The Township of Rochelle Park has a long and rich history of shade trees throughout our community, and we have always strived to maintain healthy trees on public property. Unfortunately, in certain locations, longevity and disease has taken a toll and individual trees have become dangerous and have been identified by the Department of Public Works for removal.

One such location is a tree located in the Township Right-of-Way in front of your property.

The Township has contracted with Nature Tree Service, a New Jersey State Licensed Arborist, to remove the tree. Thereafter, Reggio Construction, also under contract with the Township, will repair or replace any sections of sidewalk or curbing that may have been damaged from the tree growth or removal.

The tree work has tentatively been scheduled for July 7, 8, & 9, 2022; this may change due to weather conditions. Once the tree work has been completed, the repairs will follow. We request your patience as the concrete contractor is working at a number of locations in the Township and to share a specific date for your property is not possible at this time.

Should you have any questions or concerns, please do not hesitate to contact this office. Thank you.

Very truly yours;

Jack Terhune

Township Administrator
