IF YOU SUSPECT A NATURAL GAS LEAK, SMELL GAS OR HAVE ANY OTHER GAS RELATED EMERGENCIES, PLEASE DIAL 911 OR CONTACT YOUR LOCAL DISTRIBUTION UTILITY COMPANY.

GENERAL INFORMATION

If you end your service with NRG prior to the end of your agreement term, you may be charged an early termination fee. Please refer to your agreement for additional information.

In the event that the Term of your Agreement has expired, your account will be invoiced at a Market Based Rate or dropped.

DEFINITIONS

Board of Public Utilities – State agency responsible for regulating local utility companies. (May also be called Public Service Commission).

Burner Tip – Point where natural gas is ultimately used by the customer (the meter).

CCF – 100 cubic feet. This is a measure of gas usage.

City Gate – Physical connection of an interstate pipeline and the pipeline of the local natural gas utility.

Commodity Charge – The cost of natural gas provided to you during the billing period.

GSA (Gas Settlement Adjustment) – charge or credit for the value of natural gas usage that differs from contracted volume.

Late Payment Charges – Charges for payment of a billed amount after the due date specified on the customer's invoice. Late payment charges may apply as specified in your contract with NRG.

DEFINITIONS CONTINUED

Line Loss – The difference between the amount of natural gas brought to the city gate, versus the amount of natural gas usage report at the meter (burner tip). Line loss was previously included in your local pricing. Line loss is a regulated charge based on percentages determined by each utility to compensate for the utility's pipeline system loss.

Local Distribution Company (LDC) Charges – The fee assessed by the local utility for delivery of natural gas to the customer's home or business through the utility's distribution lines. In most cases this charge is billed separately by the utility.

MCF – 1,000 cubic feet or 10 CCFs. This is a measure of gas usage.

Meter – A device for measuring levels and volumes of a customer's natural gas usage. The local utility retains responsibility for reading and maintaining these meters.

MMBTU – Million British thermal units, which is a heating equivalent measure for natural gas and is an alternative measure of natural gas reserves.

Service Period – The time period associated with when the Utility reads or estimates the customer's natural gas usage for billing purposes. The customer's service period is established by the Utility.

Therm – One hundred thousand (100,000 British thermal units (1 Therm=100,000 BTU)).

Your energy bill

Message Center

At PSEG, we are committed to supporting your business needs.

That's why we have a dedicated, toll-free phone number to address your energy questions and concerns. PSEG's Business Solutions Center is available Monday-Friday, 8:00 a.m. - 5:30 p.m. at 1-855-249-7734 (1-855-BIZ-PSEG).

Know what to do if you smell gas. Natural gas has a distinctive odor that smells like rotten eggs. If you smell gas, leave the area immediately. Call 911 or PSEG at 1-800-880-PSEG. Do not assume somebody else has already called. For more information, visit pseg.com/SmellGas.

Stay connected during hurricane season! Sign up for *MyAlerts* to report power outages via text message, as well as receive outage updates by text, email or phone call. For more information, visit pseg.com/MyAlerts.

STATEMENT OF CUSTOMER'S RIGHTS

If you have any billing or service questions, you should first call PSE&G at **1-800-436-7734** between 7am and 8pm, Monday through Friday, or between 7am and 5pm on Saturdays or visit one of our customer service centers. You may have counsel or third party representation when appearing before PSE&G to contest a bona fide disputed charge.

If you are not able to make a payment, we may be able to help you by setting up a reasonable payment arrangement. You can discuss your options by visiting one of our customer service centers, or by calling our credit and collection center at **1-800-357-2262** between 7:30am and 8pm, Monday through Friday.

If you are not able to resolve a dispute with us, you may contact the New Jersey Board of Public Utilities to ask them to help you resolve it. PSE&G operates under the authority of the Board.

The Board's address is:

44 South Clinton Avenue,
Trenton, NJ 08625
Phone: 1 609 341-9188,
Toll free 1 800 624-0241.

You may also ask for a formal hearing with the Board to discuss your dispute.

If you contact the Board within five days of trying to resolve your dispute with us, we will not shut off service to you because you haven't paid your bill. However, you must pay all other charges that you're not disputing.

If your service is shut off

If we shut off your service because you fail to pay outstanding charges, we will charge a reconnection fee of \$45.00 for each service when you do pay the amount you owe. We may not be able to restore your service on the date you make your payment. We may also require you to pay a security deposit.

You can avoid paying a security deposit and earning a poor credit rating with PSE&G by paying your bills by their due date. A fee of \$30.00 will be charged if a visit is made to collect past due bills. A late payment fee may be charged for past due bills.

MEASURED DEMAND

On-Peak kW	392.90
Off-Peak1 kW	0.00
Off-Peak2 kW	259.60

Measured Demand is the maximum use of electricity at any time during a monthly time period, as measured by your meter.

BILLED DEMAND

Annual Demand kW	392.90
Summer Demand kW	392.90

SUPPLY CAPACITY

Generation kW	260.295
Transmission kW	266.717

Supply capacity is required to serve the system's annual peak usage. The above supply capacity represents your share of these facilities, in kilowatts (kW). It is calculated based on your peak usage from the previous summer. Supply capacity values are updated periodically throughout the year and are prorated based on your service period.

Price to compare

You are currently buying your electricity from another supplier. If you had been purchasing your electric supply from PSE&G, your cost would be \$15,228.99. This is your *price to compare*. It varies from month to month depending on your usage.

Your net metering

As a net metering customer, you'll receive a bill every month based on your "net consumption" of electricity by time period (on/off-peak), measured in kilowatt-hours (kWh). The net consumption is the difference between the amount of electricity drawn from PSE&G when your generating system is not meeting your energy needs and the amount you delivered when you were producing in excess to your energy needs.
