

Below is another request from Edythe Salade. Here she seeks "... records which confirm receipt [sp] of my analysis and any records showing that EDA verified my analysis and made corrections to the impacted applications."

CAUTION: This email originated from outside the NJEDA. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I reviewed the EDA data for the SBIG. I then placed the EDA on notice of errors with approximately 60% of applications inappropriately applying for grant funds reserved for opportunity zones. I provided the EDA with my analysis

Very truly yours

Edythe Salade
