June 25, 2020 OPRA Request and under the Common Law from ASK NJ Media Co.
for Weekly Felony Complaints from 1/17/2020 to 1/23/2020

Dear Sir/Madam:

The Hudson County Prosecutor's Office (HCPO) is in receipt of your requests under the New Jersey Open Public Records Act, **N.J.S.A. 47: 1A-1, et. seq.** (Copies are attached for your easy reference.)

As you may be aware, **N.J.S.A. 47:1A-5(i)** has been amended to reflect, during the COVID-19 emergency, that the seven (7) day deadline within which to respond to OPRA requests no longer applies. The government entity is only required to make a "reasonable effort, as the circumstances permit" to respond within seven (7) days or as soon as possible thereafter.

In response to your requests attached hereto please find the list of felony complaints filed by the Hudson County Prosecutor's Office for the period from January 10, 2020 to January 23, 2020, for a total of 124 pages.

If you seek copies of the actual complaints themselves for the weeks in question, the HCPO will assess a special service charge for the production of these records pursuant to **N.J.S.A. 47:1A-5.c.** This statute provides that the public agency may charge, in addition to the actual cost of duplicating the records, a special service charge based upon the direct cost of providing the records requested. This special service charge is based upon the nature, manner of collection and the volume of the government records to be provided such that the records cannot be reproduced by ordinary document copying.

In this case, fulfilling such an inquiry would entail time-consuming tasks. Each complaint would have to be located, collected and carefully read and reviewed for redactions. There are in excess of 150 complaints, some of which contain several pages. The complex task of reviewing and redacting each complaint will consume approximately ten (10) hours. This work will be performed by the lowest paid Assistant Prosecutor who is experienced with OPRA. That employee is paid \$96.00 per hour. The total estimate of the special service charge is \$960.00, not including the standard OPRA copying costs. Of course, as this is simply an approximation of the cost, the final fee may be somewhat higher or lower. If it is higher we will assess the additional charge to you, and if we are able to complete the project more quickly, we will reduce the special service charge accordingly.

The Hudson County Prosecutor's Office will require a deposit to cover the cost of retrieving the complaints and the reviewing, redacting and copying of same. Please advise whether these costs are acceptable to you. If so, upon the HCPO's receipt of an agreed-upon deposit, it shall begin this project as quickly as possible thereafter.

Finally, you requested the same records under the common law. Unlike with OPRA, the burden to show that access to public records should be permitted lies with the requestor. "The common-law right to access public records depends on three requirements: (1) the records must be common-law public documents; (2) the person seeking access must 'establish an interest in the subject matter of the material'; and (3) the citizen's right to access 'must be balanced against the State's interest in preventing disclosure'." Keddie v. Rutgers, 148 N.J.36, 50 (1997) (internal citations omitted).

Once you provide the basis for your assertion that the documents you seek are common-law public documents and your interest in the subject matter of such records, the HCPO will analyze your request under the common law.

The HCPO reserves the right to raise any other ground for denial not raised in this reply. The failure of this Office to assert an exception, exemption or privilege does not act as a waiver of any ground for denial.

As with any OPRA request, you have a right to challenge the HCPO's determination. At your option you may either file a complaint in writing with the Government Records Council (GRC),
