144. Crash Diagram

145. Crash Description/Narrative

V1 was traveling on Route 27.

V2 was also traveling on Route 27.

D1 stated that while driving straight D2 changed into his lane causing him to slow down. D1 then stated that after the lane change D2 came to an abrupt stop causing D1 to hit the back of D2.

D2 stated that he changed lanes into the right lane and after doing so he noticed a car slightly in both lanes stopped at the traffic light . D2 then stated that because the car was slightly in his lane he came to a stop resulting in the crash.

The on-scene crash investigation resulted in D1 being responsible for the incident due to following to closely.

Let it be noted that V1's registration was expired, however when I arrived on scene the vehicle was parked in a private parking lot. D1 was advised of the violation and he stated that, if okay with the business, he would leave the car there over night so that he could re-register the vehicle from home and return to pick up the vehicle.

Central Communications was advised and a PIN number was generated and given (#573842978) to D1 so that he could renew the registration online.
