USE OF VEHICLES POLICY

City owned vehicles shall be used only on official business and all passengers must be on City business. (An employee who is also employed by another governmental entity may use a City vehicle for that employment only if the employment is pursuant to an inter-local agreement between the City and the other jurisdiction.)

Vehicles may be taken home only with the advance approval of the Department Head, except Supervisors may also grant temporary approval to facilitate responses to after-hours emergency calls. When an employee takes home a City vehicle, it is to be used only for official City business; any other use is not permitted. Any violation of this policy constitutes cause for disciplinary action.

Employees authorized to use City owned vehicles to commute to/from work will have the value of the usage added to their gross annual income as a fringe benefit and will be reported on their W-2.
