Calling swat now. We got
commitment signed

He's also threatening self
defense if we break the
threshold

Okay. Let swat handle unless
your hand gets forced. Did bill
make any headway with any
rapport?

Nope. I talked to him on the
phone. Went no where

Ok. Swat will try to negotiate
him out and if that fails,
probably gas

Yup. I've been coordinating
everything with Brad.

Okay. Are you communicating
to him through the door or on
phone?

+ Yes

Both

Ok. I would just try to stay in contact in case he did take the pills and starts to OD

It's not easy. His girlfriend is maintaining contact for me. He just turns his music up and is making threats to harm us

I have my guys away from the windows and doors

Ok good. I know you guys are being smart about it. I won't distract you any more.

If you need/want me to come in I can. I am confident you have it under control but just offering

Sorry didn't mean to come across that way lol

Hey. I just had a conversation with him today about a complaint. Are you speaking with him? Do you think it would help if I tried calling him.?

I'm going to send him an email and see if he wants me to call him.

Ok thanks

Just sent email. We'll see if he responds

Thanks. He just called me.

Yelling and calling me names. Telling me he won't come out with out a warrant

You think he called you because of email because no response

Bill

Nope. His girlfriend convinced him

Ok. I'll give it a few and try another email then. I'm guessing he gets all communications through phone.

Maybe

Let me check you tube to see if he is live streaming. He goes by NJ Watchman

He's also threatening self defense if we break the threshold

Ok. If he responds to email I'll try calling. Otherwise If they responding I won't step on their toes and let their negotiators do their thing.
