Fire alarm system in trouble condition due to fault on second floor zone. Technician found damaged wire and 2 damaged heat detectors in the 2nd floor old wing bathroom. Replaced broken wire and heat detectors. Heat detectors left hanging due to ceiling being unfinished because of renovation work being performed. Customer must call us back to reinstall heat detectors onto ceiling when complete. System restored to normal condition upon technician leaving.

Date of Service 9/10/2024: Customer requested service for the fire alarm system. Customer stated system was in "trouble." Technician found system "normal" upon arrival, but found construction active in the main office where a fire horn / strobe was hanging.

Technician disconnected and "jumped out" the fire horn / strobe from the circuit, so as to prevent damage to the circuit(s) and the device.

This fire horn / strobe must be reinstalled when construction is completed. Leonia Board of Education personnel must notify BPS when construction is completed, so that BPS can return to reinstall the fire horn / strobe.
