift which will not generate overtime. He is also already scheduled for a demo on Saturday which he can break off from to complete the sniff. Nielsen has been flexible in terms of flex time vs. overtime, abided by the rules/regulations, and I have observed him completing thorough deployments along with timely report submissions. I have not responded to the original request as we had three weeks lead time for discussion and I did not have access to the current admin calendar. We can discuss in further detail next week if you've like or I'm available for a phonecall anytime.

Please advise if you are approving this Wednesday-Sunday.

My personal recommendation based off last weekend would be to suspend out of county explosive requests until further notice. If you do want to continue fulfilling these Hunterdon County requests, I would advise utilizing Nielsen as he is on the afternoon shift which will not generate overtime. Hi, I just left a voicemail for you but I'll type it in email too.

We're S/O Neilson and Pawlick previously assigned to work this or were they assigned because of my request. I ask because that helps with knowing how many Montgomery officers I need to request to work the event. Also, are they K9 handlers as well?

Thanks,

We're S/O Neilson and Pawlick previously assigned to work this or were they assigned because of my request. I ask because that helps with knowing how many Montgomery officers I need to request to work the event. Also, are they K9 handlers as well?

Thanks,
