Jody,

This is what was said in a previous 100 Days of Summer press release for the Funny Farm. Would she like to update it? Also, were you responsible for bringing the dalmatians from the Cape May Carriage Company?

Youngsters will also enjoy the chance to visit ambassadors from the Funny Farm—an animal rescue sanctuary that provides a home for farm and zoo animals. Among those making a guest appearance will be Farley the Farm Manager, a Border Collie; Tucker, a German Shepherd with Megaesophagus; Adele, the Diva Chicken; Happy, a new baby chick; Booger, a baby goose; Taz, a kitten along with other kittens and an anonymous baby pig.

Here is what the Funny Farm sent. They asked if this is ok or do you need it longer or shorter. I personally think it's perfect, but I am biased.

As seen in People Magazine, Meet Funny Farm Rescue's Owner/Author, Laurie Zaleski. One of the most inspirational women stories of our time, Laurie's new book, "Funny Farm, My Unexpected Life With 600 Animals" will be available for purchase. You'll also enjoy the chance to visit some of her animals from the Funny Farm Rescue and learn about the home she provides for over 600 abused, neglected, and abandoned animals. Among those making a guest appearance will be Farley the Farm Manager, an Australian Shepherd; Tucker & Jesse, a German Shepherd and a Blue Tick Hound/Black Lab Mix, both with megaesophagus, and Adele, the Diva Chicken. You'll be able to see a free demonstration about special needs animals and learn about the Funny Farm's free "Kindness Program" and much much more!

David,

Attached is the media list that was sent to B [PERSONAL] M [PERSONAL IN] at American. Below is the email that transpired after I received the call that they would be handling the media event at PHL on the ramp. Attached is the media list that was shared with American, and they will be inviting to PHL on June 1st.

ACY's plans at this time is to capture a staged photo of the bus going through the water cannon on Wednesday time TBD. On Friday, June 3rd the arriving passengers at 1135 and 1600 will be greeted and given welcome bags with ACY and destination items.

Hi, Jody –

I'm sorry I missed your call last night. Thank you for your media list, too. I shared that with the team in Philadelphia who is organizing next week's media invites and we'll be sure to include them on our distribution list.

I chatted with Landline and we'd all greatly appreciate a water cannon photo on Wednesday or Friday. I'll connect you with the Landline team in a separate email trail so you have everyone's contact details. If possible, we'd like to include the photo in an internal daily newsletter at American sometime the following week. If that's OK with you, just let me know how to credit the photo.

Thanks so much for your help and patience as we worked things out over the last few weeks – and thanks for helping promote our new Landline service!

Have a good weekend,

Brian,

It was great talking with you today. I had an opportunity to speak with Tim and to update him on the change in plans for June 1st. I've attached a copy of the local media list for ACY and was hoping maybe you would be able to extend an invitation to your event in PHL. Our plans here at ACY are to move forward with the June 3rd launch handing out welcome bags to the arriving passengers and taking a few photos. On Monday or Tuesday, we would issue a press release stating that the new service began and give the media a few of the photos. You mentioned you were holding the event on the ramp in PHL, has American received approval for the service to be post-security or are we still waiting on that approval?

I chatted with Landline and we'd all greatly appreciate a water cannon photo on Wednesday or Friday. I'll connect you with the Landline team in a separate email trail so you have everyone's contact details. If possible, we'd like to include the photo in an internal daily newsletter at American sometime the following week. If that's OK with you, just let me know how to credit the photo.

Thanks so much for your help and patience as we worked things out over the last few weeks – and thanks for helping promote our new Landline service!

Have a good weekend,

Brian

Brian,

It was great talking with you today. I had an opportunity to speak with Tim and to update him on the change in plans for June 1st. I've attached a copy of the local media list for ACY and was hoping maybe you would be able to extend an invitation to your event in PHL. Our plans here at ACY are to move forward with the June 3rd launch handing out welcome bags to the arriving passengers and taking a few photos. On Monday or Tuesday, we would issue a press release stating that the new service began and give the media a few of the photos. You mentioned you were holding the event on the ramp in PHL, has American received approval for the service to be post-security or are we still waiting on that approval?

Attached is the media list that was sent to Brian Metham at American. Below is the email that transpired after I received the call that they would be handling the media event at PHL on the ramp. Attached is the media list that was shared with American, and they will be inviting to PHL on June 1st.

ACY's plans at this time is to capture a staged photo of the bus going through the water cannon on Wednesday time TBD. On Friday, June 3rd the arriving passengers at 1135 and 1600 will be greeted and given welcome bags with ACY and destination items.

Hi Ms. Testa,

Has SJTA received any pricing information regarding how much it is likely to cost to use the new Landline service to travel to PHL for American flights?

Also, was the SJTA involved in bringing the deal to fruition? Is it providing any incentives to either American or Landline, or any concessions regarding cost of business? Will the airport benefit financially from the service?

Thanks.

Just wanted to be sure you saw my email of yesterday asking for info on the American Airlines/Landline service coming in June. Everyone is very excited about it, and our readers have several questions. My email of yesterday is copied below.

Here are several questions:

-Was SJTA involved in setting up the Landline/American service, or did AA/L bring it to you?

-Is SJTA or the state providing any incentives for the service to come to ACY?

-Any idea if a similar service may be set up with Newark International Airport? Any talks about that?

-Any idea if people using other airlines at Phila. International may be able to buy tickets for just the ACY to PHL leg on Landline?

-Will the airport benefit financially from the service, and if so what is the estimate of income from it?

Thank you.

Hi Kim,

Can you please answer the questions on the incentive program and on financial impact with some detail?

I realize you have an incentive program. I am asking if American or Landline has applied for incentives or if SJTA or the airport have offered any.

As for the financial impact, will American pay fees to the airport? If so how much do you anticipate the new service bringing in per month or per year?

Thanks again.

Please see additional follow up question below and advise, thank you (6pm deadline)

Hi Kim,

Can you please answer the questions on the incentive program and on financial impact with some detail?

I realize you have an incentive program. I am asking if American or Landline has applied for incentives or if SJTA or the airport have offered any.

As for the financial impact, will American pay fees to the airport? If so how much do you anticipate the new service bringing in per month or per year?

Thanks again.

Michelle

Subject: RE: Media Inquiry - Michelle Brunetti-Post, Press of Atlantic City, American Airlines Follow-up

I just spoke with Tim and confirmed our responses with her previous and new questions.

Stephen, if you're ok, I will have Kim respond.

Was SJTA involved in setting up the Landline/American service, or did AA/L bring it to you?

Management at the Atlantic City International Airport continues to aggressively pursue new services for its patrons and has been in discussion with American Airlines for many years. This offering will not only benefit local travelers but will bring new inbound travelers to the Atlantic City region. "I am extremely proud of the efforts of Atlantic City International Airport Director, Tim Kroll, and his team, for their hard work and dedication in making this customer-centric benefit a reality," said South Jersey Transportation Authority Executive Director, Stephen F. Dougherty."

Is SJTA or the state providing any incentives for the service to come to ACY?

Atlantic City International Airport has an air service incentive program that all commercial airlines are eligible to utilize for new services.

Any idea if a similar service may be set up with Newark International Airport? Any talks about that?

The South Jersey Transportation Authority has no direct knowledge and cannot speak on this matter.

Any idea if people using other airlines at Phila. International may be able to buy tickets for just the ACY to PHL leg on Landline?

This question would need to be directed to American Airlines.

Will the airport benefit financially from the service, and if so what is the estimate of income from it? Yes, any commercial service operating at the Atlantic City International Airport, both existing and new, benefits the airport and the local economy.

All comments may be attributed to Atlantic City International Airport Director, Tim Kroll.

Dear Ms. S.,

Thank you for reaching out. The work last week was not a planned or unplanned SJTA Expressway project, but rather an emergency sanitary sewer repair by the Atlantic City Sewerage Company on Christopher Columbus Blvd. The traffic pattern in place was to ensure the safety of their workers and the motoring public. The lane closures were also listed on New Jersey's 511 system. The SJTA worked closely with the AC Convention Center folks and used Expressway Message Boards to notify drivers well in advance of the closure so that drivers could use Exit 2, specifically for the wrestling tournament. We apologize for the inconvenience.

Hi Kimberly

Thank you for application Visitors Center!

Not sure if application applies to Atlantic City ~Visitors location ~or Only to Expressway Welcome Center in AC!

I use Jitney most of the time as AC resident! As on call Staff for Special Events @Casino ~ tenth year~

I do have a casino license!

a new volunteer at the Absecon lighthouse! Grew up in AC St.mikes ducktown ~ started the ducktown neighborhood association 2016. Currently residing Gardner's basin area! Familiar and keep up to date on AC! Childhood Steel pier Tony Grant theatre. I remember the old AC as it was my childhood days!

Not sure if I have opportunity on on call or a Few days a week ?

As a side note I filled in the Boardwalk Hall Visitors Center

around 2015-2016?

I keep in contact with updates current event news and events in Chelsea's Stockton area and Tanger outlets. If you feel I can be of assistance please let me know! My experience is the real deal! Lol Not sure if I would be eligible with Casino license , on call casino staff? And how that works, I select days available when Monthly events scheduled!

Hi Kimberly,

I noticed this item on yesterday's Board of Commissioners meeting and I was wondering if you could tell me whether it relates to or is separate from the agreement with LandLine to provide bus service from ACY to PHL? Also, was the resolution approved yesterday? This is the resolution. I'd be interested in any details you could tell me about it:

RESOLUTION 2022-35 OF THE SOUTH JERSEY TRANSPORTATION AUTHORITY
AUTHORIZING THE EXECUTIVE DIRECTOR TO NEGOTIATE AND ENTER INTO AN AIRLINE
USE & LEASE AGREEMENT WITH AMERICAN AIRLINES GROUP INC. OF FORT WORTH,
TEXAS American Airlines Group, Inc. has expressed an interest in providing airline service to and
from the Atlantic City International Airport. They have further expressed a desire to lease terminal
space from the Authority in order to conduct its services. The Authority desires to negotiate and
enter into an Airline Use and Lease agreement with American Airlines Group, inc. for airline
service to and from the Atlantic City International Airport.

Attached are the documents provided by SJTA last year. Could you kindly confirm that they are all up-to-date documents and policies no later than Monday, April 25th, as we need to meet an early May deadline?

Also, I will need the updated resolution authorizing SJTA to sign off on SJTPO's behalf on contracts (sample also included).

Thank you for your attention to this matter, and if you should have any questions, please contact me.

Hi Kimberly,

I noticed this item on yesterday's Board of Commissioners meeting and I was wondering if you could tell me whether it relates to or is separate from the agreement with LandLine to provide bus service from ACY to PHL? Also, was the resolution approved yesterday? This is the resolution. I'd be interested in any details you could tell me about it:

Spoke with Tim and this will be our response...

"Resolution 2022-35 authorized the South Jersey Transportation Authority (SJTA) to finalize and execute an agreement with American Airlines to provide one-stop connections to almost anywhere in the world via their partner, Landline. The SJTA is extremely excited for this service to begin on June 3rd so the residents of South Jersey can use their "local & more convenient airport" to reach their leisure and business destinations with less-stress and comfort. In addition, this service will provide easy access to those wishing to visit Atlantic City as well as the Jersey Coast along Atlantic, Cape May and Ocean Counties." Below is my review of this request:

1. This request is for Tim Kroll to attend the 2022 JumpStart Air Service Development Conference in Reno, NV from June 13, 2022 through June 15, 2022.

1. Registration Fee: **\$1,100.00**

2. Transportation Expenses:

- i. Airfare: **\$976.74**
 - ii. Airfare Taxes: **\$120.46**
 - iii. Checked Bags Fee to/from: **\$70.00**
 - iv. Airport Parking **\$116.00**
 - v. Taxi to/from: **\$40.00**
 - vi. Total: **\$1,157.20**

3. Hotel:

- i. GSA Rate of **\$102** per night
 - ii. SJTA found a rate of **\$90.00** times 2 days: **\$180.00**
 - iii. Taxes: **\$23.40**
 - iv. Resort Fee (\$39.55 per night): **\$79.10**
 - v. Total: **\$286.50**

4. M&IE:

- i. June 13th: **\$51.75** (first day of travel)
 - ii. June 14th: **\$69.00** (second day of travel)
 - iii. June 15th: **\$51.75** (last day of travel)
 - iv. Incidentals: **\$10.00**
 - v. Total: **\$182.50** (this is **\$59** cheaper than what SJTA has listed)

5. Total Estimated Expenses: **\$2,726.20** (this is **\$225** cheaper than what SJTA has listed)

If you have any questions, please do not hesitate to ask.

Thank you,
Jesse

Good afternoon Kimberly – I’m writing an article about a federal lawsuit filed yesterday afternoon against the authority and International Federation of Professional and Technical Engineers Local 196 by seven shuttle bus drivers.

The drivers contend union dues were withheld from their pay checks despite having signed forms they wanted to opt out of union membership and dues deduction. I’m attaching a copy of the lawsuit for your reference. The drivers contend that their first amendment rights under the U.S. Supreme Court’s 2018 Janus decision were violated.

What is the authority’s response to the lawsuit and its allegations?

Thanks – I’m writing an article to be filed today.

Promote your business at the SJTA's annual 100 Days of Summer Event
The family-centric event kicks off the summer travel season in South Jersey

Hammononton, NJ - The South Jersey Transportation Authority (SJTA) is set to host its annual 100 Days of Summer Event at the Frank S. Farley Service Plaza (milepost 21.3) on Friday, May 27 beginning at 11:00 a.m.

Businesses from across the area are invited to join the festivities – free of charge – to display and promote their products and services to thousands of potential customers. This fun-filled day has included live radio broadcasts, the showcasing of fire trucks and emergency equipment, a petting zoo, giveaways, and family-centric entertainment.

The 100 Days of Summer is highlighted by toll-free passage, eastbound only, at the Expressway's Egg Harbor toll plaza courtesy of famous Philadelphia-area sports bar and restaurant, Chickie's & Pete's. Motorists and vendors alike are invited to enjoy the afternoon at Farley Service Plaza with the option of proceeding eastbound on the Atlantic City Expressway, toll-free, from 5:00 p.m. to 6:00 p.m.

"This event marks the beginning of the summer travel season and promotes the fine businesses of South Jersey to motorists who travel the Expressway throughout the year," says Stephen F. Dougherty, SJTA Executive Director. "The Authority enjoys hosting this event and introducing visitors of Atlantic City and the entire region to another exciting summer in South Jersey."

Companies, organizations, and businesses interested in participating are asked to contact Kimberly Testa at **PERSONAL INFORMATION** or xxxxxx@xxxx.xxx.

About the South Jersey Transportation Authority

The [South Jersey Transportation Authority](#) was established by New Jersey Legislature to assume operational responsibilities for the Atlantic City Expressway (ACE), Atlantic City International Airport (ACY), and Transportation Services offered across the region. The Mission of the SJTA is to provide the traveling public with safe and efficient transportation through the acquisition, construction, maintenance, operation, and support of expressway, airport, transit, parking, other transportation projects and services that support the economies of Atlantic, Camden, Cape May, Cumberland, Gloucester, and Salem Counties.

Hi Kimberly...This is in reference to the federal suit filed by a group of bus drivers over union dues deductions. I know you can't comment on pending litigation, but I have to try anyway!

Please let me know if the transit authority has a comment on this.

Good morning,

I'm reaching out to you from WPVI-TV (6abc), trying to get information regarding the Egg Harbor toll plaza on the Atlantic City Expressway. We received a tip call that some of the eastbound toll plazas at Egg Harbor are still not operating after a motor vehicle crash that occurred several months ago. Checking to see what the status is at that location. Thank you.

Quite a few patrons stopped yesterday, mostly later in the afternoon. Besides stopping for brochures and restroom a gentleman needed to use the Wi-Fi another to charge his phone and one with mechanical issues. The man charging his phone commented there were no chairs or tables.

Regarding restrooms Frank from crafts indicated there was no toilet paper in the men's room so he got a roll from his truck and mentioned that janitorial will need to start cleaning and bringing supplies, follow up may be necessary.

Two eastbound toll lanes at the Egg Harbor Toll Plaza sustained significant damage as the result of a single vehicle accident in December 2021. Emergency repairs are underway and the two lanes are expected to be available prior to the Memorial Day Holiday Weekend. Currently three (3) cash lanes are available in addition to the two (2) express E-ZPass Lanes.

The Atlantic County Economic Alliance (ACEA) is delighted to invite you to participate in a statewide Aviation Assets discussion to be held virtually in our region on Wednesday, May 11 at 11 a.m.

This 90-minute virtual session will bring stakeholders like you together to identify aviation assets and opportunities within our region and the state. It is the first stop of a planning and cataloging initiative to prompt a statewide conversation about New Jersey's aviation ecosystem. This activity is funded by a federal grant awarded through the Governor's Office and is intended to leverage New Jersey's aviation assets as an engine for economic growth.

ACEA's partners in this endeavor include the National Aerospace Research and Technology Park (NARTP); the Smart Airport and Aviation Partnership (SAAP); the National Institute of Aerospace (NIA). The FAA William J. Hughes Technical Center, supportive of many of our efforts, will be attending our discussion.

Robin Ford of our project team will contact you shortly to learn of your interest in attending and ask for your insights on special topics that should be covered regarding your region. We will also seek your input on other key players within your region who should be included in our discussion.

Don't hesitate to contact me if you have any questions or would like to learn more about the ACEA. I look forward to seeing you on the May 11!

Kind regards,

Lauren Moore

RELEASE DATE:

May 11, 2022

**ATLANTIC CITY INTERNATIONAL AIRPORT TO CONDUCT
FULL- SCALE EMERGENCY EXERCISE ON SATURDAY MAY 14**

Egg Harbor Township, NJ – On Saturday, May 14, the Atlantic City International Airport (ACY) will hold a full-scale emergency exercise. The purpose of the exercise is to test the response to a major incident at the airport. The Federal Aviation Administration (FAA) mandates that all airports certificated to serve scheduled passenger-carrying operations of an air carrier aircraft with nine or more seats, like ACY, must have and maintain an Airport Emergency Plan (AEP) designed to minimize the possibility and extent of personal injury and property damage on the airport in an emergency.

The exercise will run from 8 AM to approximately noon. It will serve as a drill for the emergency response agencies and hospitals that normally would be involved in a large incident at the airport.

The public might see an increase in emergency response vehicles on the morning of Saturday the 14th in and around the airport but should not be alarmed as the event is an exercise only. Additionally, ambulances will be transporting mock patients (role players) to AtlantiCare Regional Medical Center campuses as part of the drill. The exercise will not interfere with the normal operations of the airport.

Dave, per your request I worked at the Welcome Center on Saturday 5/7 from 9am to 5pm. As a reminder I will be taking those 8hrs off on Friday 5/13. As discussed, I recorded 40hr each week on my payroll time entry.

(I will report to Welcome Center tomorrow morning and use flexible hour next week)

Again one of the wurst managed in the country. Ac expressway had left lane closed today heading to ac with nobody working and just one truck. Making sure we all are late for work with the gridlock

Dear Ms. S.,

Thank you for reaching out. The work last week was not a planned or unplanned SJTA Expressway project, but rather an emergency sanitary sewer repair by the Atlantic City Sewerage Company on Christopher Columbus Blvd. The traffic pattern in place was to ensure the safety of their workers and the motoring public. The lane closures were also listed on New Jersey's 511 system. The SJTA worked closely with the AC Convention Center folks and used Expressway Message Boards to notify drivers well in advance of the closure so that drivers could use Exit 2, specifically for the wrestling tournament. We apologize for the inconvenience.

Comments: Once again sjta fails miserably in your incompetent poorly managed accevoresswdy traffic control!! Friday 3/4/22 at 4pm the 3 lanes approaching ac was jammed as u had 3 lanes jammed into one. Friday rush hour , boat show, wrestling at boardwalk hall. Do you peiple ever plan ahead? We know you never answer our comments we doubt U even read them?? Total incompetency for years!! Get someone in traffic control who isn't eating donuts and some police help. Ridiculous we were late for work but you don't care!!!

Hello,

Does the SJTA have any comment on the lawsuit filed by seven SJTA bus drivers against SJTA and the International Federation of Professional and Technical Engineers Local 196, regarding what they allege is violating their First Amendment rights by taking union dues from them without their consent? It was filed May 2 in U.S. District Court in Camden.

We are posting a story about the lawsuit this afternoon.

According to the suit, the drivers had submitted letters to SJTA last fall asking their union dues cease at the start of 2022, but SJTA said such requests had to be made in January.

Thank you.

Good afternoon,

Mackenzie from the CCSNJ grabbed me at an event last week and flagged this for me. It's my understanding that none of the other government entities, such as South Jersey Port Corporation and DRPA, are requiring CCSNJ to fill out this form and pay the \$150 fee. Is this something we can get resolved?

Hi Michael,

Stef gave me your contact information because I have been in touch with Kim Testa about open invoices in your name. She pointed me to a woman named Doris, but I thought I would email you first. Kim told me that we cannot receive your payment until we complete an AA302 (https://www.state.nj.us/treasury/purchase/forms/AA_%20Supplement.pdf), which as you see is an Employee Information Report. It would also cost us \$150 to do, so we are a little confused. We had already filled out a contract that asked us to declare that we are not doing any business with Russia, so we thought maybe it was that again, but Kim said it was not and that it was definitely the form above.

Please let me know what you think!

Thank you,

Mackenzie

Hello David,

I hope you're doing well.

I wanted to reach out to you at this time regarding our Fall/Winter 2022 Military Appreciation Magazine Edition.

We would greatly appreciate your support of the military and Joint Base.

Click link here of last edition and see media kit attached: <https://www.gomdl.com/magazine/777-gomdlmag-spr22/file>

We are happy to work with you and discuss how to get you and the SJTA involved.

Thanks so much. We really appreciate it. Take care and talk soon.

All the best,

Hello David,

I hope you're doing well.

I wanted to reach out to you at this time regarding our Fall/Winter 2022 Military Appreciation Magazine Edition.

We would greatly appreciate your support of the military and Joint Base.

Click link here of last edition and see media kit attached: <https://www.gomdl.com/magazine/777-gomdlmag-spr22/file>

We are happy to work with you and discuss how to get you and the SJTA involved.

Thanks so much. We really appreciate it. Take care and talk soon.

All the best,

Dave Spector

SOUTH JERSEY TRANSPORTATION AUTHORITY
REOPENS LANE FOUR AT THE EGG HARBOR TOLL PLAZA

The South Jersey Transportation Authority (SJTA) has announced that Lane 4 on the east side of the Atlantic City Expressway has fully reopened.

Known by travelers as the Egg Harbor Toll Plaza, Lane 4 sustained severe damage in a single-car accident on December 26, 2021.

"It was our goal to have the lane open by the Memorial Day weekend and we met that goal," said SJTA Chief Engineer, Stephen Mazur.

For more information, contact Kim Testa at xxxxxx@xxxx.xxx or 609-965-6060.

Once again today the absolute worst management ever of any road service in the country we will never drive on the Atlantic City Expressway again!!

Traffic delay backed up because of your stupid three lanes into one and nobody even working on the expressway past the Hamilton Mall exit going toward Atlantic City stupidity at its best waste of taxpayers money using unnecessary gas at your expense why don't you do things in the off-peak hours and the off-peak season instead of doing it during the summertime at noon absolutely ridiculous you are the worst incompetent manage Expressway in the world

Dear Ms. S.,

Thank you for reaching out. The work last week was not a planned or unplanned SJTA Expressway project, but rather an emergency sanitary sewer repair by the Atlantic City Sewerage Company on Christopher Columbus Blvd. The traffic pattern in place was to ensure the safety of their workers and the motoring public. The lane closures were also listed on New Jersey's 511 system. The SJTA worked closely with the AC Convention Center folks and used Expressway Message Boards to notify drivers well in advance of the closure so that drivers could use Exit 2, specifically for the wrestling tournament. We apologize for the inconvenience.

Comments: Once again sjta fails miserably in your incompetent poorly managed accevoresswdy traffic control!! Friday 3/4/22 at 4pm the 3 lanes approaching ac was jammed as u had 3 lanes jammed into one. Friday rush hour , boat show, wrestling at boardwalk hall. Do you peiple ever plan ahead? We know you never answer our comments we doubt U even read them?? Total incompetency for years!! Get someone in traffic control who isn't eating donuts and some police help. Ridiculous we were late for work but you don't care!!!

Hi Kimberly,

I'm Maddy Verdone, an intern in the Communications office. I'm emailing people today to make sure we have their correct information on file, as we have compiled a list of contacts for those who work in Communications within a New Jersey government department. I am having trouble finding the contact information for the Communications Manager for SJTA. I believe the former Communications Manager was Mark Amorosi, but I am having trouble getting in touch with him. I found your contact information on the SJTA website and was hoping you could help point me in the right direction.

Thanks and best,

Madison Verdone

Kim,

Here is some of the updated information for the annual report. Some will not be available until the 2021 Financial Statements are finalized. We are still waiting for pension information from the State.

I also noted some corrections that should be made (see attached).

I will provide updates as they are available

Please let me now if you any questions or need further information.

Thank you,

Sandy

Jody,

This is what was said in a previous 100 Days of Summer press release for the Funny Farm. Would she like to update it? Also, were you responsible for bringing the dalmatians from the Cape May Carriage Company?

Youngsters will also enjoy the chance to visit ambassadors from the Funny Farm—an animal rescue sanctuary that provides a home for farm and zoo animals. Among those making a guest appearance will be Farley the Farm Manager, a Border Collie; Tucker, a German Shepherd with Megaesophagus; Adele, the Diva Chicken; Happy, a new baby chick; Booger, a baby goose; Taz, a kitten along with other kittens and an anonymous baby pig.

David,

Attached is the media list that was sent to Brian Metham at American. Below is the email that transpired after I received the call that they would be handling the media event at PHL on the ramp. Attached is the media list that was shared with American, and they will be inviting to PHL on June 1st.

ACY's plans at this time is to capture a staged photo of the bus going through the water cannon on Wednesday time TBD. On Friday, June 3rd the arriving passengers at 1135 and 1600 will be greeted and given welcome bags with ACY and destination items.

Hi, Jody –

I'm sorry I missed your call last night. Thank you for your media list, too. I shared that with the team in Philadelphia who is organizing next week's media invites and we'll be sure to include them on our distribution list.

I chatted with Landline and we'd all greatly appreciate a water cannon photo on Wednesday or Friday. I'll connect you with the Landline team in a separate email trail so you have everyone's contact details. If possible, we'd like to include the photo in an internal daily newsletter at American sometime the following week. If that's OK with you, just let me know how to credit the photo.

Thanks so much for your help and patience as we worked things out over the last few weeks – and thanks for helping promote our new Landline

It was great talking with you today. I had an opportunity to speak with Tim and to update him on the change in plans for June 1st. I've attached a copy of the local media list for ACY and was hoping maybe you would be able to extend an invitation to your event in PHL. Our plans here at ACY are to move forward with the June 3rd launch handing out welcome bags to the arriving passengers and taking a few photos. On Monday or Tuesday, we would issue a press release stating that the new service began and give the media a few of the photos. You mentioned you were holding the event on the ramp in PHL, has American received approval for the service to be post-security or are we still waiting on that approval?

David,

Attached is the media list that was sent to Brian Metham at American. Below is the email that transpired after I received the call that they would be handling the media event at PHL on the ramp. Attached is the media list that was shared with American, and they will be inviting to PHL on June 1st.

ACY's plans at this time is to capture a staged photo of the bus going through the water cannon on Wednesday time TBD. On Friday, June 3rd the arriving passengers at 1135 and 1600 will be greeted and given welcome bags with ACY and destination items.

Hi, Jody –

I'm sorry I missed your call last night. Thank you for your media list, too. I shared that with the team in Philadelphia who is organizing next week's media invites and we'll be sure to include them on our distribution list.

I chatted with Landline and we'd all greatly appreciate a water cannon photo on Wednesday or Friday. I'll connect you with the Landline team in a separate email trail so you have everyone's contact details. If possible, we'd like to include the photo in an internal daily newsletter at American sometime the following week. If that's OK with you, just let me know how to credit the photo.

Thanks so much for your help and patience as we worked things out over the last few weeks – and thanks for helping promote our new Landline service!

Have a good weekend,

Brian

Brian,

It was great talking with you today. I had an opportunity to speak with Tim and to update him on the change in plans for June 1st. I've attached a copy of the local media list for ACY and was hoping maybe you would be able to extend an invitation to your event in PHL. Our plans here at ACY are to move forward with the June 3rd launch handing out welcome bags to the arriving passengers and taking a few photos. On Monday or Tuesday, we would issue a press release stating that the new service began and give the media a few of the photos. You mentioned you were holding the event on the ramp in PHL, has American received approval for the service to be post-security or are we still waiting on that approval?

Promote your business at the SJTA's annual 100 Days of Summer Event
The family-centric event kicks off the summer travel season in South Jersey

Hammononton, NJ - The South Jersey Transportation Authority (SJTA) is set to host its annual 100 Days of Summer Event at the Frank S. Farley Service Plaza (milepost 21.3) on Friday, May 27 beginning at 11:00 a.m.

Businesses from across the area are invited to join the festivities – free of charge – to display and promote their products and services to thousands of potential customers. This fun-filled day has included live radio broadcasts, the showcasing of fire trucks and emergency equipment, a petting zoo, giveaways, and family-centric entertainment.

The 100 Days of Summer is highlighted by toll-free passage, eastbound only, at the Expressway's Egg Harbor toll plaza courtesy of famous Philadelphia-area sports bar and restaurant, Chickie's & Pete's. Motorists and vendors alike are invited to enjoy the afternoon at Farley Service Plaza with the option of proceeding eastbound on the Atlantic City Expressway, toll-free, from 5:00 p.m. to 6:00 p.m.

"This event marks the beginning of the summer travel season and promotes the fine businesses of South Jersey to motorists who travel the Expressway throughout the year," says Stephen F. Dougherty, SJTA Executive Director. "The Authority enjoys hosting this event and introducing visitors of Atlantic City and the entire region to another exciting summer in South Jersey."

Companies, organizations, and businesses interested in participating are asked to contact Kimberly Testa at (609) 965-6060 Ext. 257 or xxxxxx@xxxx.xxx.

About the South Jersey Transportation Authority

The [South Jersey Transportation Authority](#) was established by New Jersey Legislature to assume operational responsibilities for the Atlantic City Expressway (ACE), Atlantic City International Airport (ACY), and Transportation Services offered across the region. The Mission of the SJTA is to provide the traveling public with safe and efficient transportation through the acquisition, construction, maintenance, operation, and support of expressway, airport, transit, parking, other transportation projects and services that support the economies of Atlantic, Camden, Cape May, Cumberland, Gloucester, and Salem Counties.

Egg Harbor Township, NJ – On Saturday, May 14, the Atlantic City International Airport (ACY) will hold a full-scale emergency exercise. The purpose of the exercise is to test the response to a major incident at the airport. The Federal Aviation Administration (FAA) mandates that all airports certificated to serve scheduled passenger-carrying operations of an air carrier aircraft with nine or more seats, like ACY, must have and maintain an Airport Emergency Plan (AEP) designed to minimize the possibility and extent of personal injury and property damage on the airport in an emergency.

The exercise will run from 8 AM to approximately noon. It will serve as a drill for the emergency response agencies and hospitals that normally would be involved in a large incident at the airport.

The public might see an increase in emergency response vehicles on the morning of Saturday the 14th in and around the airport but should not be alarmed as the event is an exercise only. Additionally, ambulances will be transporting mock patients (role players) to AtlantiCare Regional Medical Center campuses as part of the drill. The exercise will not interfere with the normal operations of the airport.

SOUTH JERSEY TRANSPORTATION AUTHORITY
REOPENS LANE FOUR AT THE EGG HARBOR TOLL PLAZA

The South Jersey Transportation Authority (SJTA) has announced that Lane 4 on the east side of the Atlantic City Expressway has fully reopened.

Known by travelers as the Egg Harbor Toll Plaza, Lane 4 sustained severe damage in a single-car accident on December 26, 2021.

"It was our goal to have the lane open by the Memorial Day weekend and we met that goal," said SJTA Chief Engineer, Stephen Mazur.

For more information, contact Kim Testa at xxxxxx@xxxx.xxx or 609-965-6060.

Hi Kimberly - I'm doing a fast "where do you still have to wear masks in New jersey story" today in light of the federal decision lifting transportation mask requirements.

To double check, was Atlantic City Airport covered in the Governor's directive lifting mask wearing requirements, following Mondays federal court ruling/

Hi Kimberly,

I noticed this item on yesterday's Board of Commissioners meeting and I was wondering if you could tell me whether it relates to or is separate from the agreement with LandLine to provide bus service from ACY to PHL? Also, was the resolution approved yesterday? This is the resolution. I'd be interested in any details you could tell me about it:

RESOLUTION 2022-35 OF THE SOUTH JERSEY TRANSPORTATION AUTHORITY AUTHORIZING THE EXECUTIVE DIRECTOR TO NEGOTIATE AND ENTER INTO AN AIRLINE USE & LEASE AGREEMENT WITH AMERICAN AIRLINES GROUP INC. Spoke with Tim and this will be our response...

“Resolution 2022-35 authorized the South Jersey Transportation Authority (SJTA) to finalize and execute an agreement with American Airlines to provide one-stop connections to almost anywhere in the world via their partner, Landline. The SJTA is extremely excited for this service to begin on June 3rd so the residents of South Jersey can use their “local & more convenient airport” to reach their leisure and business destinations with less-stress and comfort. In addition, this service will provide easy access to those wishing to visit Atlantic City as well as the Jersey Coast along Atlantic, Cape May and Ocean Counties.” Tim Kroll, Atlantic City International Airport Director

Hi Kimberly,

I noticed this item on yesterday's Board of Commissioners meeting and I was wondering if you could tell me whether it relates to or is separate from the agreement with LandLine to provide bus service from ACY to PHL? Also, was the resolution approved yesterday? This is the resolution. I'd be interested in any details you could tell me about it:

RESOLUTION 2022-35 OF THE SOUTH JERSEY TRANSPORTATION AUTHORITY AUTHORIZING THE EXECUTIVE DIRECTOR TO NEGOTIATE AND ENTER INTO AN AIRLINE USE & LEASE AGREEMENT WITH AMERICAN AIRLINES GROUP INC. OF FORT WORTH, TEXAS American Airlines Group, Inc. has expressed an interest in providing airline service to and from the Atlantic City International Airport. They have further expressed a desire to lease terminal space from the Authority in order to conduct its services. The Authority desires to negotiate and enter into an Airline Use and Lease agreement with American Airlines Group, inc. for airline service to and from the Atlantic City International Airport.

“Resolution 2022-35 authorized the South Jersey Transportation Authority (SJTA) to finalize and execute an agreement with American Airlines to provide one-stop connections to almost anywhere in the world via their partner, Landline. The SJTA is extremely excited for this service to begin on June 3rd so the residents of South Jersey can use their “local & more convenient airport” to reach their leisure and business destinations with less-stress and comfort. In addition, this service will provide easy access to those wishing to visit Atlantic City as well as the Jersey Coast along Atlantic, Cape May and Ocean Counties.” Tim Kroll, Atlantic City International Airport Director

Hi David!

I just spoke to Darleen about your conversation regarding the Website RFP. If at 90 days the RFP is not awarded we will need to do extension letters to all applicable Proposers asking them to extend their Proposals. Proposals were received on Feb 8 so the cut off for letter receipt would be May 8. If no award has been made by May 1, I feel it is in our best interest to send the letters out on that day. This ensures Proposers will have enough time to sign the letters by the May 8 cut off.

Please let me know if you have any questions.

Thank you!

Good Afternoon,

I understand the Website Development and Maintenance RFP has been pushed back to April. Can you please advise when you have your shortlist so I can complete the checks for Chapter 51 and BRC?

Additionally, please remember to forward the Scoring sheets to Purchasing for our files.

Thank you,

Kim,

A customer called today, her name is Karen, she is very unhappy with the ongoing construction at Exit 9 and would like to know when it will be completed. She says she is a 17-year frequent user on the ACE, and is very unhappy

with the delayed traffic on a daily basis. She would like a return call. Her phone # is PERSONAL INFORMATION

The [South Jersey Transportation Authority](#) was established by New Jersey Legislature to assume operational responsibilities for the Atlantic City Expressway (ACE), Atlantic City International Airport (ACY), and Transportation Services offered across the region. The mission of the SJTA is to provide the traveling public with safe and efficient transportation through the acquisition, construction, maintenance, operation, and support of expressway, airport, transit, parking, other transportation projects and services that support the economies of Atlantic, Camden, Cape May, Cumberland, Gloucester, and Salem counties.

And beginning June 3, American Airlines is giving customers at ACY a new option to connect to its global network through an agreement with transportation platform Landline. With the new service, customers begin their trip at ACY, check in with American, clear security just as they would for a flight, but board a Landline luxury vehicle instead of an aircraft. Upon arrival in PHL, they'll deboard airside, enter the terminal and proceed directly to their connecting flight. When they're ready to return home, they'll board a Landline vehicle in PHL and arrive at ACY. American will seamlessly transfer customers' checked bags between Landline's vehicles and American's flight network.

So next time you fly, think of ACY – South Jersey's most convenient airport now connecting to American Airline's premier trans-Atlantic gateway in Philadelphia.

Good afternoon Kimberly – I'm writing an article about a federal lawsuit filed yesterday afternoon against the authority and International Federation of Professional and Technical Engineers Local 196 by seven shuttle bus drivers.

Good afternoon Kimberly – I’m writing an article about a federal lawsuit filed yesterday afternoon against the authority and International Federation of Professional and Technical Engineers Local 196 by seven shuttle bus drivers.

The drivers contend union dues were withheld from their pay checks despite having signed forms they wanted to opt out of union membership and dues deduction. I’m attaching a copy of the lawsuit for your reference. The drivers contend that their first amendment rights under the U.S. Supreme Court’s 2018 Janus decision were violated.

What is the authority’s response to the lawsuit and its allegations?

Thanks – I’m writing an article to be filed today.

Dear Mr. Dougherty,

The Atlantic County Economic Alliance (ACEA) is delighted to invite you to participate in a statewide Aviation Assets discussion to be held virtually in our region on Wednesday, May 11 at 11 a.m.

This 90-minute virtual session will bring stakeholders like you together to identify aviation assets and opportunities within our region and the state. It is the first stop of a planning and cataloging initiative to prompt a statewide conversation about New Jersey's aviation ecosystem. This activity is funded by a federal grant awarded through the Governor's Office and is intended to leverage New Jersey's aviation assets as an engine for economic growth.

ACEA's partners in this endeavor include the National Aerospace Research and Technology Park (NARTP); the Smart Airport and Aviation Partnership (SAAP); the National Institute of Aerospace (NIA). The FAA William J. Hughes Technical Center, supportive of many of our efforts, will be attending our discussion.

Robin Ford of our project team will contact you shortly to learn of your interest in attending and ask for your insights on special topics that should be covered regarding your region. We will also seek your input on other key players within your region who should be included in our discussion.

Don't hesitate to contact me if you have any questions or would like to learn more about the ACEA. I look forward to seeing you on the May 11!

Kind regards,

Lauren Moore

Quite a few patrons stopped yesterday, mostly later in the afternoon. Besides stopping for brochures and restroom a gentleman needed to use the Wi-Fi another to charge his phone and one with mechanical issues. The man charging his phone commented there were no chairs or tables.

Regarding restrooms Frank from crafts indicated there was no toilet paper in the men's room so he got a roll from his truck and mentioned that janitorial will need to start cleaning and bringing supplies, follow up may be necessary.

In 5/7/22 at night during the rain storm myself and others hit a pot hole on route 30 in somerdale. I know there is a form I can fill out for potential reimbursement but it does not come up for me on any computer I can use due to adobe reader and I did update it. Can someone please help me with this. It was a scary situation since it blew out two of my tires. Especially since my pregnant wife was in the car. Hope someone can get back to me.

Dear Ms. S.,

Thank you for reaching out. The work last week was not a planned or unplanned SJTA Expressway project, but rather an emergency sanitary sewer repair by the Atlantic City Sewerage Company on Christopher Columbus Blvd. The traffic pattern in place was to ensure the safety of their workers and the motoring public. The lane closures were also listed on New Jersey's 511 system. The SJTA worked closely with the AC Convention Center folks and used Expressway Message Boards to notify drivers well in advance of the closure so that drivers could use Exit 2, specifically for the wrestling tournament. We apologize for the inconvenience.

Comments: Once again sjta fails miserably in your incompetent poorly managed accevoresswdy traffic control!! Friday 3/4/22 at 4pm the 3 lanes approaching ac was jammed as u had 3 lanes jammed into one. Friday rush hour , boat show, wrestling at boardwalk hall. Do you peiple ever plan ahead? We know you never answer our comments we doubt U even read them?? Total incompetency for years!! Get someone in traffic control who isn't eating donuts and some police help. Ridiculous we were late for work but you don't care!!!

Hello,

Does the SJTA have any comment on the lawsuit filed by seven SJTA bus drivers against SJTA and the International Federation of Professional and Technical Engineers Local 196, regarding what they allege is violating their First Amendment rights by taking union dues from them without their consent? It was filed May 2 in U.S. District Court in Camden.

We are posting a story about the lawsuit this afternoon.

According to the suit, the drivers had submitted letters to SJTA last fall asking their union dues cease at the start of 2022, but SJTA said such requests had to be made in January.

Thank you.

Michelle

This form is a purchasing requirement and I was advised that PO's cannot be issued until form is completed, I have been in contact with purchasing and Doris (who sent correspondence to agencies the Authority does business with). I was told until that requirement is met all purchase requisitions will be rejected and returned to requesting department.

Good afternoon,

Mackenzie from the CCSNJ grabbed me at an event last week and flagged this for me. It's my understanding that none of the other government entities, such as South Jersey Port Corporation and DRPA, are requiring CCSNJ to fill out this form and pay the \$150 fee. Is this something we can get resolved?

Thank you,

Mike

Hi Michael,

Stef gave me your contact information because I have been in touch with Kim Testa about open invoices in your name. She pointed me to a woman named Doris, but I thought I would email you first. Kim told me that we cannot receive your payment until we complete an AA302 (https://www.state.nj.us/treasury/purchase/forms/AA_%20Supplement.pdf), which as you see is an Employee Information Report. It would also cost us \$150 to do, so we are a little confused. We had already filled out a contract that asked us to declare that we are not doing any business with Russia, so we thought maybe it was that again, but Kim said it was not and that it was definitely the form above.

Please let me know what you think!

Thank you,

Mackenzie

Hi,

Please see that each of your employees completes the required annual State of New Jersey Ethics Training. Attached is a memo with the instructions on how to go online and watch the interactive Ethics Training Video. If your staff does not have access to a computer and needs to be trained in person you can contact me at xxxxxxx@xxxx.xxx or call (609) 965-6060. Ext. 262. Ethics training needs to be completed by September 1, 2022.

Also, attached with the same due date is the New Jersey State Ethics Commission Outside Activity Questionnaire (OAQ) which is required by the State Ethics Commission to be updated every three years. Each SJTA employee needs to fill out the form, have their supervisor sign it, and forward the completed OAQ to xxxxxxx@xxxx.xxx. A PDF of the OAQ can also be accessed online at:

<https://www.nj.gov/ethics/forms/outside>

If you have any questions, please do not hesitate to contact me at xxxxxxx@xxxx.xxx or (609) 965-6060, Ext. 262.

Thank you very much,

If you have any questions, please do not hesitate to contact me at xxxxxx@xxxx.xx or (609) 965-6060, Ext. 262.

Hi Dave,

I spoke with the Joint Base and they'd be happy to offer a discount to SJTA and would greatly appreciate your support.

Are you able to do \$995 for a half page?

Dave,

Long time no see...

What's your deadline and is there any discounts available since we did not budget for this?

Hello David,

I hope you're doing well.

I wanted to reach out to you at this time regarding our Fall/Winter 2022 Military Appreciation Magazine Edition.

We would greatly appreciate your support of the military and Joint Base.

Click link here of last edition and see media kit attached: <https://www.gomdl.com/magazine/777-gomdlmag-spr22/file>

We are happy to work with you and discuss how to get you and the SJTA involved.

Thanks so much. We really appreciate it. Take care and talk soon.

All the best,

Dave Spector

Once again today the absolute worst management ever of any road service in the country we will never drive on the Atlantic City Expressway again!!

Traffic delay backed up because of your stupid three lanes into one and nobody even working on the expressway past the Hamilton Mall exit going toward Atlantic City stupidity at its best waste of taxpayers money using unnecessary gas at your expense why don't you do things in the off-peak hours and the off-peak season instead of doing it during the summertime at noon absolutely ridiculous you are the worst incompetent manage Expressway in the world

Dear Ms. S.,

Thank you for reaching out. The work last week was not a planned or unplanned SJTA Expressway project, but rather an emergency sanitary sewer repair by the Atlantic City Sewerage Company on Christopher Columbus Blvd. The traffic pattern in place was to ensure the safety of their workers and the motoring public. The lane closures were also listed on New Jersey's 511 system. The SJTA worked closely with the AC Convention Center folks and used Expressway Message Boards to notify drivers well in advance of the closure so that drivers could use Exit 2, specifically for the wrestling tournament. We apologize for the inconvenience.

Mike,

Darleen is ordering the water cooler for employee use at your new office. You will be listed as the contact for the delivery company, as they will email you and ask how many replacement bottles you need.

Kim and I discussed and feel it is best to go through you as you know your schedule and what you need and when to be delivered.

Incidentally, I already laid into the team at 8:30 this morning. They weren't supposed to have the double lane closures during the day after Memorial Day. They will be completing the rest of the work at night.

That said traffic was backed up from MP 9 to 10.5 only...

Hi Kimberly,

I'm Maddy Verdone, an intern in the Communications office. I'm emailing people today to make sure we have their correct information on file, as we have compiled a list of contacts for those who work in Communications within a New Jersey government department. I am having trouble finding the contact information for the Communications Manager for SJTA. I believe the former Communications Manager was Mark Amorosi, but I am having trouble getting in touch with him. I found your contact information on the SJTA website and was hoping you could help point me in the right direction.

Thanks and best,

David, yes the TD Bank ad is a 1/3 page. Attached are the specs. The last time Stephen was featured you ran a 1/2 Page.

Thank you,

Michael

Below is a link to show you how this looked last year.

Many organizations like to take out a congratulatory ad or traditional ad to enhance being a part of such an important list.

I wanted to know if this is something that we can discuss.

Thank you,

Dear Stephen,

Thank you for your continued support of the Southern New Jersey Development Council!

While the last two years have been among the most challenging in the history of our organization, we are pleased to report that the SNJDC was financially prepared to withstand the uncertainty. Now, we are moving through 2022 with hope and optimism that we will continue to positively impact our region's economy for years to come. Your participation is a critical ingredient in the SNJDC's success.

For many years, the SNJDC has been a good steward of your investment, holding member dues steady since 2005. However, the current financial climate now requires that we enact an increase to maintain the financial health of the organization.

Now, we are moving through 2022 with hope and optimism that we will continue to positively impact our region's economy for years to come. Your participation is a critical ingredient in the SNJDC's success.

For many years, the SNJDC has been a good steward of your investment, holding member dues steady since 2005. However, the current financial climate now requires that we enact an increase to maintain the financial health of the organization.

All members with dues below \$1,000 will be assessed a 10% increase for 2022.

All members with dues over \$1,000 will be assessed a 5% increase for 2022.

The funds generated will strengthen the SNJDC by supporting hard-earned staff salaries and benefits, and critical infrastructure investments, so our small but mighty administrative team is fully equipped to support your economic development needs now, and well into the future.

We understand that every dues increase is significant to our members, so the SNJDC is committed to maintaining your current dues structure for at least three years. The increase will be reflected in your regularly scheduled 2022 membership invoice.

Feel free to call or email with any questions you may have about your membership. We are looking forward to working with you to create a very successful 2022 for South Jersey!

Sincerely,

Hi Mark,

Thanks for reaching out to NJDOT regarding your questions about EZ Pass. NJDOT does not maintain the toll roads in New Jersey. There are three toll roads in NJ. The New Jersey Turnpike Authority operates the NJ Turnpike and Garden State Parkway, and the South Jersey Transportation Authority operates the Atlantic City Expressway. I have copied Tom Feeney from the Turnpike Authority and David Zappariello from SJTA on this email. They should be able to assist you.

Good morning.

I am the correspondent for **Inside Your World Investigates**, the national investigative unit for [Sinclair](#) television stations nationwide. Our reports focus on public safety, consumer protection, and government accountability, and are broadcast in local newscasts on approximately 100 TV news stations, as well as on our national headline news, [The National Desk](#), which is broadcast on nearly 200 television stations, and the stories are carried on our free television streaming service [S TIRR](#).

Our team is working on a story regarding the revenue lost by states due to vehicles using fraudulent temporary license plates in photo/pay-by-mail highway toll systems. We are including all 17 states that participate in the EZ-Pass system, **but we are including all tolls, not just EZ-Pass tolls.**

I would appreciate answers to the following questions for the year 2021 (or 2020, if 2021 data is not yet available).

1. Total number of fraudulent license plate violations?
2. Total amount of unpaid tolls due to fraudulent plates?

SJTA-000468

2. Total amount of unpaid tolls due to fraudulent plates?
3. Examples of egregious violators (e.g. multiple violations by a single vehicle)?
4. Anomalies (e.g. are fake plates from some states more common than other states)?
5. We would like photos of some examples of violators.
6. Is the state using any effective countermeasures to prevent this?
7. Would a representative be available for an on-camera interview (remote, in-person)?

Dear Dave,

I hope this email finds you well.

As you may know, the ***Southern New Jersey Development Council*** has hosted its annual *Department of Transportation Public Policy Breakfast*. This year's event will again feature DOT Commissioner Diane Gutierrez-Scaccetti and will be taking place on Thursday, July 28th, 2022 from 9:30 a.m. to 11:00 a.m. at the Rowan University Rohrer College of Business in Glassboro, NJ.

Prior to our promotion, we wanted to make you aware of the sponsorship opportunities that are available.

Presenting Partner - \$1,500 (includes four passes to the event)

Host Sponsor - \$750 (includes two passes to the event)

Supporting Sponsor - \$400 (includes 1 pass to the event)

The attached Sponsorship Form contains additional information regarding sponsorships.

If you wish to confirm your sponsorship, please let us know. If you have any questions or would like more information, please contact us at 856-228-7500.

Thank you for your continued support with our organization.

Mark and Kimberly:

I am contacting both of you to cover all bases for my Call4Action client Nancy Staub, EZ Pass account number [PERSONAL INFORMATION]. She feels she has been overcharged several times at the Neshaminy Interchange EZ Pass location. She said the charge is \$10 and it used to be \$6.20. She has called both NJ and PA EZ Pass offices and one of them refers her to the other and vice versa, but no fees are reduced.

Ms. Staub drives a [PERSONAL INFORMATION]. Her license plate number is [PERSONAL INFORMATION]. Her transponder number is [PERSONAL INFORMATION]. Her phone number is [PERSONAL INFORMATION]. She resides at [PERSONAL INFORMATION]. Her email is [PERSONAL INFORMATION].

I am hoping that one of you can reach out to her to clear up this issue, or that you will forward this email to someone who can do that.

Many thanks,

Dave,

Fantastic to hear - feel free to send the sponsor form over and we'll have Randi process and send back to you.

Not a problem, if you want to grab any more tickets just let me know and I'll be happy to help .

Thank you,

Reaching out to schedule a meeting/demo for you with **Replica**, a new client of the firm with a fascinating national data platform designed and built for the public sector to make informed, people-centered decisions. www.replicahq.com

NJ TRANSIT and the MTA are currently using the platform to better understand how COVID has changed trips, mobility and spend. NJ TRANSIT is having a weekly “Big Data” meeting to understand how COVID has changed travel in NJ and make service adjustments as necessary.

Replica started in 2018 as a project within Google/Alphabet’s Sidewalk Labs. Initial focus was understanding how people move within cities. Since then, Replica evolved into an independent company with a much larger mission: make it easy to understand the full, ever-changing complexity of urban ecosystems. In 2021 Replica built the first nationwide activity-based travel model so its customers in the public and private sectors can get the most detailed look yet at the complex interconnections among people, places, transportation networks, and

Replica started in 2018 as a project within Google/Alphabet's Sidewalk Labs. Initial focus was understanding how people move within cities. Since then, Replica evolved into an independent company with a much larger mission: make it easy to understand the full, ever-changing complexity of urban ecosystems. In 2021 Replica built the first nationwide activity-based travel model so its customers in the public and private sectors can get the most detailed look yet at the complex interconnections among people, places, transportation networks, and economies.

Replica's data products include high-fidelity travel demand models and near-real-time insights that cover mobility, demographics, economic activity, and land use. The platform empowers customers to make more informed decisions by exploring the relationships among these categories in detail, across space and time, delivering granular data about who's traveling where, when, why, and how.

Replica understands that better information in the form of transportation, land use, and spend data will help public agencies achieve better outcomes for the people who live in the cities, towns, and regions they work in.

The national data platform has two products:

Trends – The product NJ TRANSIT and the MTA are using now. Updated weekly, on a national level, provides data on trips, mode and spend. The Trends tool provides near-real-time data to assess how behaviors are changing week by week. Trends offers detailed insights at the census tract level. Public agencies can track spending patterns that enable forecasting for revenue streams like sales taxes, gas taxes, and road tolls, and monitor these changes week over week and year over year.

Places – Using data Places tool allows for analyzing mobility needs down to specific network links, trip purposes, and characteristics of trip-takers. Like Trends, Places is national. Unlike some transportation/forecast models that use 8-10 year old data, places uses data from September – November 2019 and is updated quarterly.

In my humble opinion the entire tri-state area needs this platform and will benefit from it greatly. Every agency/entity in region dealing with transportation, infrastructure, land use and economic development should have access to this database.

Attached is some background material for your review. Would love the opportunity to demo the product and get your feedback

That's great news!

While we don't have a conference call scheduled, per se... we are happy to get on a call with Stephen and the team to answer any questions.

As this is our Annual Statewide conference, the focus will be on capital plans, federal transportation funding, and building back from Covid.

We have invited the US Secretary of Transportation, and we are waiting on a confirmation there... we will update ASAP.

Each speaker will be standalone... there will most likely be a separate panel discussion right after.
