A TASC meeting was held on February 23<sup>rd</sup> 2021 via zoom. The following personnel were present:

**Administration:**

Greg Vacca, Matt Bushta, Dan Guido

**Committee Members:**

MaryAnn Kopp, Edith LaChac, Samantha Janiszak, Melissa VanKampen, Shannon Luke, Michelle Patrickio

**Old Business:**

1.The faculty parking lot pot holes are getting worse

*The plan is to fix the parking lot in the spring once the weather gets warmer. Jeff is aware that it is getting worse, but the weather is disrupting the patching process.*

**New Business:**

1. Regarding I&RS

Is there a way to add a submit button on the end of the I&RS referral form on frontline so you know you sent it to the committee?

Is it possible to include the referring teacher in the initial meeting to answer any questions that may need to be answered based on the referral?

*See Matt Bushta's email sent out on Tuesday, February 23<sup>rd</sup> at 8:39 am  
For those wondering about the submit button...see #2 in the attachment*

2. The sensor-operated sink in the faculty cafeteria men's bathroom never, ever works.

*Sink was fixed on Thursday, February 11th*

3. Can we add an additional comment to the interim/marking period comments that say something about missing classwork assignment – the comment would need to address the work done in class not at home

*I will be speaking more with Dan Sutherland on this. There is a process and I need to look more into it.*

4. Can we have an update regarding using the Venmo account for school sports/activities. Many are stalled out waiting for a response and fundraising is very difficult this year.

*Greg mentioned that he spoke to the new BA, Mr. Lambe, regarding this. We are awaiting clarification on this, but it might be possible to accept money through Venmo, but not make payments. Stay tuned.*

5. Is there a way to not put the gates down by the front office and 400-wing until all personnel have left for the day?

*This is a new practice that came about because of COVID. Since bathrooms and locker rooms are off limits the gates are going down once practices are scheduled to start which is why they have been lowered earlier. Greg mentioned he would look into adjusting the time they lower.*
