**Re: OPRA Request No. 062926-1**

Dear Tony Michael:

Stockton University's Open Public Records Act (OPRA) Custodian received your records request on June 29, 2026. Except as otherwise stated, OPRA provides that records are to be made accessible within seven (7) business days unless records are in storage, archived, or otherwise unavailable.

Your records request sought access to the following under OPRA and common law:

*Copies of ALL invoices for all fire extinguisher, kitchen fire suppression and fire alarm services from 2020 to present*

N.J.S.A. 47:1A-5(i)(1) permits extensions of the response time when circumstances otherwise necessitate additional time, provided that the extension is reasonable. Because the requested records include documents dating back to 2020 and the University is currently engaged in fiscal year-end processing that impacts the Procurement Department, the University requires an additional five business days beyond the applicable seven-business-day response period to complete its response. Please also note that the University will be closed on July 3, 2026, in observance of the holiday.

Accordingly, the University will provide its response to your request on or before July 17, 2026, taking into account the University's closure on July 3, 2026.

The University expects to respond by the required date. If the University cannot respond by the above-stated date, you will be advised in writing of the reason for any further extension.

Sincerely,

A handwritten signature in cursive script that reads "Ellen Bailey".

Ellen Bailey
