Good afternoon Meghan,

I am very surprised by the letter from your attorney and shocked as there has been no additional communication or correspondence since our last face-to-face meeting. I would like to schedule a meeting to discuss the activities that resulted in this decision. Even more just to have a better understanding of why.

Can you please give me a call or respond and let me know when you and other representatives would be available to discuss this matter.

I look forward to hearing from you.

Chuck

Dear Township Managers,

This coming Saturday, the 21st of September, Delran Emergency Squad will be hosting an open house at 900 S. Chester Avenue from 11am to 3pm. Our focus is demonstrating our commitment to the community as we rebuild our organization. The event will focus on meeting our residents and giving them the opportunity to come and see our organization and ask questions. Our career and volunteer members will be on hand to perform CPR demonstration and skill challenges, answer questions about our equipment and show them our offices.

As a leader who shares our love for the townships we serve, I would like to invite you to join us for our event this Saturday. We also hope that you will bring your family and friends to our event as we will have refreshments and activities for you all to enjoy. I would ask that you please share this with the elected officials and various department heads of the townships.

We hope that you will join us and thank you for your continued support of the Delran Emergency Squad.

Thank you Meghan, I would like the opportunity to come in and discuss this issue with you. I also understand that you are not the decision maker of this decision, but would like to have an understanding of where Riverside believes Delran Emergency lacks in the delivery of emergency medical services. This is a critical element of any municipality and I want to make sure our membership understands this decision. This is a long time relationship and we want to make sure we have done everything possible and also how to improve. I am pretty much flexible next week but would also like to include Josephine Hubbs if possible.

I look forward to hearing from you. I thank you for the opportunity to speak with you.

Good Morning Chuck,
The Township Committee discussed your request at their meeting last night, as the Mayor had deferred to the majority. The members have

advised that they are not interested in meeting at this time. I, however, am available to speak or meet at your convenience. Let me know.

Thank you.

Good afternoon,

I would like to present a few reports to both township representatives on behalf of the emergency squad so we are all comparing the same information. Due to the recent announcement of Riverside switching EMS services, there have been a number of conversations and request for information from EMS. Anyone from outside the townships and our organization that request information regarding our response times are referred to the county for an OPRA request as we will not release this information. However, it is important for you to have it.

I am attaching four reports for your review. I think they are self explanatory but I would be willing to further explain if anyone has any questions.

The chute time report shows that we are the same getting out the door for Riverside as we are with Delran. Where as our response time to Riverside is 5.03 vs the time of 6.32 for Delran. In addition, our scene time in Riverside is 12.96 average and 13.34 in Delran. Our average times for year to date show better to Riverside.

The three reports are for calls that we responded to and answered them, not the ones we missed. I have included a report for scratched calls for year to date. This displays the number of calls that were handled by mutual aid, where the concern for longer than normal wait times for the ambulance may exists. You can see we have addressed the need by adding a second ambulance in the spring and the majority of calls that we relay on mutual aid are due to us being on another call within the townships.

Please take a look and let me know if you have any questions. I have been told that the report from the BCT is looking for these times, although they have not been asked of me. If a request was made, it would be referred to the county.

I also understand that you are not the decision maker of this decision, but would like to have an understanding of where Riverside believes Delran Emergency lacks in the delivery of emergency medical services. This is a critical element of any municipality and I want to make sure our membership understands this decision. This is a long time relationship and we want to make sure we have done everything possible and also how to improve. I am pretty much flexible next week but would also like to include Josephine Hubbs if possible.
