Good Morning,

I attached a copy of what the Business Registration certificate looks like. Here is the number to register for the BRC 609-292-9292, and as in my first email I sent to you regarding, you can go on to the state page - revenue section and also apply that way as well.

Thank you

Terrance, hi Absolutely. We'll do a reminder a week before each (Today) and the day prior if that is ok.

Also, when I was doing the flyers in Toms River, here's a great site that REALLY helped. And the BA I believe is still using the app today.

<https://www.canva.com/>

If you ever want the flyers converted for a better look, let me know. I have a license here that I use for some of our clients and our own internal marketing.

Canva allows you to easily create professional looking flyers and if they can do it in word/publisher, like the town flyers, it can save time and give a better impact.

Good afternoon Council President-

Administration makes a recommendation for the professionals, but Council actually approves them via resolution. Last year the appointment was done through Council resolution without a recommendation coming from Administration so I wasn't sure how it was being handled this year. Administration has no objection to this appointment.

Respectfully,

Samantha Novak

CAUTION: This message has originated from an External Source. Please use proper judgment and caution when opening attachments, clicking links, or responding to this email.

Council President Kuhn,

I am not sure if you are aware that in 2025, a bill could be signed by the governor to allow the township to publish public notices in digital/online newspapers. It was unanimously approved in the NJ senate and is two fold. 1. The major print media paper in New Jersey is ceasing operations next month and 2. The state legislators finally realized the towns are spending a lot of money on print notices and advertising, facing an extreme dwindling circulation.

I just want to let you know, Shore News Network can also publish town notices / community event advertisements and we have a Facebook group with 14,000 followers (greater than the print circulation of all PRINT newspapers covering Jackson).

It's a great way to get the word out. When declaring official advertisement/notifications, please know that we would be happy to accommodate things like public meeting notices under our proposed 2025 RFP with the township (free of charge). (this does not include public notices issued by private builders/developers/etc), Just municipal notices.

We would probably need to be added to the township's list of news/outlets declared at each year's re-org.

Terrance,

Hi, the next step in the evolution of publicizing jacksontwpnj.news would be to activate an rss feed (if possible) once this feed is active (preferably just local news), we can then submit the feed to the news aggregators, newsbreak, google news, bing news, etc. I checked and could not find an rss news feed. If this is something you want to pursue, let me know and I will walk you (or whoever) through the process of applying for inclusion in the news apps. It will immensely increase your reach if they accept the site for inclusion.

CAUTION:This message has originated from an External Source. Please use proper judgment and caution when opening attachments, clicking links, or responding to this email.

Council President Kuhn,

I am not sure if you are aware that in 2025, a bill could be signed by the governor to allow the township to publish public notices in digital/online newspapers. It was unanimously approved in the NJ senate and is two fold. 1. The major print media paper in New Jersey is ceasing operations next month and 2. The state legislators finally realized the towns are

spending a lot of money on print notices and advertising, facing an extreme dwindling circulation.

I just want to let you know, Shore News Network can also publish town notices / community event advertisements and we have a Facebook group with 14,000 followers (greater than the print circulation of all PRINT newspapers covering Jackson).

It's a great way to get the word out. When declaring official advertisement/notifications, please know that we would be happy to accommodate things like public meeting notices under our proposed 2025 RFP with the township (free of charge). (this does not include public notices issued by private builders/developers/etc), Just municipal notices.

We would probably need to be added to the township's list of news/outlets declared at each year's re-org.

Good morning Council President-

I tried calling you yesterday afternoon to discuss this with you-

Peter Maher shared yesterday that a street will soon be named in honor of Gloria Yanis, who has dedicated over 44 years to the Township serving in the Tax Assessor's Office. "Gloria Lane" will be located in a new development, and it sounds like the street sign will be installed soon. Peter asked whether Shore News Network could be involved in covering this.

Would you prefer to reach out to Phil and have him contact Peter directly, or should I go ahead and provide Peter with Phil's contact information?

P.S.- SHHH, Gloria is not actually aware of this yet!

Good Morning,

One of our requirements was 10 years of water and wastewater experience as I would have serious reservations about someone new to this industry being in charge of this critical infrastructure. My replacement will be partly responsible for determining the future of the potable water system in Jackson and I don't think this important function can be left to a novice. The MUA interviewed all the candidates that met this experience requirement.

Respectfully,
David Harpell

Good afternoon Council President-

Administration makes a recommendation for the professionals, but Council actually approves them via resolution. Last year the appointment was done through Council resolution without a recommendation coming from Administration so I wasn't sure how it was being handled this year. Administration has no objection to this appointment.

Council,

This is troubling. For a position of this magnitude to only be advertised from around November!? Someone didn't want this position to be well known!!! The Town Council needs to act now!

----- Forwarded message -----

Mr Wall

Just following up if Shore News was reappointed. I don't recall seeing it on the agenda. Not sure if it was missed. Thank you

Respectfully,
Jennifer L. Kuhn

Council President- Shore New resubmitted their public relation RFP today. I don't have the authority to open their proposal and appoint. Professionals are appointed by the Administration. You need me to send this to Administration and Purchasing? Thank you,
Mary

Council President Kuhn,

I am not sure if you are aware that in 2025, a bill could be signed by the governor to allow the township to publish public notices in digital/online newspapers. It was unanimously approved in the NJ senate and is two fold. 1. The major print media paper in New Jersey is ceasing operations next month and 2. The state legislators finally realized the towns are

spending a lot of money on print notices and advertising, facing an extreme dwindling circulation.

I just want to let you know, Shore News Network can also publish town notices / community event advertisements and we have a Facebook group with 14,000 followers (greater than the print circulation of all PRINT newspapers covering Jackson).

It's a great way to get the word out. When declaring official advertisement/notifications, please know that we would be happy to accommodate things like public meeting notices under our proposed 2025 RFP with the township (free of charge). (this does not include public notices issued by private builders/developers/etc), Just municipal notices.

We would probably need to be added to the township's list of news/outlets declared at each year's re-org.
