For your new ambulances, do u
have the pink copy of the P.O. I
need it signed and returned

R

I think so? I will check my file
cabinet when I get home later
this afternoon. Whatever I was
ever given I definitely will have.

1:08 PM

1:15 PM

Ok. Thanks. In order for me to
pay, I need the pink back which
basically states I accept the
product.

R

Got it.. I'll check as soon as I get
home. If it's there, I'll sign and put
in envelope and in town mailbox.

Today is one of those days no one could handle. Amazing 12 calls in 5 hours for Lacey alone not sure how many Lanoka did.

4:53 PM

R

Make they 13 with 3 calls within the last 60 mins.

4:58 PM

Oh

4:59 PM

Rough day

R

It's amazing. Goes right back to my plan. I'd have two rigs on during peak times and we'd handle most of these calls. Now we have Bayville, Waretown etc having to come in.

NJ DOH inspectors coming to
license us. 1. So you can see
and meet them and ask any
questions you may have. 2. So
they can ask you any questions
about your approval and sup-
port. 3. Because it's a big day
and I'd love your company.

If it is a squad member during
duty on a call and it is not life
threatening, first line of defense is
urgent care. However, on Monday
this all needs to be reported to
Karen so she can call it in
