Mayor Dunleavy,

The Zooms for this event are webinars (the audience cannot tell who attended).

I highly recommend that council members be added as presenters to the Zoom webinar to say a few words and demonstrate the Council's full commitment to this program.

Or at the very least, the members of Council in gallery ought to be recognized more than once.

Thank you for your consideration.

Dear Members of Council,

I was pleased to attend the Walk the Talk session last week.

This is an opportunity that has presented itself to Teaneck to ignite a new era in our community. Teaneck is victorious for having these sessions, and Teaneck can win big when more (all?) members of Council attend the next session on March 24th.

Dear members of council,

While I respect the Council's openness to allowing communities to celebrate themselves through flag raising (I will be making requests for flag raising as well just like I do in jersey city),

while I understand that -given the composition of this council- the star of David flag is normally among the first community symbols that ought to be risen,

and while i understand that the approval of the flag raising happened before the latest developments in the Middle East,

please allow me to advise you that the flyer that the Township made to announce the event implies that the township government is taking a political position on a contentious international issue that can do nothing but divide. If you add the timing to it, the flyer may be understood to imply support to one side in an armed conflict.

The flyer has the Israeli flag on it and the caption is clearly supporting the citizens of israel.

Unless the Council is clearly expressing a view on the Israeli-Palestinian conflict, I highly recommend -at the very least- that you replace the bottom caption of the flyer with something that reads:

As we continue to celebrate our diversity, please join us, along with our local, state, and federal elected officials and other dignitaries as Teaneck comes together to commemorate with our Israeli-American (or jewish) residents of the township.

Prudence is highly needed at this time.

With utmost wisdom,

I've been trying to get this done for the last few months. If this does not happen this month, I'll have to tell the awardees that Township manager and Council are making an effort to crop the strawberries and cut the honeydew themselves instead of getting stuff from Edible Arrangements.

Doug,

As you will be sending the ordinance to the residents on the portion of Elm affected by the ordinance, please be mindful that there are 30 apartments on 735 Elm.

You can just send me a digital copy of whatever will be mailed and I will have someone deliver it to every apartment; the brown suit is not for mailing 33 letters.

Thanks.

Subject: [Forwarded from DataCove] [Wed Oct 13 14:03:33 2021] Moroccan Flag Raising

Dear members of the Teaneck council,

On December 20th 1777, the Kingdom of Morocco was the first country to recognize the independence of the United States of America.

On behalf of the Moroccan American Recreational and Organizational Council (MAROC), New Jersey's largest Moroccan NGO, I am cordially requesting to fly the Moroccan flag at the Teaneck Sportsplex on December 20th to commemorate Morocco's recognition of the USA.

The event will include participation from different elected officials, diplomats, clergy, leaders of the Moroccan community in the North East, in addition to every community member wishing to celebrate friendship.

Please let me know if there are any forms you would like me to fill out.

Amicably,

Yassine Elkaryani

Good morning,

I understand. I had communicated this to the mayor and our liaison.

I just wanted to make sure everyone else is aware as time is of the essence.

Thank you

Thank you for the information Chair Elkaryani.

I certainly support such a meeting. Please note that:

- 1) We cannot reply all due to issues of the OPMA
- 2) It would be appropriate to bring this request to council through the liaison to the ABCR

That said, I certainly do appreciate the intent and hope to support it moving forward.

To be clear, I understand that the reports are publicly available.

However, such reports often get misinterpreted, as it happened in December of 2018. It is our duty as an advisory board to ask questions and listen to the interpretation from the horse's mouth instead of waiting for the press or unqualified social media commentators. Nature abhors a vacuum.

For reference, this is my letter to the editor of Patch in December 2018

Doug,

As you will be sending the ordinance to the residents on the portion of Elm affected by the ordinance, please be mindful that there are 30 apartments on 735 Elm.

You can just send me a digital copy of whatever will be mailed and I will have someone deliver it to every apartment; the brown suit is not for mailing 33 letters.

Thanks.

-I still have the clocks
-We will need to print the legislature resolutions (I'll find and send them your way).

There are two ways to do this:

1. It would be great if Dean, Mayor Dunleavy and/or any of the Deputy Mayors can deliver the goods outside the awardees' homes and take pictures.
2. Dean and one of the Council leaders meet the awardees at the municipal chambers...

Mayor Dunleavy,

The Zooms for this event are webinars (the audience cannot tell who attended).

I highly recommend that council members be added as presenters to the Zoom webinar to say a few words and demonstrate the Council's full commitment to this program.

Or at the very least, the members of Council in gallery ought to be recognized more than once.

Thank you for your consideration.
