Dear Tony Michael,

I am in receipt of your Open Public Records Act (OPRA) requests received on May 25, 2026.

Due to the scope of records requested, the need to conduct a search or records in storage, additional time is required to fulfill your request.

Accordingly, pursuant to N.J.S.A. 47:1A-5(i), the District is invoking an extension of time to respond. The District anticipates providing a response on or before **June 1, 2026**.

If responsive records are available sooner, they will be provided on a rolling basis where practicable. Additionally, if you wish to narrow the scope of time of your request, it may assist in expediting the response.

Thank you for your understanding.

Respectfully

Lesa J Robbins
