

BRICK POLICE DEPARTMENT SPECIAL ORDER		
SUBJECT: Body Worn Camera's	NUMBER: SO 2018-17	
EFFECTIVE DATE: March 7, 2018	DISTRIBUTION TO: All Police Officers	ISSUED BY: Lieutenant Keith Reinhard
CANCELLATION DATE:		APPROVED BY: Chief James Riccio

Any officer who is currently assigned a BWC you are to stop utilizing the camera effective immediately. As you know we have been slowly rolling out the BWC program and now that we have approximately 30 cameras being deployed, we are finding some inconsistencies, mostly due to the policy.

After evaluating the use of the cameras and reviewing our BWC policy we feel it is necessary to take a step back and make some necessary changes to the policy and to the actual training of officers prior to using the BWC's. After speaking with the Chief we want to make sure we get things right at the beginning so in the future the BWC program runs effectively and efficiently as possible.

The plan going forward as stated above is to adjust and simplify the policy as needed while keeping it in compliance with the AG Directive/Guidelines. Once that is complete we will re-train a small amount of officers at a time and start to redeploy the BWC's. We anticipate this time period to be only a couple of weeks.

Thank you for your anticipated cooperation.
